REPORT OF PUBLIC HEALTH NURSE

FEBRUARY 1, 1933 to FEBRUARY 1, 1934

To The Selectmen and Citizens of the Town of
Dover-Foxcroft, Maine

I hereby submit a report of public health nursing given to your town for the period February 1, 1933 to February 1, 1934:

May I state in the beginning that had it not been for the loyal support and encouragement of everyone, I should not have been able to accomplish the large amount of work that has been done during the past year? I wish to extend my thanks to all who have helped in this important program.

Again as last year, it was impossible to keep the work down so that it might be covered by the amount of money raised. This has been the most unusual year in the history of the nursing service, the demands for service have been greater and are steadily increasing. Many extra hours service have been given to the town this year.

At the end of the school year June 1933, all the pupils of the grades and rural schools had received the regular physical examination of heart, lungs, teeth and throat which is done by the school physician; notices were sent to parents of those defects. Supplementary examination of vision, hearing, weight, etc. was done by the nurse.

At the beginning of the school year 1933-34 it seemed the wise procedure to visit all the schools and check up each and every child for evidences of infectious skin disease. This was done and very many cases of impetigo and a few of scabies were cleared up immediately. A few cases have cropped up from time to time but have been taken care of so that now our schools are practically free from infectious skin diseases in epidemic form.

Later in the fall a request came from State officials, requesting a check-up of all children who showed signs of under or mal-nutrition. This does not sound like much of a task, but it meant weighing and measuring

all the children, comparing weights and gains with last year and the year before, checking of home situations and recommendations for milk in the schools. The result of this check-up which took several days is as follows:

Pupils weighed, measured and checked,	555
Pupils 10% or more underweight,	77
Pupils losing weight,	5
Pupils remaining stationary or not gaining enough,	35
Pupils 10% underweight but gaining sufficiently,	59
Pupils 20% or more over weight,	26
Pupils recommended for milk,	137

Shortly after this task was completed came a request that we co-operate with the U. S. Government in determining the nutrition of all children including infants, preschools and school children. With this request came one that all children who were in the least suspected of being undernourished be examined in clinics to be organized by a member of the State Medical Society and appointed by the State.

Since the school physician Dr. C. N. Stanhope happened to be the physician appointed to attend these clinics, and he had not made the annual physical examinations, it was decided to combine the nutritional examinations of the school children with the regular annual examinations and this was done with the following results:

Examined,	652
Dental defects,	274
Throat defects,	101
Cardiac defects,	2
Borderline nutrition,	53
Poor nutrition,	4

Some of the pupils in the rural schools were absent on account of the extreme cold and therefore were not examined; these will be examined as soon as possible. Vision and hearing tests will also be given by the nurse as soon as possible.

The infant and preschool examinations for nutrition will take place as soon as the necessary preliminary work to be done is completed. Miss Maxine Sanford, R. N. of this town has been appointed to help in the county nutrition program and is now working outside the town along this line.

The public will be interested to read of these cor-

rections made within a year:	
Glasses,	55
Dental corrections,	199
Throat corrections,	38
* * * *	

Another important phase of the work, perhaps the most important is the regular clinic which is held four times during the summer for infants and preschool children. This is held with Miss Ricker of the M. B. S. S. and takes place in April, June, September and November. The officials of the Congregational Church have been very kind in letting us use the Chapel and the janitor had conscientiously seen to it that the babies and little children will not suffer with the cold during their disrobement for examination. These are the statistics for clinic service—infant and preschool:

Families represented,	48
Infants attending,	16
Preschools attending,	44
Examinations made,	80
Infants having defects,	9
Preschools having defects,	28

During the summer months through the kindness of Dr. McDougal and Mrs. Maxim, we were able to operate on nine children for tonsils and adenoids. Many others had operations during the summer.

Aside from the foregoing, home visits were made as follows:

106 families were visited
250 patients had service in the home
360 visits were made in the home

While bedside nursing is not a part of a county nurse's work, it was possible by taking hours off duty, holidays and Sundays to make 56 visits for bedside care of which 8 were for maternity. Several entire nights were spent.

Three emergency patients were taken to Bangor at night. Many arrangements have been made for glasses and treatment. Numberless telephone calls have been answered and a great many office patients received which have not been included elsewhere in this report. There is still much to be done, but one can feel that something is being done. While the first aim of public health nursing is to prevent disease, having corrections made before it is too late, there is a certain amount

of remedial work and assistance which must be given. Records must be kept accurate and up-to-date and this is no small job.

Special mention must be made of the splendid cooperation of the Town Club. Appreciation is expressed for the Maternity Kits which have been provided and which have proved so useful. Also, I wish to express our appreciation of the bundles of dressings which have been donated from time to time. These have certainly proven a boon to families where there was need of such.

Again in closing may I thank everyone, including the selectmen, the doctors, dentists and oculists, the clubs and other organizations, the private citizens, the parents and all who have helped out so wonderfully during this hard year?

Respectfully submitted,

LOUISE B. NICHOLS, R. N.,

Piscataquis County Nurse.

REPORT OF TOWN CLERK

February 15, 1933 to February 15, 1934

Marriages

- March 4, Harold S. Pratt and Lucy E. Stanhope
March 8, Daniel S. Jardine and Florence M. Webster
March 26, George E. Cooper and Nellie M. King
March 29, Charles L. E. Stevens and Kathryn Wiley
April 9, Earle W. Miller & Geraldine S. Dow
April 10, William Masteika and Anna Vedegys
April 10, Edward S. Deag and Gladys M. Dearth
April 18, Clayton Bradford Noyes and Edith Annie Porter
April 18, Merle C. Crocker and Ruth Carle
April 29, Eugene T. Kneeland and Margaret G. Nash
May 8, Edward E. Pearl and Gertrude E. Herring
May 13, Erving T. Bartlett and Beatrice B. Richards
May 16, Raymond Neville Kirk and Lillian Fern Davies
June 3, Edward W. Young and Anita P. Skinner
June 3, Raymond W. Blake and Effie Moulton
June 5, Russell W. Knowles and Rose D. Hancock
June 17, Harland E. McLaughlin and Louise B. Lyford
June 17, Kenneth Cola Hamlin and Ethel Arlene Macomber
June 24, Carroll H. Knowlton and Florence M. Judkins
June 24, Ralph Clifton Perkins and Katherine Moore
July 1, H. Archie Hobbs and Thelma L. Jenkins
July 8, Kenneth W. Thompson and Myrtle M. Bell
July 22, Ira George Lary and Bessie G. Lawlor
July 29, Hazen Poole and Marguerite Bartlett
July 31, Kenneth E. Severance and Lena M. Sawyer
Aug. 5, Joseph E. Collette and June E. Roderick
Aug. 8, Aaron N. Kinney and Anna L. Ellis
Aug. 8, Manuel F. Bishop and Hattie L. Fogg
Aug. 10, John E. LaBree and Maude L. Sawyer
Aug. 19, Harold A. Mayhew and Avis J. Doore
Aug. 26, Jerome Clukey and Olive Ronco
Sept. 1, Ervin Eugene Lary and Erma Mabelle Drake
Sept. 2, Harold Brooks Hamilton and Alice Bernice Jenkins
Sept. 2, Kenneth W. Cook and Jessie L. Skinner
Sept. 3, Albion S. King and Gladys M. Stewart

- Sept. 15, Leroy Frank Shaw, Jr. and Beryl Geraldine Palmer
Sept. 18, Joseph A. Barry, Jr. and Helen M. Foley
Sept. 23, Dana O. Page and Kathleen Green
Oct. 2, Geo. B. Wolstinholme and Gladys Annie Fellows
Oct. 13, George H. Thompson and Grace E. Titcomb
Oct. 14, Herbert A. Roberts and Susie A. Stanley
Oct. 21, Wilson L. Green and Glenice Marie Sedgwick

THOMPSON FREE LIBRARY

REPORT OF LIBRARIAN

The very drastic cut of the library appropriation by the town last March has necessitated a change in the schedule of opening days. The services of a full time assistant not being available, the library has been closed to the public Wednesdays and Thursdays each week, the librarian using these days for the necessary work, accessioning the new books, important clerical and reference work, etc. The assistant, Miss Williams, has worked only the four evenings and one afternoon the latter being paid for from the fine box. Telephone service has also been discontinued for the year. The extra call upon the fine box necessitated the raising of the fines per day from 2 to 3 cents.

AUDITOR'S REPORT

I have examined the accounts of the Selectmen and the Treasurer and find all orders properly entered in the books, and the balances verified. I have examined the trust funds belonging to the town and find all securities and cash balances as reported by the Treasurer.

M. C. ARNOLD, Auditor.

March 1, 1934

*From State for Snow Removal 1932-1933.
There was built during 1933 the following roads:

Overdraft 5,553.46

Special Resolve on Starbird Road, 1,400 ft.
 State Aid beyond Bear Hill, 2,500 ft.
 Same Surfaced, 3,500 ft.
 Third Class Road completed on Greeley's Landing Road, 900 ft.
 Based ready for surfacing on road south from East Dover Bridge, 600 ft.
 Ready for base, 400 ft.

Some basing has been done on the road south from East Dover Bridge and surfacing from Browns Mills towards East Dover under a C. W. A. Project.

All highway work except emergencies was called off in July after the necessary spring repairs were completed. At that time there was about \$3,000.00 left for emergency work and snow removal to February 20, 1934.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my second annual report of your schools for 1933-34.

To The School Committee and Citizens of Dover-Foxcroft:

TEACHERS

The following is the list of teachers employed in Dover-Foxcroft for the year 1933-34. Also record of training, experience, salaries, pupil load, and average attendance.

Mrs. Leona Richards, Sub-primary teacher at Pleasant Street resigned her position at the close of the school year. Mrs. Richards was a successful teacher, and well-liked by her pupils and associates.

Miss Marion Trimble of Calais, a graduate of the Lesley Normal School and with one and one-half years experience, was elected to fill the position vacated by Mrs. Richards.

During the latter part of the Fall term, Miss Elizabeth Farrington, Pleasant Street third grade teacher, tendered her resignation to the School Committee. Miss Farrington was a cooperative and conscientious teacher.

Miss Geneva Campbell of this town and a graduate of Farmington Normal School was hired to complete the year as teacher at the Pleasant Street third grade.

Several changes in the curricula of our schools have been made during the past year. At both the Pleasant and North Street buildings, departmental work was introduced in the upper grades in Geography, Music and Writing and in the lower grades, in Music and Writing. Also, at North Street, additional work in drawing has been introduced. After a semester's work we feel that the results obtained warrant the continuance of this type of program. Teachers attended schools during the past summer preparing themselves to carry out the work under this new program.

The Zaner-Bloser Method of Writing was introduced beginning the Fall term and the results already obtained show decided improvements. This method is a combination of the muscular and finger movement. Legibility through the study of shape, size, slant and space is the first aim of the course. Speed is developed after

Thelma Nichols	South Dover	10	756 per year	S.S. at Machias 24 wks	40	29.4	72	4

proper formation has been obtained.

On March 16, 1933 the Superintending School Committee voted to increase the length of the school day in town one half hour to become effective at once.

Fourteen teachers from the Elementary department attended Normal School sessions during the past summer. Each took special courses which would best prepare them for the work they were to pursue during the present school year.

Those who attended summer schools were:

Miss Bertha Tardy, English and Music, Farmington
Mrs. Marion Rowe, Geography and Civics, Farmington
Mrs. Bernice Sterling, History and Hygiene, Farmington

Mrs. Harriett Crockett, Music and English, Farmington

Mrs. Mildred C. Hewett, Writing, Machias

Mrs. Mildred P. Pratt, Music and Reading, Machias

Miss Dorothy Packard, Primary Work, Farmington

Miss Louise MacFadyen, Primary Work & Art, R. I. State Teachers' College

Miss Isabel Buck, Primary Work, Worcester Normal

Mrs. Ola F. Blood, Primary Work & Music, Farmington

Mrs. Effie D. Bolton, Music and Reading, Farmington

Mrs. Ava E. Goff, Writing, Machias

Miss Barbara Miller, Music, Boston University

The County Teachers' Convention was held in Guilford on Oct. 11 and I am pleased to report 100% attendance for this School Union. Practically all teachers attended the State Convention at Lewiston on Oct. 25-26. I believe the City should be complimented on the fine convention which was put on and the hospitality shown to all in attendance.

BOOKS AND SUPPLIES

After paying for lights, water, janitor supplies, etc. from the supply account it leaves about \$700 which is less than one dollar per pupil enrolled. Due to C. W. A. work it has been necessary to transfer \$1,037.47 from the Common School account to the Supplies account.

New sets of supplementary books in reading have been bought for use in the first four grades. Also one set of books for Grades 4, 5, and 6. New Geographies have been bought for Grade 4. Due to several sets of English books being in the process of publication, a new set has not been bought for our schools as planned.

last year. In order to bring the books up to a satisfactory standard of condition, \$350 has been transferred from the Common School account to the Book account.

REPAIRS

Repairs, as last year, have been under the supervision of your School Committee and in charge of Mr. Henry Pearl. I can only second what I said of your School Committee members and Mr. Pearl last year. That they are always on the job and all angles of the work are looked after and handled in an economical and efficient manner.

The major Repairs made during the past summer are as follows: North street; the second grade room and hallways were redecorated. Shades were bought for grades 2 and 4 rooms.

Pleasant Street building was painted outside and both side piazza roofs re-ironed. The Sub-primary room was redecorated and shades bought for same. The hallway of the Sub-primary room was also redecorated. The balance of the repair fund was used to re-surface, shellac, and varnish the desk tops throughout the village buildings. This gives every pupil an ideal desk surface for writing.

In November, the Selectmen very graciously offered the School Department part of the allotment of men and materials due this town through the Civil Works Administration plan of help for those on the welfare lists, veterans, and unemployed. Two projects were submitted to and approved by John A. MacDonough, State Civil Works Administrator.

The first project to be started was the School Grading and Sewer. Work began the last of November and was recessed on February 15, to be completed through a supplementary project which has already been submitted to Mr. Mac Donough for his approval. The project has employed twenty-seven men for full time and nine trucks for thirty days besides allowing an expenditure of \$300 for materials. The work completed at the present time is as follows: school yards throughout the town have been graveled all areas being covered that heretofore have been very muddy during the fall and spring of each year. A sewer will have been constructed when the project is completed from North Street to the North Street school building which will take care of all water from the building and grounds.

A manhole also placed to take care of the excess water during the spring at the intersection of the school grounds and North Street. Two manholes and three catch basins have been built along the sewer.

The second project submitted was that of Interior Decorating. During the three-week Christmas recess, area equal to twenty-two class rooms was redecorated. This project employed seventeen men and the C. W. A. administrator allowed \$400 toward materials used.

The East Dover school building was redecorated throughout and all rooms, hallways, book cupboards in town schools not redecorated during the last four years have been finished. This places the interior of all buildings in fine condition. They are a source of pride to pupils, teachers and all connected with the school.

To carry out these projects it was necessary for the town to contribute funds for material in excess of the amounts allowed through the C. W. A. There has already been paid, through the Supplies account, \$472.95, and there will be approximately \$325 expended to complete the project.

THE ACADEMY

The change of program at the Academy, having five seventy minute periods per day, instead of the seven forty-five minute periods in the past to my mind is a very progressive step on the part of your Joint Board, Principal and Faculty. The benefits derived by the students through the acquirements of better study habits and methods of research are unquestionably important in one's education and training in future study and work.

SPECIAL TEACHERS

The work of school nurse being carried on by your County Nurse, Mrs. Louise Nichols, has been looked after very carefully. Extra work in checking the children's health was requested by the State Department of Health. All this work has been completed by Mrs. Nichols and Dr. Stanhope.

Dr. Stanhope, school physician, has completed his examination of children throughout the schools. Your school physician and district nurse have cooperated in every way with the school department and each year, records of the health of the school pupils show decided gains. Hot lunches have been furnished during part of

the winter, milk is now being furnished through the C. W. A. to about 150 children.

Miss Barbara Miller is continuing her fine record as Supervisor of Music in your schools. A cantata for graduation last June received much praise and Miss Miller is to be complimented on her fine work. Miss Miller will have charge of this year's graduation with the aid of the Grammar and Rural teachers.

THE COMING YEAR

The School Department has completed its municipal year and maintained the schools for thirty-six weeks. In a few cases conveyance costs were cut at the beginning of the Fall term. It was also, the judgment of the Superintending School Committee, that conditions warranted another reduction in teachers' wages and maximum salaries were established as follows: principals, \$22.75 per week; other teachers, \$22.00.

There is one need in our school system at the present time. That need is an extra teacher at the Pleasant Street school to take care of the extra load in Grades 4 and 5B, and Grades 5A and 6. It is the only way that the children at Pleasant Street can be given the same advantages and personal attention that those are receiving at North Street. We now have the room, all necessary equipment, and the School Committee and Superintendent believe that with the same appropriation as last year, this change could be made which would be a decided advantage to the pupils attending Pleasant Street school.

Your Superintending School Committee has made a written report to the town Budget Committee giving a full account of resources and expenditures for the year 1933-34 with their stated intentions and amounts necessary for 1934-35.

The Budget Committee gave reasonable consideration to the School Department and its work last year. I believe that the same consideration will be given this year. We are all interested in the boys and girls of our town whether we have children attending school or not. We cannot fail to do our part toward the education of our youth. I feel that the people of Dover-Foxcroft are, in every way, alert to this responsibility.

I have worked for your Superintending School Committee for the past year and a half and it has been most enjoyable. I have found each member very co-opera-

tive, fully informed on all school matters, and ready to go to any school building at all times to look after repairs and other necessary work. It is the duty of school boards to inform themselves regarding the costs and operating of the schools. Your School Board has faithfully fulfilled this duty.

I wish to thank the members of my Superintending School Committee, Board of Selectmen, parents and other citizens, teachers, and the boys and girls for their continued co-operation during my second year's work in their schools.

Respectfully submitted,

PERRY F. SHIBLES,

Superintendent of Schools.

REPORT OF MUSIC SUPERVISOR

To Perry F. Shibles, Superintendent of Schools:

I herewith submit my third annual report as Supervisor of Music of the public schools of Dover-Foxcroft and Director of Music at Foxcroft Academy for the school year 1933-1934.

The specific aim of school music is: "To develop appreciation and love of beauty through contact with, and the endeavor to create and re-create, the beautiful in music."

Since singing is the common experience of every child, we strive to give him in his first year a t school a repertoire of songs taught by rote. This first approach is gradually developed until each year he has a broader understanding of the fundamentals of music. Rote singing branches out into tone memory work, syllable reading, book reading in unison, two, three and even four part music. Time problems are slowly introduced until difficult music is within the scope of every pupil. Special attention is given to the child who enters school with no background of music knowledge.

From a passive listening attitude we try to develop through records the ability to listen to music intelligently. Through the medium of known songs, new instruments and rhythms are pointed out until each

one is able to distinguish all symphony orchestra instruments and to understand the construction of difficult compositions.

The love of instrumental music as well as vocal is encouraged. Children are urged to study instruments outside as well as in school. For two years violin classes were carried on in the schools free of charge. This year the desire seems to be for wind instruments and a class in brasses will soon be started.

Interest in a voice class, which was organized in October, seems to be growing. This class gives to the pupil the fundamentals of voice training which are beneficial not only vocally but physically and socially as well.

A glee club for grammar school boys seems to be thriving under the able leadership of one of the eighth grade students. This club, newly organized in October, gave its first public performance at the E. M. Smith Music Club operetta in December.

It is hoped that a grade school orchestra may be organized soon. There are many talented children in the schools who should be having instrumental training while they are young. With free instruction at their disposal, it seems tragic that more pupils are not availing themselves of the opportunity to study instruments.

The E. M. Smith Music Club sponsored an operetta, "Santa Claus" on December 14, 1933 at Central Hall. If you were able to attend this performance, you, too, must realize that there is much talent in Dover-Foxcroft. The proceeds of this operetta are to purchase a portable victrola for school and club use.

The rural school work is carried on as nearly as possible in line with that of the town schools.

The work at Foxcroft Academy has grown tremendously. This year two choruses were organized instead of one. There are about fifty-five members in each chorus. There is an orchestra of twelve, a band of fifteen, a girls' glee club of thirty and a boys' glee club of eighteen. Each organization participated in a Christmas assembly at the Academy and now the music department as a whole is working toward a Minstrel Show to be given at Central Hall March 16, 1934. A

chorus conducting class is a new organization and in this class ten girls are learning the art of conducting group singing.

The music department is always glad to assist in school and town activities.

Let me express to the superintendent, principal and teachers my appreciation of their co-operation.

Respectfully submitted,

BARBARA MILLER,

Supervisor of Music.

FOXCROFT ACADEMY

To the Joint Committee of Foxcroft Academy:

I hereby submit my fifth annual report.

BUILDING

With a limited amount of money, it appeared that some of the necessary repairs must be omitted. Through the energy of the Building Committee additional funds were made available which resulted in much needed improvements in three of the classrooms. The generous gift of two hundred fifty auditorium seats by the Foxcroft Academy Alumni Association makes it possible to adequately seat the student body in assembly for the first time in recent years.

In addition to these improvements in the building, the above committee succeeded in partially grading the grounds and providing a parking area. This work should be completed.

A Longer School Period

The school day has been operated on a plan which is more in accord with best educational practice. In place of the usual division of the day into seven periods of forty minutes each, there are now five periods of seventy minutes each. This longer period makes it possible for each instructor to adopt a laboratory type of procedure in his classes. The results have been satisfactory with decided gains in some classes.

Meeting the Depression

In order to operate the school with a lessened income, the following phases of our school program were discontinued this year: Manual Arts, Home Economics, Physical Education. It was necessary to make additional salary cuts amounting to approximately ten per cent.

The faculty has realized the seriousness of the resulting situation and has done its best to meet it. The school authorities face a most difficult task in trying to meet a greater need with greatly reduced financial support. Those responsible for the administration of Foxcroft Academy need the active support of all persons interested in having the school meet the needs of our boys and girls as adequately as they have been met in the past.

I wish to take this opportunity to express my appre-

ciation to the Board of Trustees of Foxcroft Academy, to the parents and to the many friends of Foxcroft Academy who have helped the faculty carry on successfully in these very trying times.

Respectfully submitted,

FRANK G. STONE, Principal.

Annual Town Warrant

To Charles E. Washburn, or any Constable of the
Town of Dover-Foxcroft, in the County of Pis-
cataquis: GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said Town on Monday the twelfth day of March, A. D., 1934, at ten o'clock in the forenoon, then and there to act upon the following articles, viz:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Town Clerk, fix the compensation and raise and appropriate money therefor.

Art. 3. To see if the town will vote to amend the by-laws as follows:

Section 2, Article 1, of the by-laws is hereby amended by striking out all of said section and enacting in place thereof the following: Section 2. The number of Selectmen and Overseers of the Poor shall be five for each board, one of whom shall be Chairman. The Chairman shall be chosen for three years. Two members of each of said boards shall be chosen at each annual meeting for the term of three years.

The number of Assessors shall be three, and one member shall be chosen at each annual meeting for a term of three years.

The enactment of this by-law shall not be construed as affecting the incumbency of any members of said boards hitherto chosen, whose term of office has not yet expired.

Art. 4. To choose a Chairman of the Selectmen for three years.

Art. 5. To choose two Selectmen for two years.

Art. 6. To choose one Selectman for three years.

Art. 7. To choose a Chairman of the Overseers of the Poor for three years.

Art. 8. To choose two overseers of the Poor for two years.

Art. 9. To choose one Overseer of the Poor for three years.

Art. 10. To choose one Assessor of Taxes for three years.

Art. 11. To choose one Assessor of Taxes for two years.

Art. 12. To choose one Selectman for three years and fill any vacancy in accordance with the provisions of the Town by-laws. *W L Oar*

Art. 13. To choose one Assessor of Taxes and fill any vacancy in accordance with the provisions of the Town by-laws. *W L Oar*

Art. 14. To choose one Overseer of the Poor and fill any vacancy in accordance with the provisions of the Town by-laws. *W L Oar*

Art. 15. To choose a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

Art. 16. To choose a Collector of Taxes, fix the compensation and raise and appropriate money therefor.

Art. 17. To choose an Auditor of accounts. *W L Oar*

Art. 18. To choose a member of the School Committee for three years.

Art. 19. To see if the town will vote to accept the report as printed.

Art. 20. To see if the town will vote to instruct the Selectmen to appoint a Road Commissioner, and fix his term of office. *W L Oar*

Art. 21. To choose one or more Road Commissioners.

Art. 22. To choose one or more Constables.

Art. 23. To choose all other officers to be elected at the annual meeting.

Art. 24. To see how much money the town will vote to raise and appropriate for Common Schools.

Art. 25. To see how much money the town will vote to raise and appropriate for Free High Schools.

Art. 26. To see how much money the town will vote to raise and appropriate for textbooks for Common Schools.

Art. 27. To see how much money the town will vote to raise and appropriate for textbooks for Free High Schools.

Art. 28. To see how much money the town will vote to raise and appropriate for services of the School Committee.

Art. 29. To see how much money the town will vote to raise and appropriate for repairs on schoolhouses.

Art. 30. To see how much money the town will vote to raise and appropriate for school supplies.

Art. 31. To see how much money the town will vote to raise and appropriate for salary for Superintendent of Schools.

Art. 32. To see if the town will vote to authorize the School Committee to appoint a school physician in accordance with provisions of Chapter 73 of the Public Laws of 1909, and raise and appropriate money therefor.

Art. 33. To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

Art. 34. To see how much money the town will vote to raise and appropriate for insurance on school buildings.

Art. 35. To see how much money the town will vote to raise and appropriate for officers' bills and miscellaneous expenses.

Art. 36. To see if the town will vote to purchase

the bonds for the Treasurer and Collector.

Art. 37. To see what sum of money the town will vote to raise and appropriate for salaries and expenses of the Board of Health and recording Vital Statistics.

Art. 38. To see what sum of money the town will vote to raise and appropriate for Sewer Maintenance.

Art. 39. To see how much money the town will vote to raise and appropriate for construction and repairs of sidewalks.

Art. 40. To see how much money the town will vote to raise and appropriate for general repairs of highways and bridges.

Art. 41. To see how much money the town will vote to raise and appropriate for State Road Patrol.

Art. 42. To see if the town will vote "yes" or "no" on the question of raising and appropriating money necessary to entitle the town to State Aid in accordance with the provisions of Section 25 to 32 of Chapter 28 of the Revised Statutes.

Art. 43. To see what sum if any, the town will vote to raise in accordance with the provisions of Section 25 to 32 inclusive of Chapter 28 of the Revised Statutes.

Art. 44. To see what sum of money the town will vote to raise and appropriate for the maintenance of Third Class Road.

Art. 45. To see what sum of money the town will vote to raise and appropriate to treat the village streets against dust.

Art. 46. To see what sum, if any, the town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid roads built within the past five years in accordance with the provisions of Chapter 271, P. L. 1931.

Art. 47. To see what sum of money the town will vote to raise and appropriate for street lighting.

Art. 48. To see what sum of money the town will

vote to raise and appropriate for the support of the poor.

Art. 49. To see if the town will vote to, and elect one member of the Board of Mothers' Aid for three years.

Art. 50. To see if the town will vote to raise and appropriate the sum of one thousand dollars to pay Bridge Bond No. 22, which becomes due July 21, 1934.

Art. 51. To see if the town will vote to raise and appropriate the amount necessary to pay interest on Bridge Bonds.

Art. 52. To see if the town will vote to raise and appropriate a sum of money for Memorial Day.

Art. 53. To see what sum of money the town will vote to raise and appropriate for band concerts or other music.

Art. 54. To see what sum of money the town will vote to raise and appropriate for the services of a Public Health Nurse or take action thereon.

Art. 55. To see how much money the town will vote to raise and appropriate for the care of cemeteries.

Art. 56. To see how much money the town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

Art. 57. To see how much money the town will vote to raise and appropriate for the support of the Thompson Free Library.

Art. 58. To see how much money the town will vote to raise and appropriate for abatements.

Art. 59. To see what sum of money the town will vote to raise and appropriate for advertising the advantages and attractions of Maine.

Art. 60. To see if the town will vote to adopt the following by-law: Every proprietor of a dance hall or pavilion in this town shall before having any dances therein procure a license from the Municipal Officers. The municipal officers are hereby authorized to issue

such licenses to proper persons and for suitable places at a charge of \$1.00, and said license shall provide that said owners or proprietors shall at their own expense have a duly authorized officer of law present at all dances to maintain order. Said license shall be in force for one year. Any person violating this by-law shall be subject to a penalty of Ten dollars.

By request of T. L. Foulkes, Sheriff.

Art. 61. To see if the town will vote to approve the following list of names for the jury box as prepared by the selectmen:

Sarah Boyle	Baxter Brawn
Erma Brown	Ernest Bailey, Jr.
Stella Ayer	Melvin Blethen
Bertha Ames	Arthur Chase
Mabel Chandler	John Demeritt
Margaret Dow	Reuben Edgerly
Ida Hibbard	Harold Folsom
Blanche Brown	Earl Huff
Ethel Davis	Henry Huntington
Margaret Gray	Herbert Kneeland
Louise Hoxie	John Leland, Jr.
Hazel Ireland	Irvin Lary
Mildred Jackson	
Marion Kimball	
Nina Kitchen	
Harriet Ladd	
Nellie Levensalor	
Maude Merrill	

Art. 62. To see if the Town will vote to raise and appropriate the sum of (\$100) one hundred dollars for the purpose of fencing the Lee cemetery.

By request of A. A. Adams, sexton.

Art. 63. To see if the town will authorize the Selectmen and Treasurer to make a temporary loan in anticipation of taxes.

Art. 64. To see if the town will vote to authorize the Treasurer and Collector to refuse payment on all orders given while persons receiving the same are indebted to the town.

Art. 65. To see if the town will vote to authorize the Selectmen to execute and deliver release deeds for

the town to convey the town's interest in lands previously sold to the town for taxes.

Art. 66. To see if the town will vote to issue bonds to cover all town indebtedness to date over and above the Bridge bonds. The details of the issue to be taken up at a special town meeting.

Art. 67. To see if the town will vote to raise the sum of (\$559.22) five hundred and fifty-nine dollars and twenty-two cents to pay interest due on notes to April 1, 1934.

Art. 68. To see if the town will vote to authorize the Selectmen and Treasurer to issue two long term notes of (\$5,000.00) five thousand dollars each to pay the balance of the tax loan of 1933.

Art. 69. To see if the town will vote to raise the sum of (\$1,500.00) fifteen hundred dollars to pay interest on town notes for the year 1934.

The undersigned, Selectmen of Dover-Foxcroft will be in session at their office in Central Hall building on Monday, the twelfth of March, A. D., 1934, at nine o'clock in the forenoon for the purpose of hearing and deciding upon the application of persons claiming the right to have their names entered upon the voting list of said town. Given under our hands at said Dover-Foxcroft this second day of March, A. D., 1934.

WALLACE DOW,
L. M. SNOW,
H. R. WILLIAMS,
Selectmen of Dover-Foxcroft.

\$112,545.00

Revenue

\$112,545.00

It is felt by the Budget Committee that there is still great need for economy, consequently, it has not been able to recommend additional money except in cases where the money would have to be paid whether or not it is raised. The Town now has a total indebtedness of \$35,900.00, of this \$3,000.00 are the old Bridge Bonds which are being retired at the rate of \$1000 each year. The balance is in the Favor property, the Summer Street Bridge and money borrowed to meet the deficits caused by the unusual conditions of the past two years.

Of the above amount, \$31,400 is with the Merrill Trust Company and \$1500 with the Piscataquis Savings Bank, on which the Town is paying 5%.

Your Committee believes that it will be for the best interest of the Town to consolidate, under one loan, the amounts in the Merrill Trust Co. and the Piscataquis Savings Bank (\$32,900.00) and issue bonds, a certain number to be retired each year.

It is believed that in this way the interest can be lowered and the town debt retired in an orderly way without working any great hardship on the taxpayers.

Net cost of Farm to Town for year 1934	\$2,269.61
Expenses paid for inmates, clothing, etc	16.69

Board of inmates for aggregate of	
2236 days	\$2,248.92
Average cost per day per person \$1.0057	

NOTE: Besides necessary minor repairs, we had approved a five week ERA project for the farm buildings calling for \$30.15 for material and \$195 for labor. To get this project approved, it was necessary for the town to furnish about \$95.00.

Under this project all rooms were painted and papered and the ceilings whitened. A new soft wood floor was laid in the kitchen and covered with linoleum.

ANNUAL REPORT

9

A small room was partitioned off on the second floor, a window put in and flush closet installed. Other minor repairs were also made which, on the whole, put the house in condition so that very few repairs will be needed for several years.

L. M. SNOW

H. R. WILLIAMS

WALLACE DOW

Overseers of the Poor.

ERA CANNING CENTER

The State Emergency Relief Administration located one of the canning centers in Dover-Foxcroft under the direction of Mrs. Harriet Ladd assisted by Harold Wellington. This center was located at the Baptist Parish House and canned for this and surrounding towns at an expense of only about \$25.00 to this town.

The following data for Dover-Foxcroft will give some idea of the work done at this Center.

On Relief who Worked for Credit

	Hours
Josephine Mellish	237
Gertrude Moore	37
Edna Smith	44
Alice Inman	139
Anna Lacrosse	46
Illa Salley	100
Mrs. James Chambers	231½
Gladys Robbins	99
Kenneth Southard	26
John King	48½
Freddie Greely	17½
Mrs. Herman Heath	65
Total credits to Relief accounts	\$264.75

Those who worked for cans at 2 cans per hour

	Cans

Report of Public Health Nurse

TO: Board of Selectmen and Citizens of Dover-Foxcroft, Maine.

We hereby submit a report of Public Health Nursing Service given to your town for the period February 1, 1934 to February 1, 1935:

Your fine co-operation and financial support have made it possible to accomplish a vast amount of work during the past twelve months. If all items of accomplishment were to be incorporated in this report, there would not be space enough to accommodate them. Therefore, an effort will be made to show only a few of the special features of the large program given your town.

While the prime objective of our organization is health education for all, it has been necessary to supplement many other phases of public health work. Among these are bedside care, demonstrative and palliative, social welfare, inspections, hospitalization, and others.

Since July 1, 1934—the beginning of our fiscal year and taking the last seven months of the town year—we have already given service to over one hundred families in Dover-Foxcroft. In these families there have been from one to four patients and in many instances more than one visit has been given. This is exclusive of school and clinic work. The visits have been made largely in the home or at the office and have included patients of all types such as preschool children, children of school age not in the school, prenatal patients, tuberculosis and general adult types, and visits have been made for bedside, instructive or investigative purposes, arrangements for hospital care or accompanying patients to hospitals and other institutions.

During the summer in order to save a patient's life, he was taken to the office. It was a severe accident case, arteries and veins being cut. The patient was given first aid after anaesthesia was administered and later taken to a hospital where he remained many weeks. Assistance has been given doctors in other anaesthesias and minor surgery.

One patient was taken to the Eastern Maine Gen-

eral hospital three times and many others conveyed to institutions and clinics outside the county after arrangements had been made for their admission. The American Legion Child Welfare Committee was generous in paying for three corrections on children of Veterans.

That there is still tuberculosis among us cannot be denied. During the year several patients have been admitted to sanatoria. Some have returned and are going back periodically for treatment. If we consider what authorities tell us in regard to the proportional number of undiagnosed cases of tuberculosis, contacts, etc. in relation to number of positively diagnosed cases, then we still have a great deal to do in this line.

Last spring under the auspices of the Forty and Eight of the American Legion as a part of their National Program, it was possible to hold a clinic at the office and Dr. Stanhope immunized twenty-five children permanently against diphtheria. We hope to continue this project the coming year.

Also during the warmer months, the regular infant and preschool clinics held jointly with Miss Rick-er of the Maine Baby Saving Society were held. The large attendance, which is growing year by year, is evidence of the interest of mothers in the welfare of their babies. An innovation was made this year in the form of a Summer-Round-Up under the auspices of the Dover-Foxcroft Parent Teachers' Association held with us at the regular June Clinic. All children entering school for the first time in the fall of 1934 were especially invited to attend this Round-Up and twenty children attending fell into this category. The physical examinations and dental check-ups were made Dr. Merrill, Dr. Brown, Dr. Robbins and Dr. Whittredge, who gave their services. In a fall check-up of these children it was found that several had accepted the doctors' advice and had corrections made before the children entered school.

While our service as offered to Dover-Foxcroft at the present time does not afford a full time school program, the nurse has helped in this work as much as time and allotment of service will permit.

The old "ghosts" of communicable skin disease such as pediculosis (lice), scabies (itch) and impetigo (apple sores) seem to have vanished or at least re-

ceded into the background this year, leaving the field open to more dangerous invaders such as whooping cough, chickenpox, measles and scarlet fever. In this invasion of the county as well as other sections of the state, Dover-Foxcroft certainly was not left out and has suffered as much if not more than any town in the county.

Parents cannot be urged too strongly to isolate children who have symptoms of a "cold." When we consider that most of the so-called Children's Diseases begin with symptoms of colds, we can readily appreciate that strict isolation of the child is the road to prevention of epidemic. Anyone with a cold receives no personal benefit by being in a public place and he is a menace to others. The combined efforts of school officials, public health authorities, doctors and nurses cannot offset the negligence of parents in the control of communicable disease.

A child excluded from school should remain in isolation until such time as he is no longer suspicious of communicable disease. These diseases oft-times leave in their wake a long line of permanent disabilities such as impaired eyesight, defective hearing, heart and kidney complications and sometimes orthopedic difficulties.

Due to extra time needed to cope with epidemics throughout the county as well as in town, the regular routine of school inspection has been delayed. Early in the fall the U. S. Government requested a check-up of malnutrition cases found at last winter's survey as well as correction of defects on needy children and this has been done. A marked improvement in the nutritional standards of the children was noted. This may be due in part to the fact that a large supply of extra milk and cod-liver oil was given to the children after the survey. Approximately 200 pints of cod-liver oil were given to Dover-Foxcroft children. The supply is now exhausted. In checking the correction of defects, it was found that there is still a large number of defects uncorrected, mostly in families that cannot afford the cost of such corrections and thus is shown the need of corrective and reparative clinics in the town, especially reparative dental work. It is hoped that a plan for this can be worked out by some local agency this coming year.

The school physician has already made examinations of the school children at North St. and the nurse has supplemented this examination in three grades by hearing and vision tests and weight check-up. Practically all the children weighed show the required gain in weight and of the children who have had complete examination approximately 50% are without symptoms of defects that might develop into permanent disabilities or retard mental progress. This is a good average, in comparison to previous years. Much stress has been put on dental hygiene and the children have done well in the matter of cleaning the teeth.

The nurse has helped in other ways as much as possible upon request. The calls for material aid have been referred to other agencies. Medical-social problems have been handled in co-operation with other agencies and rather a large number have been taken care of.

It has indeed been a full year. When we consider that there is more than enough work in the town alone for one nurse to handle, it is quite remarkable that so much has been accomplished. The value of a public health nursing service has been properly demonstrated as being a necessity and that health education is as important if not more so, than any other phase of education—the prevention of disease, teaching of care in the home, hygiene and the many other things that educational. It has been further demonstrated that health education is a sound investment for any town, bringing in return to the community better health, more happiness and certainly more useful citizenry through the years.

We wish to thank the people of Dover-Foxcroft, the school authorities, town officials, fraternal orders and clubs, Christmas Seal Sale Committees, doctors, dentists and even lawyers—in fact everyone for their loyal interest and hearty support in our efforts for your town.

Respectfully submitted,

Piscataquis County Nursing Service by

LOUISE B. NICHOLS, R. N.,
Public Health Nurse.

Respectfully submitted,

HELEN F. DYER,

Town Clerk.

Report of Librarian

The year 1934 has been a successful one as regards the circulation of books and work done for the schools, clubs, etc.

The conditions as regarding days open etc., being the same as 1933 the circulation of books would have been as large or larger if the library had not been closed from Dec. 10, 1934 to Jan. 18, 1935 because of the ERA repairs, these being two of the busiest months of the year. The extensive repairs, redecorating the main library, adding new shelving, new flooring and changing the arrangement of the rooms, have been most satisfactory and we feel that we have now one of the most convenient and attractive buildings in this section. To supplement the ERA funds for labor and some of the materials, the interest from the F. E. Guernsey funds was used.

AUDITOR'S REPORT

February 20, 1935

I have examined the accounts of the Selectmen and Treasurer and find all orders properly entered in the books and the balances verified. I have examined the Trust Funds belonging to the town and find all securities and cash balances as reported by the Treasurer.

M. C. ARNOLD, Auditor.

Net cost for Snow Removal
Due from Town of Atkinson for snow removal

8,813.49

153.13

In June, after the town roads were put in condition, all work on general highways was suspended except emergency repairs, and these were reduced to absolutely necessary work.

Third Class Road: On the road from East Dover Bridge to Dow's Corner, 900 feet not finished last year was surfaced and 2700 feet of new construction was completed.

State Aid Road: 2000 feet of new construction was completed, extending the State Aid towards Merrill's Mills.

Special Resolve: The Starbird road was completed to the State Road, a distance of 1400 feet.

Park Street: Under an ERA project, there was built on Park Street 2650 feet of road of the same type as is required by the State for 3d Class and State Aid roads. The cost to the town was less than a thousand dollars for trucks that the town was obliged to furnish, and, as this was a relief project, the Selectmen charged the expense to the Relief account.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my third annual report of your schools for 1934-35.

To The School Committee and Citizens of Dover-Foxcroft:

TEACHERS

The following is the list of teachers employed in the Dover-Foxcroft Elementary Schools for the year 1934-35. Also their position, number of pupils registered, years of experience and annual salary.

Teacher	Position	No. Pupils Registered	Year's Exper.	Salary per year
Grammar School:				
Harriette E. Cröckett	Gr. 8B & Prin.	31	20	\$819.00
Bertha M. Tardy	Gr. 8A	33	25	792.00
Marion F. Rowe	Gr. 7B	32	16	792.00
Bernice W. Sterling	Gr. 7A	28	14	792.00
Effie D. Bolton	Gr. 6	31	11	792.00
Pleasant St. School:				
Ava E. Goff	Gr. 5 & Prin.	35	21	819.00
Alice Austin	Gr. 4	26	10	756.00
B. Thelma Nichols	Gr. 3	29	11	792.00
Ola F. Blood	Gr. 2	28	14	792.00
Gertrude Calkins	Gr. 1	28	6	648.00
Marion Trimble	Gr. Sub.	33	2½	684.00
North St. School:				
Harriett H. Crockett	Gr. 6 & Prin.	29	22	819.00
Mildred C. Hewett	Gr. 5	34	10	792.00
Marion G. Rollins	Gr. 4	32	15	792.00
Mildred P. Pratt	Gr. 3	38	11	792.00
Dorothy Packard	Gr. 2	32	9	792.00
Louise MacFadyen	Gr. 1	35	6	792.00
Dorothy F. Greenlaw	Gr. Sub.	33	11	792.00
Special Teachers:				
Barbara F. Miller	Music (18 wks)		3	887.50
Gertrude Gately	Music (18 wks)		0	706.32
Madelyn C. Ballard	Secretary		3	160.00
Dr. C. N. Stanhope	Physician			135.00
Rural Teachers:				
Louise Campbell	Bear Hill	30	2	612.00

Doris Hathorn	Brockway	26	14	720.00
Aldine Farrar	East DoverS-3	20	7	720.00
Nellie Downs	East Dover 5-8	26	17	720.00
Velma Burgess	Macomber's	6	2	540.00
Florence Cosman	South Dover	24	6	612.00
Marion Doore	Norton Hill (8 wks)	12	1	432.00

Last year the School Committee recommended transferring the Pleasant Street Sixth Grade Pupils to the Home Economics room in the Grammar School building, thereby doing away with two grades in a room at Pleasant Street. This recommendation has been carried out and the Sixth Grade have now, a very pleasant and well arranged room. At the same time, it has been a decided advantage to Grades 4 and 5 at Pleasant Street.

At the beginning of the school year in September, several transfers of teachers were made. Mrs. Effie D. Bolton was transferred from Grades 4 and 5 at Pleasant Street, to Grade 6 Grammar School; Mrs. Ava Goff to Grade 5 Pleasant Street; Miss Alice Austin from Bear Hill to Grade 4, Pleasant Street; Miss B. Thelma Nichols from South Dover to Grade 3 Pleasant Street. New teachers for 1934-35 include: Miss Gertrude Calkins of Calais, a graduate of Machias Normal School with six years experience, was elected to Grade 1 Pleasant Street. Miss Calkins is also doing work in drawing in the first six grades at Pleasant Street and Grammar School. Miss Florence Cosman, graduate from Machias Normal School with six years experience, was elected teacher at South Dover. Miss Marion Doore, who assisted Miss Nichols at South Dover the latter part of last year, was re-elected this year. Miss Louise Campbell, of this town, a graduate of Aroostook Normal School, with two years experience, was elected teacher at Bear Hill. All of our new teachers came to us with the very best of recommendations.

A field worker of the State Department has made the statement that the work in our schools is of a very high standard. Although our new teachers have worked very conscientiously, I feel that it is a real problem for new teachers to make adjustments to a new system, and that our new teachers, in some instances, are finding it difficult to maintain the grade of work which has been carried on in our schools.

At the beginning of the winter term, due to the added costs of conveyance, it was voted to open the Norton Hill school. Miss Marion Doore, assistant teacher at South Dover was transferred to this school.

The departmental type of work instituted last year in the Pleasant and North Street school has been maintained. The plan for the most part is working out very satisfactory.

None of our teachers attended Summer School last year. It is probable that many are planning on a six weeks course this summer. Practically all teachers attended the County and State Teachers' Conventions at Brownville Junction and Portland.

Books and Supplies

New English books for Grades 3 to 8 inclusive, have been introduced. The Daily Life Language Series by Lyman, Johnson & McGregor, authors for Ginn & Co. was adopted after making a careful study of several series of English books recently published. The Sixth Grade Histories, covering our old world background, were also changed. A text written for 6th Grade level has been difficult to find. With this idea in mind a text-book having a simple vocabulary and so-written that it could easily be comprehended by the average 6th Grade pupil was chosen. Teachers report that pupils are doing very satisfactory work in the text adopted. New Geographies for Grade 4 were introduced in all schools. Many of the books being used by the children were in very poor condition. Last summer, through an ERA project, books were completely gone over. All those unsuitable for use were discarded. Any book that could be made usable was repaired. By this method most books were in good condition at the beginning of the school year.

Our Supply Bill again has been unusually large due to the added cost of ERA work, which it was thought economical to do, when the cost of labor was furnished by the Federal Government. Approximately \$400.00 has been spent from the Supply account for this purpose.

The total cost of Electricity, Telephone and Water Service was \$550.96. This leaves \$1,174.32 of this year's account for actual School Supplies, or approximately \$1.50 per pupil, which is low when compared with the expenditures in other towns. All standard

supplies have advanced from 10 to 35 per cent over prices of a year ago. To meet this added cost and other uses of funds from the supply account \$575.00 has been transferred from the Common School Fund.

Repairs

The repairs have been directed by our School Committee and all labor has been under the supervision of Mr. Pearl. No one can say but what the work has been well carried out and economically done. All repairs for the year have been carried on in conjunction with ERA Projects. Major repairs for the year are as follows: **North Street:** Building painted outside; sewer and grading projects completed and front yard seeded; also posts erected for fence; all radiators were cleaned and painted; shelves have been placed in rooms; suitable playground equipment has been erected on all sections of the playground.

Pleasant Street and Grammar Building: A tennis court and croquet ground has been constructed and all necessary grading completed; playground equipment has been erected for all grades; Home Economics room was made into a 6th grade room, materials and furniture coming from material already available from the buildings. This room was redecorated and all furniture refinished.

East Dover: The building was painted outside; the chemical tanks, which were never satisfactory, were becoming a source of trouble with the need of new tanks being installed and were done away with. A well was drilled on the school grounds, an electric pump purchased, and flush toilets installed. A 425 foot sewer was laid to the river. The committee arranged with the East Dover Grange Trustees for use of water, whereby the Grange paid $\frac{1}{2}$ the cost of drilling the well up to 150 feet. The depth of well is 223 feet. Mr. A. G. Betts drilled the last 73 feet without cost to the town, which was a most generous gift. A good supply of water is available and is very much appreciated by all. Playground equipment has also been erected on the grounds.

Bear Hill, South Dover, Norton Hill, Macomber and Brockway buildings have all been painted outside and playground equipment erected on all grounds except Norton Hill. Brockway has been painted inside

and all desks refinished. The south roof has been shingled also. I question whether your buildings as a whole have ever been in as good condition as they are at the present time. Now that they are in good condition it is economical to keep them so.

The Academy

A very progressive program is being carried out at the Academy with the 70 minute period instituted last year. Students are having an opportunity for research work and under guidance, study habits are being formed, which should equip the graduates for future study and work. I believe the new courses in Freshman and Sophomore Speech Training and the General Bookkeeping Course, introduced this year have been very favorably received by the students. Principal Stone has a well balanced program and a very capable faculty to carry it out.

Special Teachers

Mrs. Louise Nichols, District Nurse and Dr. C. N. Stanhope, School Physician have certainly given more service to our schools during the past year than they have been paid for. With Whooping cough, measles, and chicken-pox prevalent their services have been required almost daily during the past ten weeks. Many of our boys and girls have lost a great many days. In many cases children will have to repeat their grades. It is unfortunate that communicable diseases cannot be checked. Parents should be more cautious and cooperate to meet the requirements of our State laws regarding these diseases.

At the beginning of this winter term Miss Barbara Miller, Music Supervisor, tendered her resignation to the School Committee. Miss Miller's work for the past three years has been very outstanding. Graduation and musical functions put on by her have received many tributes. It was with regret that the School Committee accepted her resignation and the loss of her services is deeply felt by all. To fill Miss Miller's position the committee was most fortunate in securing the services of Miss Gertrude Gately, a graduate of Lowell Teachers' College, Degree of Music. Miss Gately comes to us very highly recommended and is carrying out the work in both, the Academy and Elementary schools very satisfactorily.

The Coming Year

Another Municipal Year of 36 weeks ended February 22. The school department is pleased that the Common School account shows a substantial balance. All schools have been well furnished with books and supplies. No additional expense has been incurred that was not necessary. The maximum wage of \$22.75 for principals and 22.00 for other teachers has been maintained.

The great need at the present time in our school system is some method of closer supervision of our boys and girls regarding communicable diseases. It is impossible to prevent all cases, but it does seem as though, under adequate supervision, the spread of these diseases could be kept from the Epidemic state, and prevent the serious interruption of our school work, such as has occurred this winter. Many children have been absent $\frac{1}{4}$ to $\frac{1}{2}$ the time school has been maintained since September 11, due to sickness. Isn't it possible through the several departments of the town that the services of a full time nurse and welfare worker would be an economical investment for the people of Dover-Foxcroft? I am sure that the school committee would be pleased to co-operate if a plan of this kind was thought feasible.

Your Committee, as last year, has submitted to your Town Budget Committee a complete financial record of the standing of your school accounts, together with an explanation of the expenditures. Also, the plans which they contemplate for the coming year and the amount of funds necessary to maintain the schools for the next municipal year. They have exercised the best of judgment, having given freely of their time that your school money should be spent efficiently and economically. Your school board and Superintendent are always ready to discuss any school problem which you wish to bring before them, and constructive criticism from interested citizens is appreciated.

I appreciate the cooperation of my School Committee, the Board of Selectmen, Parents and Citizens, Teachers, Boys and Girls. I thank all for your interest in your schools during the past year.

Respectfully submitted,

Perry F. Shibles.

REPORT OF FOXCROFT ACADEMY

To the Joint Committee of Foxcroft Academy:
I hereby submit my sixth annual report.

THE FACULTY

Frank G. Stone, A. B.	Principal
Bessie C. H. Cooper, A. B.	Dean of Girls, English

THE BUILDING

Only necessary repairs to the building have been made. The addition of six folding tables constructed under the ERA for use in assembly room for library and study purposes had added measurably to the utility of this room. In a short time ten new typewriting tables similarly constructed will bring the equipment of the commercial department to a better standard.

The time cannot be wisely delayed much longer when the building must undergo extensive improvement to meet the needs of the school.

The school Program

For the second year the school program has been conducted on the longer school period and longer school day. The advantages of this reorganization have become more pronounced. It enables the faculty to better adapt the curriculum to the needs and aptitudes of individual students; it makes possible better provision for study and the use of books in the school library; laboratory periods for the science classes and commercial classes are more easily arranged and with greater economy of time; and as a result there is evidence of improved mastery on the part of the students.

New courses have been added as follows :

General Business Training has been offered as an elective to Junior and Senior Students in the English Curriculum.

The history courses are being reorganized in the English Curriculum as follows: 2nd. year World History, 3rd. year American History; 4th. year American Problems. This year the World History was introduced. In three years the full change will be accomplished.

Speech training is offered to the sophomore and freshman classes for a period of six weeks.

While the present reorganization of our school has done much to increase efficiency yet another step remains to be taken. This step calls for a careful revision of the school curriculum. Our curriculum is built to serve the needs of a specialized type of intelligence: the type that can read, speak, and write. It has been amply demonstrated that the ability of many students lies in other directions. To improve the older type of curriculum content and to add such new materials and courses as a careful survey of our local needs and resources will justify would seem to be the aim of such revision.

In conclusion, I wish to take this opportunity to express my appreciation to all who have made possible the successful operation of Foxcroft Academy for the year just passed and especially to the members of the Joint Committee, the Board of Trustees, Superinten-

dent of Schools, and parents of pupils.

Respectfully submitted,

FRANK G. STONE,

Principal of Foxcroft Academy.

To Perry F. Shibles, Superintendent of Schools:

I herewith submit my fourth annual report as Music Supervisor of the public schools of Dover-Foxcroft and Music Director of Foxcroft Academy for the school year 1934-1935.

John Galsworthy, in his *Candelabra* says: "Beauty alone, in the largest sense of the word has civilized mankind and if our civilization is to endure, it must have an ideal on which to fix its gaze—something to draw it on beyond the troubled needs of the moment. In these unsuperstitious days no ideal seems possible save beauty: and the teaching of what beauty is to all, through the fine arts, music, literature and painting, to children even in the humblest schools, should be our castle in Spain."

We start toward this ideal in the child's first year of school by teaching him to use his voice properly. This is accomplished through the mediums of rote songs and tone drills. Special attention is given to the child who has not yet found his singing voice or who is pitch latent. Daily drill has accomplished amazing results from the board as presented and each year a new new problem is introduced until the student has learned to read unison, two, three and four part music with little difficulty. In each grade tone quality, which is developed through proper breathing and voice placement, is stressed. The Christmas assemblies in each school showed vast improvement in this line.

In the upper grades memorizing a group of well known songs such as "Auld Lang Syne" and "Love's Old Sweet Song" has been a required part of the music program.

Appreciation of music through rhythm drill, rhythm bands and the use of records is teaching the child to listen intelligently to music.

Since departmental work in the town schools has been in effect, amazing results in the music department have been possible. It is hoped that this work may

continue.

The extra-curricular activities have met with great enthusiasm this year. The E. M. Smith Music Club holds a regular monthly meeting with a fine program given by the students. Music pins are presented by the club to all new members. The Grammar School Voice Classes are doing splendid work. A group of new students are learning the rudiments of vocal technique, while last year's class is developing not only unusual tone quality, but proper phrasing and interpretation.

The Grammar School Glee Club has been one of the most interesting and enjoyable features of the work. The enthusiasm of these students can only compare with their exceptional ability. As an organization they planned and served at the Chapel in November, a supper, the proceeds of which went toward operetta books. The operetta, Yanki San, which has been started, parts chosen and music well under way, was to have been presented during National Music Week. It is sincerely hoped that this may be carried on.

The schools have furnished music for most of the Parent-Teacher meetings and the children feel honored if they are chosen to sing or play there.

Last year the eighth grade graduation play was coached by the music supervisor and in this play several of the more talented students were featured.

The rural school work is carried on as nearly as possible in the manner of that in the town schools. New books were again put into these schools and the children are enjoying them thoroughly. A notebook project is being worked out in conjunction with the new books by locating on maps the country from which each folk song comes. East Dover students have been most interested in rhythm band work this year. In fact, some of the older students have written scores for rhythm band records. At Christmas, Brockway school presented an operetta which was very well received.

At Foxcroft Academy the three credit courses were organized as usual with a chorus of 110, band of 12 and orchestra of 18. The orchestra has played several times for town affairs. The Girls' Glee Club, the membership of which has greatly increased this year, followed out its annual custom of singing Christmas carols to shut-ins. Members of the Girls' Conducting Class have taken over several chorus periods and have

handled this large group exceptionally well. Last spring the Academy band attended the Eastern Maine State Music Festival at Belfast, marching in the parade and playing with the massed bands. The inspiration derived from that trip has carried over noticeably. Another phase of this work, Castine Music Camp, lends instruction and inspiration. One student attended last year and with the help of one of the town clubs along with the music department it is hoped that part expenses of several students may be paid this year. A trio and a clarinet quartet are two new Academy groups. Small group work is most interesting and beneficial to students. The music department made plans for a Cabaret to be presented in March and they hope to continue this work.

May I say here that my work in Dover-Foxcroft has always been most pleasant and that I shall always be interested in the progress of the music department. Let me express my sincere appreciation to the superintendent, principals, teachers and parents for their very splendid co-operation and interest.

Respectfully submitted,

BARBARA MILLER,

Supervisor of Music.

* * * * *

To Perry F. Shibles, Superintendent of Schools:

I herewith submit my report as Supervisor of Music in Dover-Foxcroft for the period January 21, 1935 to February 22, 1935.

The music curriculum made out by Miss Barbara Miller, my predecessor, has been followed closely so that there might not be any break in the school music department, which was so splendidly organized and carried through by Miss Miller. We have kept in mind the ideals and aims toward which Miss Miller was striving.

To sing with a light, sweet tone in concert or individually is the aim of the music teacher for the child. Music appreciation and rhythmic work supplement the primary aim.

Rehearsals are being held for the operetta "Yanki Sar" which is to be given by the Grammar school Glee Club. The Voice class that is being held regularly in

the Grammar school has shown much interest in the German Lieder. The work of this group has helped immensely in the operetta.

The seventh grade students are preparing music notebooks in which they may put anything that they have had in music during the past year, making them as attractive as possible. The eighth grade have certain blocks of work to pass in music. They are doing this in contract form outside of school.

I wish to express to the Superintendent, Principals and Teachers, my appreciation of their co-operation.

Respectfully submitted,

GERTRUDE GATELY,

Supervisor of Music.

Annual Town Warrant

To Charles E. Washburn, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said Town on Monday the eleventh day of March, A. D., 1935, at ten o'clock in the forenoon, then and there to act upon the following articles, viz:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Town Clerk, fix the compensation and raise and appropriate money therefor.

Art. 3. To choose one selectman for three years and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 4. To choose one Assessor of Taxes and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 5. To choose one Overseer of the Poor and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 6. To choose a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

Art. 7. To choose a Collector of Taxes, fix the compensation, and raise and appropriate money therefor.

Art. 8. To choose an Auditor of accounts.

Art. 9. To choose a member of the School Committee for three years and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 10. To see if the town will vote to accept the report as printed.

Art. 11. To choose one or more Road Commissioners.

Art. 12. To choose one or more Constables.

Art. 13. To choose all other officers to be elected at the annual meeting.

Art. 14. To see how much money the town will vote to raise and appropriate for Common Schools.

Art. 15. To see how much money the town will vote to raise and appropriate for Free High Schools.

Art. 16. To see how much money the town will vote to raise and appropriate for textbooks for Common Schools.

Art. 17. To see how much money the town will vote to raise and appropriate for school telephones, lights and water service.

Art. 18. To see how much money the town will vote to raise and appropriate for services of the School Committee.

Art. 19. To see how much money the town will vote to raise and appropriate for repairs on school-houses.

Art. 20. To see how much money the town will vote to raise and appropriate for school supplies.

Art. 21. To see how much money the town will vote to raise and appropriate for salary for Superintendent of Schools.

Art. 22. To see if the town will vote to authorize the School Committee to appoint a school physician in accordance with provisions of Chapter 73 of the Public Laws of 1909, and raise and appropriate money therefor.

Art. 23. To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

Art. 24. To see how much money the town will vote to raise and appropriate for insurance on school buildings.

Art. 25. To see how much money the town will

vote to raise and appropriate for officers' bills and miscellaneous expenses.

Art. 26. To see if the town will vote to purchase the bonds for the Treasurer and Collector.

Art. 27. To see what sum of money the town will vote to raise and appropriate for salaries and expenses of the Board of Health and recording Vital Statistics.

Art. 28. To see what sum of money the town will vote to raise and appropriate for Sewer Maintenance.

Art. 29. To see what sum of money the town will vote to raise and appropriate for Sewer Construction.

Art. 30. To see how much money the town will vote to raise and appropriate for construction and repairs of sidewalks.

Art. 31. To see how much money the town will vote to raise and appropriate for general repairs of highways and bridges.

Art. 32. To see how much money the town will vote to raise and appropriate for State Road Patrol.

Art. 33. To see if the town will vote "yes" or "no" on the question of raising and appropriating money necessary to entitle the town to State Aid in accordance with the provisions of Section 20 of Chapter 28 of the Revised Statutes of 1930.

Art. 34. To see what sum the town will raise and appropriate for the improvement of the section of State aid road as outlined in the report of the State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 175, P. L. of 1933.

Art. 35. To see what sum of money the town will vote to raise and appropriate for the maintenance of Third Class Road.

Art. 36. To see what sum of money the town will vote to raise and appropriate to treat the village streets against dust.

Art. 37. To see what sum, if any, the town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid roads built within the past five years in accordance with the provisions of Chapter 271, P. L. 1931.

Art. 38. To see what sum of money the town will vote to raise and appropriate for street lighting.

Art. 39. To see if the town will vote to install four (4) lights on Hancock Street and raise and appropriate the sum of Forty-eight Dollars (\$48) therefor.

Art. 40. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

Art. 41. To see if the town will vote to, and elect one member of the Board of Mothers' Aid for three years.

Art. 42. To see if the town will vote to raise and appropriate the sum of one thousand dollars to pay Bridge Bond No. 24 which becomes due July 21, 1935.

Art. 43. To see if the town will vote to raise and appropriate the amount necessary to pay interest on Bridge Bonds.

Art. 44. To see if the town will vote to raise and appropriate a sum of money for Memorial Day.

Art. 45. To see what sum of money the town will vote to raise and appropriate for band concerts or other music.

Art. 46. To see what sum of money the town will vote to raise and appropriate for the services of a Public Health Nurse or take any action thereon.

Art. 47. To see how much money the town will vote to raise and appropriate for the care of cemeteries.

Art. 48. To see if the Town will vote to raise and appropriate the sum of Fifty Dollars (\$50) for the purpose of finishing work on extension to the Lee cemetery.

Art. 49. To see how much money the town will

vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

Art. 50. To see how much money the town will vote to raise and appropriate for the support of the Thompson Free Library.

Art. 51. To see how much money the town will vote to raise and appropriate for abatements.

Art. 52. To see what sum of money the town will vote to raise and appropriate for advertising the advantages and attractions of Maine.

Art. 53. To see if the town will vote to amend Section 1 of Article 1 of the Town By-laws by inserting in said section after the word "second" the words "or third" so that said section shall read—"The annual town meeting shall be held on the second or third Monday of March, in each year."

Art. 54. To see if the town will vote to raise and appropriate the sum of One Hundred Fifty Dollars (\$150) to reimburse George E. Edgerly for taxes paid on property sold in 1920 and not reported to Assessors.

Art. 55. To see if the town will authorize the Selectmen and Treasurer to make a temporary loan in anticipation of taxes.

Art. 56. To see if the town will vote to authorize the Treasurer and Collector to refuse payment on all orders given while persons receiving the same are indebted to the town.

Art. 57. To see if the town will vote to authorize the Selectmen to execute and deliver release deeds for the town to convey the town's interest in lands previously sold to the town for taxes.

Art. 58. To see if the Town will authorize the Superintending School Committee to dispose of the Foxcroft Center school building.

Art. 59. To see if the Town will ratify the action of the Superintending School Committee in making agreement with the Trustees of East Dover Grange and Mrs. Nellie Downs for use of water from the East Dover school well.

Art. 60. To see if the Town will authorize the Superintending School Committee to make suitable arrangements with our citizens of East Dover for use of water from East Dover School well.

Art. 61. To see if the Town will vote to raise and appropriate Eleven Hundred Dollars (\$1100) to reimburse the School Department for Academy overdraft in 1934.

Art. 62. To see if the Town will vote to install two (2) electric lights on Grove Street and raise and appropriate Twenty-Four Dollars (\$24) to pay for same.

Art. 63. To see if the Town will vote to raise and appropriate the sum of Twelve Hundred Dollars (\$1200) to be expended for a night officer or other police protection and the regulation of traffic or take any action thereon. (Per petition of M. S. Blethen and 75 others.)

Art. 64. To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3000) to pay on Bonds.

Art. 65. To see if the Town will vote to raise and appropriate the sum of Eleven Hundred Forty Dollars (\$1140) to pay interest on bonds for the ensuing year.

Art. 66. To see if the Town will vote to authorize the Selectmen and Treasurer to issue three short term notes of Five Thousand Dollars (\$5000) each to take care of Tax loans not paid, until available assets come in.

Art. 67. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5000) to balance the accounts for the year 1934.

The undersigned, Selectmen of Dover-Foxcroft will be in session at their office in Central Hall building on Monday, the eleventh day of March, A. D., 1935, at nine o'clock in the forenoon for the purpose of hearing and deciding upon the application of persons claiming the right to have their names entered upon the voting list of said town. Given under our hands at said Dover-

Foxcroft this twenty-seventh day of February, A. D.
1935.

L. M. SNOW,
H. R. WILLIAMS
WALLACE DOW
Selectmen of Dover-Foxcroft.

	Ora Mann	46.75
Total		4,175.26

NOTE: Approximately \$2,500.00 should be available in the near future. At the present time we have three families on relief in other towns, one in Milo, one in Parkman and one in Belfast; we also have one single person in Portland, on relief at a very small expense.

CANNING CENTER

The canning center this year was located in the Hughes building on Mechanic Street under the supervision of Mrs. Marjorie Gray, Supervisor, and Herman Larrabee, Assistant.

The arrangements in this place were very much better than the year before and the output of the center was more than double that of 1934. The total number of cans for the season was approximately 33,000. For the expense of fitting up and moving the center, the town received about 1,500 cans and the town has been allotted about 1000 cans from the surplus.

If the center is conducted another season, there will be a very small expense for the town for operating as the room was left ready for use another season.

H. R. WILLIAMS,

ERA Administrator.

Report of Public Health Nurse

FEBRUARY 1, 1935—FEBRUARY 1, 1936

To Board of Selectmen and Citizens of the Town of
Dover-Foxcroft, Maine.

Since headquarters are within the town, telephone, office and street visits have been innumerable, it has not been possible to keep a full account of each and every service rendered and a record of only the important or permanent cases has been attempted.

To make a brief and concise report of such activities as have taken place within the past year is almost an impossibility.

While the prime objective of our service is HEALTH EDUCATION and PREVENTION OF DISEASE working toward maximum body, mind and moral efficiency i.e. HEALTH ASSURANCE through correlation of instruction in health habit formation and disease prevention, and activities of all sorts involving problems of medical and social nature, it has been necessary to supplement our prime object with adaptable and practical solutions such as emergency relief by demonstration in bedside care, securing hospitalization and material aid. The efforts have not been confined to any one group or age.

Since the basis of a disease prevention program seems to lie with children of school age and because at this age they are more amenable to teaching, it is possible that more emphasis has been put on the child although work among adults and parents in the teaching of hygiene, care of the sick and the necessity of corrections has been a good part of the program.

The demands for medical-social welfare have increased but resources for obtaining aid in these cases seem to be on the decrease. However, the response to specific requests has been generously met in town by the Percolator Club, the Welfare Committee of the Town Club, Eastern Maine General Hospital and state institutions, dentists, doctors and oculists.

Statistics are dry and uninteresting and in no wise do they measure time, effort or result but the following figures will show some of the work covered in the last year:

Patients receiving service in the home.....	111
Infants	8
Preschools	18
Schools	26
Prenatal	6
Deliveries	2
Postpartums	2
Tuberculosis	6
General adults	35
Social welfare	8
Note: Many of these patients have received more than one visit.	
Hospitalization secured for 10 patients	
Bedside (emergency) care, 14 patients	
Operations with anaesthesia at nurse's home, 3 patients	
Operations with anaesthesia at patient's home 2	
Patients accompanied to hospitals, 10	
Talks to clubs and other service as requested.	

SCHOOL NURSING

Although the county nurse is not designated as a "school nurse" as her specific duty, class-room inspections have been given as requested, home visits to school children made, school children received at the office for treatment, etc. Since it had been some time since school children had received a complete physical examination, it seemed wise that 1935 should be a year for this purpose. Therefore early in the spring this was done and at the end of the school year the following statistics were available:

Schools visited were North Street, Pleasant Street, Brockway, Macomber's Corner, Bear Hill, South Dover and East Dover.

Total number of pupils examined.....	598
Number of pupils without defects	155
Defects as follows:	
Vision or eye strain	74
Hearing	23

Teeth	269
Enlarged tonsils	97
Enlarged glands	36
10% or more underweight	21
Other defects including enlarged thyroids, skin disease, orthopedic defects, etc.	58
Corrections noted since last complete physical examination.	
Glasses (new or refitted)	58
Teeth (mostly fillings)	107
Throat	62

The Audiometer Test was given to 200 Academy students. At the first examination 58 failed this test and were given a second trial. At the final analysis only three could be called hard of hearing.

During the 1934-1935 school year, much school time was lost on account of various types of contagious disease. Therefore one might here stress the need of cooperation of parents in isolating children in the family who are suffering with such a disease and protect others by keeping them indoors when excluded from school on account of communicable disease of any sort.

Many follow-up visits have been made to homes in behalf of correction of defects found at school examination. As soon as school opened in the fall all schools were visited and class-room inspection made for evidence of skin disease which might be communicable to others. While we still find a few cases, the number is much less than a few years ago. At this time all medicine closets and first aid kits were inspected and replenished as necessary. All pupils at North Street school have been recently weighed.

The large number of dental defects among school children proves the need of some sort of dental clinic work.

INFANT & PRESCHOOL CLINICS

Two of these clinics were held with Miss Ricker at the Chapel the use of which was kindly given by the Community Church. Due to lack of funds it was necessary to curtail the number of clinics. However, the at-

tendance was very good there being 49 in all, 11 infants and 28 preschools. Sixteen of these children presented no evidence of defects. Dr. E. D. Merrill kindly consented to act as clinician. The parent was interviewed if necessary and instruction given in regard to care. Literature suitable to age of child was distributed.

RECOMMENDATIONS FOR YOUR

CONSIDERATION—1936

1. Closer co-operation of parents in protecting the public by keeping children who are suffering from communicable disease away from those who have not been exposed.
2. Immunization—Shick test and Toxoid for diphtheria; Vaccination against small-pox.
3. Reporting of all communicable diseases to health officer.
4. Tonsil and Adenoid Clinic privileges.
5. Dental Clinic privileges
6. Tuberculosis Clinic.

In closing we wish to express our appreciation and thanks for the loyal suport of the townspeople, taxpayers, Christmas Seal purchasers, The Piscataquis Observer, Bond purchasers, Memberships, organizations, clubs, churches, doctors, dentists, oculists, town officers, school board, superintendent of schools, teachers, and in fact all who have contributed in time, money and interest this past year toward our endeavors to make Dover-Foxcroft a healthier place to live in.

Respectfully submitted,
Piscataquis County Nursing Service
by LOUISE B. NICHOLS, R. N.

Public Health Nurse.

REPORT OF LIBRARIAN

The library has been able to resume its full schedule the past year because of the increase of the appropriation at the last town meeting.

The circulation of books and the use of the library for study purposes is about the same as in the past years. The sending of boxes of books to the rural schools, which had been discontinued for a number of years, was resumed last fall and is much appreciated by teachers and scholars.

* From State & other Snow Removal.

State road constructed in 1935: State aid road on Pleasant Street, 1400 feet—the State held back enough of the State aid joint fund to far this piece of road this spring.

Third Class road to Lincoln Dow's corner and on Atkinson road 2700 feet—the State Highway Commission re-designated for 3rd class construction the road from Lincoln Dow's Corner to the Atkinson line to meet Atkinson 3rd class completed some years ago.

Special Resolve road—construction of ERA construction on Park Street 1100feet—There is another \$1000 Special Resolve money to continue this work the coming summer.

ERA & WPA Road Project: From Lincoln Dow's corner on the road to South Dover: a first class piece of road has been constructed and the work is still going on under the Federal WPA project. There is now completed on this job some over 3000 feet and the project has several months to run provided that Federal money is available.

AUDITOR'S REPORT

March 6, 1936.

This is to certify that I have examined the books of the Treasurer, Collector, and Selectmen and find them correct.

MALCOLM C. ARNOLD, Auditor.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my fourth annual report of your schools for 1935-36.

TEACHERS

The following is the list of teachers employed in the Dover-Foxcroft Elementary Schools for the year 1935-36. Also their position, number of pupils registered, years of experience and annual salary.

Teacher	Position	No. Pupils Registered	Years' Exper.	Salary per year
Grammar School:				
Harriette E. Crockett	Gr. 8B & Pr.	29	21	\$859.95
Bertha M. Tardy	Gr. 8A	30	26	831.60
John F. Harriman	Gr. 7B	28	1	831.60
Bernice W. Sterling	Gr. 7A	31	15	831.60
Effie D. Bolton	Gr. 6	32	12	831.60
Pleasant Street:				
Ava E. Goff	Gr. 5 & Pr.	26	22	859.95
Alice Austin	Gr. 4	25	11	831.60
B. Thelma Nichols	Gr. 3	33	12	831.60
Ola F. Blood	Gr. 2	26	15	831.60
Gertrude Calkins	Gr. 1	22	8	718.20
Marion Trimble	Gr. Sub.	36	3½	756.00
North Street				
Harriette H. Crockett	Gr. 6 & Pr.	31	23	859.95
Mildred C. Hewett	Gr. 5	29	11	831.60
Marion G. Rollins	Gr. 4	29	16	831.60
Mildred P. Pratt	Gr. 3	36	12	831.60
Dorothy Packard	Gr. 2	31	10	831.60
Louise MacFadyen	Gr. 1	26	7	831.60
Dorothy F. Greenlaw	Gr. Sub	42	12	831.60
Special Teachers:				
Gertrude Gately	Music		1	787.50

Dr. C. N. Stanhope	Physician			150.00
Rural Teachers:				
E. Evelyn Bowley	Bear Hill	26	8	642.60
Doris Hathorn	Brockway	23	15	756.00
Velma Burgess	E. Dover S-4	21	3	642.60
Nellie Downs	E. Dover 5-8	28	18	756.00
Louise Campbell	South Dover	17	3	642.60
Marion Doore	Norton Hill	9	2	529.20

Last winter at the close of the municipal year, our school attendance was badly broken up, due to communicable children's diseases. These carried on, to practically the close of the school year in June. As a result, the level of accomplishment, by grades, was

low. During the summer vacation the physical condition of the boys and girls improved wonderfully. At the opening of school in September, they were ready for work. At first considerable review work was necessary, and the report from teachers was that they were making slow progress. But the latter part of the fall term, there was a very noticeable improvement, which has continued up to the present. Attendance, for the most part, has been excellent. We have a few families, who, apparently, feel that there is no obligation on their part, to see to it, that their children attend school regularly, and allowed to continue, it is not long before the child entertains the same attitude. In some cases road conditions have made it impossible for children to attend regularly.

Two transfers and one new teacher were the only changes in our teaching staff for the year 1935-36. Miss Louise Campbell, teacher at Bear Hill, was transferred to South Dover, and Miss E. Evelyn Bowley of Milo, with 8 years experience, a graduate of Gorham Normal School, with summer work at the University of Maine Summer School, was elected teacher at Bear Hill. Miss Bowley came to us with the best of recommendations and her work in the school maintains them.

Last spring Mrs. Aldine Farrar resigned her position in the Sub-Primary School at East Dover, which she had so efficiently filled for the past several years. Miss Velma Burgess was elected to fill the vacancy for the year 1935-36, the Macomber school where she had previously taught, being closed.

Teachers attending summer school in 1935 were: Miss Dorothy Greenlaw, Bates College; Miss Marion Doore, Farmington Normal School; Miss E. Evelyn Bowley, University of Maine. The State Teachers' Convention at Bangor and the County Convention in Greenville were well attended by teachers throughout the school system.

Last fall two courses in Education were offered to the teachers of the union. With two exceptions, all took advantage of this opportunity. The courses, "Modern Methods in Teaching", and "Tests and Measurements and their Interpretations", were given

in the Grammar School building for 15 weeks at about one third the expense of attending summer school. Each course entitled teachers to two hours credit toward college work. The Instructors were Prof. Ernest Jackman and Dr. J. C. Crawford, of the Faculty of the University of Maine, College of Education. In conjunction with the course in Measurements a complete testing program was carried out in the schools. The objective in putting on the Testing program was for the following information: 1. To find out how the accomplishment of pupils, by grades, compared in our schools, with those of other school systems throughout the United States, where a similar program had been carried out. 2. To ascertain, in which subjects there was need of improvement in our method of instruction and use of materials. 3. To develop a systematic type of remedial work, giving attention to individual instruction. 4. To ascertain weaknesses in the system of teaching and the program arrangement, in order that we may reduce the need for remedial teaching.

Our teachers did a fine piece of work, and our boys and girls, in practically every grade, ranked above that of the country average. Teachers were highly complimented by both instructors. They expressed, that it had been one of the finest groups they had worked with.

BOOKS AND SUPPLIES

The introduction of the following books has been made: New Geographies "Neighborhood Stories" by Atwood & Thomas for grade 3; "History of Maine" by Glen W. Starkey for grade 8; Dictionaries for grades 6 and 8A Grammar building; four sets of supplementary readers for grades Sub, 1, 2, 3; four sets of Library books, together with many separate copies. Replacement costs of books has been large this year and will continue to be for the year 1936-37. It will be necessary to make re-placements or new introductions of arithmetics, geographies, and histories in many of the grades next year. We are asking for \$200 additional in this account. This is about \$1.40 per pupil, which is below the state average.

Mrs. Dorothy Howse is at present working in the office on a W.P.A. project, cataloging books and will continue until about May 1st. It is believed that by that time a complete record of books will have been taken, and from then on the distribution of all books will be handled by a card system, so that the office will know the number and condition of all books, in all school rooms.

All necessary supplies have been furnished. It is the desire of your Superintendent and School Committee Members, to furnish your schools with a liberal amount of supplies. We believe that the greatest efficiency of your teaching force can be realized only when they have had ample supplies to work with. This we feel has been done. In all instances, we feel that the teachers have shown results, which warrant the expenditures.

REPAIRS

Mr. Pearl, as in past years, has had general supervision of repairs. Only one C.W.A. Project has been carried on this year, that being the dismantling of the Foxcroft Center school building. The Committee found that more could be realized from sale of materials, than from the building. \$151.35 has been received for lumber, clapboards, windows, and brick, besides approximately \$75 worth of materials used to repair school buildings in town and at East Dover. There are un-sold windows and weights and several hundred brick.

Major repairs for the year are as follows:

NORTH STREET: Repaired two roofs and built a new piazza; equipped five rooms with double roller shades.

GRAMMAR: Put new coating of asphalt on roof and lengthened the chimney.

EAST DOVER: Bought steam heating plant of Sangerville Masonic Order and installed in building at a cost of \$352.55.

PLEASANT STREET: Double roller shades were bought for four rooms.

The total cost of shades for North Street and Pleasant Street buildings was \$186.86. New steam valves have been installed in many of the radiators at a cost of \$72.00. The buildings are in excellent condition. Your School Committee have a program for the future, whereby they may be kept so, at a reasonable expense.

THE ACADEMY

The longer period at the Academy is giving a much broader program for students. A vast amount of individual work is being done. The instruction is of a practical type, such as is being carried on in the more advanced schools of our country. Prin. Stone and his faculty, are making a real study of the students and their school problems. It would be an interesting day for any citizen of our town to visit the Main room of the Academy, which has been turned into a Library laboratory. You will find many carefully supervised groups, working on many different problems. The several departments are fast developing home-room libraries, which make a great deal of material outside of their textbooks, available to the students in their courses.

SPECIAL TEACHERS

Reports of your District Nurse, Mrs. Louise Nichols, and School Physician, Dr. C. N. Stanhope, will be found in your report. During the epidemic of diseases, last spring and the Infantile Paralysis scare last fall, they spent a great deal of time in our schools. It is difficult to state in dollars and cents the value of a School Physician and School Nurse. Many corrections are made through their examinations, which might not be called to the attention of parents until serious complications had developed.

Miss Gertrude Gately, Music teacher in our school system, is doing a very commendable piece of work with our boys and girls. A Grammar school Orchestra and Violin class have been started this year. It does seem now, with the Boys' Band, organized by Mr. Crockett, and the additional interest in instrumental music in our schools, that a very capable Grammar School Orchestra is in the making. I urge parents to

give a little more thought to education of their children in music, having them learn to play some instrument.

THE COMING YEAR

The School Department, through the splendid co-operation of all interested in the schools, has been able to complete the present municipal year, with substantial balances, in all departments. It was stated by the School Committee, to last year's Budget Committee, that if conditions warranted it, they would return to the teachers, at the opening of schools in September, 5% of the salary reduction since 1931. It was possible to do this. The maximum weekly wages are: Principals \$23.89; other teachers in town \$23.10; Rural \$21.

Again, as in years past, your School Committee has made a complete financial report to your Budget Committee, showing to that committee, that lower reductions in school appropriations would not, in the minds of the committee, be advisable, for the best interests of education in Dover-Foxcroft. The School Committee and Superintendent are always ready to discuss school matters and do not want any citizen to feel that they haven't any part or interest in our schools. Whether you have children or not you are interested in Dover-Foxcroft, and its future depends upon the quality of schools maintained.

To my Teachers, to members of my School Board and the Selectmen, to the Parents and their boys and girls, and to the Citizens of Dover-Foxcroft, I thank you for your splendid cooperation in the past. I solicit it in the future.

Respectfully submitted,

PERRY F. SHIBLES,

Superintendent of Schools.

To Superintendent Perry F. Shibles:

Herewith is submitted the report of the School Physician for the current year.

At the time of opening school last Fall there were cases of infantile Paralysis in nearby towns. Since this disease is ushered in with minor symptoms it was

deemed best to be over rather than under cautious. For that reason all children showing any evidence of "colds" or digestive upset were excluded from school for observation. Within this district no cases developed. The State Dept. of Health was called in a few instances and concurred fully in this manner of handling the situation. As might be expected your physician was besieged with phone and office calls without number but the results compensated for the great increase of extra work.

Routine examinations show that teeth still give us the greatest number of defects. It is gratifying to see the number of corrections that have been made and to note the expected improvement in scholastic standing. Gain in weight and vigor has followed removal of defective teeth and tonsils. Much still remains to be done in this work.

As usual, Mrs. Nichols has given freely of her time and effort in observation of suspects and in examinations. The large number of corrective measures would not have been carried out without her assistance. I hope sincerely you may continue to have her in your schools.

The number of school hours lost this year from sickness has been very small. There has been no epidemic of any serious disease. Scabies (the itch) still appears from time to time and will continue to do so until proper attention in treatment and care is given. It can be completely wiped out.

Eternal vigilance is the price to be paid for a freedom from communicable diseases. Prevention of sickness is a busy job for teachers and parents but, as compared to caring for a sick child, it is nothing. Teachers and parents alike have been most helpful in the task and I am sure you may expect this watchfulness to continue. Utopia has not been reached however. In due course of time there will be more measles, mumps, whooping cough, chicken pox, scarlet fever etc., just how many cases being directly proportional to carelessness in letting down the bars of regulations.

Respectfully yours,

C. N. STANHOPE, M. D.

To Perry F. Shibles, Superintendent of Schools:

I herewith submit my second annual report as Music Supervisor in the public schools of Dover-Foxcroft for the year 1935-36.

Last spring the Grammar School Glee Club presented an operetta "Yanki San" as part of the school exhibition given in May. This year the Glee Club in conjunction with the Grammar School orchestra plans to present a concert during exhibition week.

Two new extra-curricular activities have been started this year. The Grammar School orchestra and a violin class composed of pupils from the third through the eighth grade. The Boys' Band which was organized by interested citizens of the town with the personal help of George Crockett has helped fill out certain sections of the school orchestra tremendously. The Brass wind and Wood wind sections are much stronger than the string sections. The violin class will help to strengthen the string section.

The Music department of Foxcroft Academy is planning a Musical to be presented early in March. The Girls' Glee Club gave a program of Christmas music at the December meeting of the Parent-Teacher Association. The Academy orchestra has played several times for Town functions, the school plays and Commencement.

We have tried in our regular school work this year to combine somewhat Music and Art. The child has expressed the mood or story of a certain piece of music in drawing. The idea has been carried out a little further by the seventh grade in the booklets they are making outside of school. They select a piece of music which appeals to them and find a picture and a poem which expresses to them the same story.

May I express my appreciation for the co-operation of the Superintendent, Principals, Teachers and Parents.

Respectfully submitted,

GERTRUDE I. GATELY,

Supervisor of Music.

Kenneth W. Barker, B. S.	Science

Alfred J. Fortier

Arnold G. Westerberg, A. B.

Gertrude Gately, B. S. E.

Madelyn C. Ballard

Science

History

Music

Secretary to Principal

Miss Culley was the only member of the faculty who attended summer sessions last year, her work being done at Harvard. During the past year there have been no changes in the faculty. Your faculty, as has been previously noted, is well qualified by training and experience. It has carried on the work of the school in an efficient and conscientious manner.

THE BUILDING

During the past year, the building has been painted on the exterior; exits at the rear of the building, which make it more serviceable to the school as well as providing an element of safety which has been much needed have been built. The school office has been remodeled in the interests of better service; and library shelves installed in Room 8 to make adequate provision for the Social Studies library and in Room 2 for the Science library. The Laboratory in Room 2 has been equipped with gas thus filling a need which has long existed. The grounds about the building have been further improved by grading and the completion of a road around the building. I feel that much has been done under the supervision of the Building Committee in spite of limited funds to make the building more serviceable to the school.

THE STUDENT BODY

Enrollment by Classes

Class	Boys	Girls	Total
Freshmen	34	49	83
Sophomores	34	30	64
Juniors	30	25	55
Seniors	21	25	46
Post graduates	1	2	3
Special		1	1
	—	—	—
	120	132	252

Enrollment by Curricula

Class	College Prep.		English		Commercial	
	Boys	Girls	Boys	Girls	Boys	Girls
Freshmen	7	12	22	21	5	16
Sophomores	5	7	28	4	1	19
Juniors	7	6	16	6	7	13
Seniors	1	4	19	12	1	9
	—	—	—	—	—	—
	20	29	85	43	14	57

The student body is made up of 232 residents of Dover-Foxcroft and 20 students from Sebec and Atkinson. This shows a slight increase over the enrollment for last year. Our student body on the whole, is doing a good grade of work and co-operates well with the faculty. Young people of high school age are faced with many perplexing problems. Foxcroft Academy is the community agency in Dover-Foxcroft to aid these young people to a better solution of these problems.

SCHOOL PROGRAM

In brief, our school program is built around three curricula: College Preparatory, Commercial, and English or General.

The College Curriculum fits students of average mental ability or better, possessing good character and habits of work, for admission to most colleges. Its content is determined by college admission requirements.

The Commercial Curriculum gives the foundation for work of a general commercial nature including the work in handling accounts and secretarial work. This curriculum serves the needs of those who expect to do office work.

While the work required in the above curricula is quite highly specialized in the last two years, the English Curriculum offers opportunities for those students; and these constitute a majority; who do not wish the specialization required for entrance to an academic college or for secretarial and office work. Recent changes in our school program have been sought to enrich and make as practical as possible the offerings for these students. This year changes have been authorized by the Joint Committee for a second year of

Mathematics and a course in Current History. Both of these courses are proving their value in offering added opportunities to students. As a part of the work in Mathematics, an introduction to work in mechanical drawing is being given. This work is proving both valuable and interesting to many students.

The course in Current History is particularly valuable in these times when people are confused as to the ideals and purposes as well as the successes of democracy as a form of government. It is fair to assume that the American schools should teach the principles of Americanism. Most observers agree that America suffers more from the weakness of ideals within rather than attacks of forces from without. On the whole, students are responding very well to this type of study and are beginning to recognize the problems facing the American nation today.

The Faculty and The Joint Committee seek to be alert to the problems of the school and to change and adapt the work of the school as well as the conditions imposed upon them permit.

CONCLUSION

In conclusion, I wish to express my appreciation to the many friends of the school and especially to the Building Committee, Joint Committee, and Superintendent of Schools, who have helped in the successful operation of Foxcroft Academy during the year just passed. Such co-operation makes it a pleasure to work in this community.

Respectfully submitted,

FRANK G. STONE, Principal.

REPORT OF MAYO MEMORIAL HOSPITAL TRUSTEES

The Trustees of the Mayo Memorial Hospital present herewith a brief report of the equipping, opening and progress of the Hospital since the property came into the possession of the town.

At the special town meeting in September, when the property was accepted by the town, Mr. C. A. Runnals and Mrs. Sara M. Glidden were elected as Trustees on the part of the town and H. R. Williams was appointed to represent the Board of Selectmen.

The most important question that confronted the Trustees was the selection of a Superintendent for the Hospital. By patient waiting we have every reason to believe we were very fortunate in securing for this important position, Miss Dorothea M. Rice, R. N.

Miss Rice is the daughter of Mr. and Mrs. Seldon D. Rice of Guilford, well known residents of this county, and was graduated from the Massachusetts Memorial hospital Oct. 11, 1919. For a year following she did private duty in and around Boston, then for a year was head nurse on the obstetrical floor of the Lynn hospital, following which she was superintendent of the Obstetrical department of the Brockton hospital for 17 months, and Assistant Superintendent of nurses in the same hospital for two years.

After having taken a post graduate course in the Boston Lying-in hospital Miss Rice returned to the Massachusetts Memorial hospital where for seven months she acted as head nurse on the obstetrical floor, and then as Assistant Superintendent of nurses. After 10 months of service there illness necessitated lighter work, with the result that Miss Rice resigned from that position and spent two years as Assistant Superintendent of the Florence Crittenden home and hospital in Brighton.

In December, 1930, she assumed the position of Obstetrical supervisor at the Maine General hospital, Portland and in 1935 took a six weeks course at Simmons College, Boston.

The next in importance was the selection and pur-

chase of the equipment for the Hospital and Miss Rice cooperated with the Trustees in a most helpful way in the selection of such an outfit as would give us a well equipped hospital at an expense not very much exceeding the means available. We have not furnished the waiting room and sun parlor. The nurses' rooms have only the bare necessities. We have not purchased the rubber hall runners necessary to protect the floors and make them safe. Nor have we any typewriter and safe, the latter being a very necessary part of the equipment of a hospital.

It is not necessary in this report to go into details of the equipment as at the opening on January 25, 1936, about five hundred people visited the hospital during the afternoon and evening and know better than we can tell here that the institution is one of which our town can be justly proud.

The donations on this afternoon and evening, too numerous and extensive to detail in this report, were simply wonderful and showed the splendid interest that the townspeople have in the hospital. There were many donations also from people outside the town and for all those and other gifts received since the opening, the Superintendent and Trustees wish to express their sincere appreciation.

Again the Trustees feel that they were exceptionally fortunate in securing for a cook for the hospital, Mrs. Ethel Sawyer. Mrs. Sawyer is too well known in this and other towns to need any words of commendation in this report. Her work thus far has proven conclusively the wisdom of our choice. We are pleased to report that all connected with the hospital since it was opened, have cooperated in every way possible to make it successful.

The work done by the various women's organizations and clubs of the town has been of great assistance and value to the Hospital in equipping and preparing materials for use after the opening for business. One or two groups are still going each week to carry on this work.

It is too soon as yet to determine very definitely the income from the Hospital as compared with the ex-

pense but very careful accounts for the month of February show something more than a hundred dollars more earnings than expense.

At the present time there are patients to nearly the full capacity and there is every indication that the Superintendent, nurses and all concerned are working for the best interests of these patients and the success of the Hospital.

CLAIR A. RUNNALS,

SARA M. GLIDDEN

HARVEY R. WILLIAMS

Hospital Trustees.

Annual Town Warrant

To Charles E. Washburn, or any Constable of the Town of Dover-Foxcroft, in the County of Piscataquis:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said Town, on Monday the sixteenth day of March, A. D., 1936, at ten o'clock in the forenoon, then and there to act upon the following articles, viz:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Town Clerk, fix the compensation and raise and appropriate money therefor.

Art. 3. To choose one selectman for three years and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 4. To choose one Assessor of Taxes and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 5. To choose one Overseer of the Poor and fill any vacancy in accordance with provisions of the Town by-laws.

Art. 6. To choose a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

Art. 7. To choose a Collector of Taxes, fix the compensation, and raise and appropriate money therefor.

Art. 8. To choose an Auditor of accounts.

Art. 9. To choose a member of the School Committee for three years and fill any vacancy in accordance with the provisions of the Town by-laws.

Art. 10. To see if the town will vote to accept the

report as printed.

Art. 11. To choose one or more Road Commissioners.

Art. 12. To choose one or more Constables.

Art. 13. To choose two members of the Board of Trustees of the Mayo Memorial Hospital, for not more than three years.

Art. 14. To choose all other officers to be elected at the annual meeting.

Art. 15. To see how much money the town will vote to raise and appropriate for Common Schools.

Art. 16. To see how much money the town will vote to raise and appropriate for Free High School.

Art. 17. To see how much money the town will vote to raise and appropriate for textbooks for Common Schools.

Art. 18. To see how much money the town will vote to raise and appropriate for school telephones, lights and water service.

Art. 19. To see how much money the town will vote to raise and appropriate for services of the School Committee.

Art. 20. To see how much money the town will vote to raise and appropriate for repairs on schoolhouses.

Art. 21. To see how much money the town will vote to raise and appropriate for school supplies.

Art. 22. To see how much money the town will vote to raise and appropriate for salary for Superintendent of Schools.

Art. 23. To see if the town will vote to authorize the School Committee to appoint a school physician in accordance with provisions of Chapter 73 of the Public Laws of 1909, and raise and appropriate money therefor.

Art. 24. To see if the town will authorize the

School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

Art. 25. To see how much money the town will vote to raise and appropriate for insurance on school buildings.

Art. 26. To see how much money the town will vote to raise and appropriate for officers' bills and miscellaneous expenses.

Art. 27. To see if the town will vote to purchase the bonds for the Treasurer and Collector.

Art. 28. To see what sum of money the town will vote to raise and appropriate for salaries and expenses of the Board of Health and recording Vital Statistics.

Art. 29. To see what sum of money the town will vote to raise and appropriate for Sewer Maintenance.

Art. 30. To see what sum of money the town will vote to raise and appropriate for construction of Sewer back of houses on North Street to Summer Street.

Art. 31. To see how much money the town will vote to raise and appropriate for construction and repairs of sidewalks.

Art. 32. To see how much money the town will vote to raise and appropriate for general repairs of high ways and bridges.

Art. 33. To see how much money the town will vote to raise and appropriate for State Road Patrol.

Art. 34. To see if the town will vote "yes" or "no" on the question of raising and appropriating money necessary to entitle the town to State Aid in accordance with the provisions of Section 20 of Chapter 28 of the Revised Statutes of 1930.

Art. 35. To see what sum the town will appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the pro-

visions of Section 3, Chapter 173, Public Laws of 1935.

Art. 36. To see if the town will vote to raise and appropriate the sum of Eleven Hundred and Seven Dollars (\$1107) for the maintenance of Third Class Road.

Art. 37. To see what sum of money the town will vote to raise and appropriate to treat the village streets against dust.

Art. 38. To see what sum, if any, the town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid roads built within the past five years in accordance with the provisions of Chapter 271, P. L. 1931.

Art. 39. To see what sum of money the town will vote to raise and appropriate for street lighting.

Art. 40. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

Art. 41. To see if the town will vote to, and elect one member of the Board of Mothers' Aid for three years.

Art. 42. To see if the town will vote to raise and appropriate the sum of One Thousand dollars to pay Bridge Bond No. 25 which becomes due July 21, 1936.

Art. 43. To see if the town will vote to raise and appropriate the amount necessary to pay interest on Bridge Bond.

Art. 44. To see if the town will vote to raise and appropriate a sum of money for Memorial Day.

Art. 45. To see what sum of money the town will vote to raise and appropriate for band concerts or other music.

Art. 46. To see what sum of money the town will vote to raise and appropriate for the services of a Public Health Nurse or take any action thereon.

Art. 47. To see how much money the town will

vote to raise and appropriate for the care of cemeteries.

Art. 48. To see if the town will vote to raise and appropriate a sum of money to be used for destroying rag weed along the sides of public highways.

(By request of Dr. George H. Coombs,
Director of Public Health)

Art. 49. To see if the town will vote to raise and appropriate the sum of Three Hundred and Sixty-Five Dollars (\$365) to pay Wester Blethen and wife one dollar per day for the ensuing year.

Per petition of the following taxpayers:

F. H. Palmer	Bernice G. Palmer
C. H. Weston	T. E. Wood
E. C. Weatherbee	A. W. Gilman & Co.
H. W. Thayer	R. G. Gould
Ober & Clark	Haskell & Corthell
Ralph H. Vaughan	J. L. Demeritt
Ada Barney	C. W. Genthner
Violet M. Austin	S. T. Oaks
P. E. Ward & Co.	Francis C. Peaks
B. B. Anderson	I. A. Hall
Charles Bearce	C. A. Merrill

A. H. Comeau

Art. 50. To see how much money the town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

Art. 51. To see how much money the town will vote to raise and appropriate for the support of the Thompson Free Library.

Art. 52. To see how much money the town will vote to raise and appropriate for abatements.

Art. 53. To see what sum of money the town will vote to raise and appropriate for advertising the advantages and attractions of Dover-Foxcroft.

Art. 54. To see if the town will authorize the Selectmen and Treasurer to make a temporary loan in anticipation of taxes.

Art. 55. To see if the town will vote to authorize the Selectmen to execute and deliver release deeds for

the town to convey the town's interest in lands previously sold to the town for taxes.

Art. 56. To see if the town will vote to authorize the Treasurer and Collector to refuse payment on all orders given while persons receiving the same are indebted to the town.

Art. 57. To see if the town will vote to authorize the Tax collector to allow 2% discount on all taxes paid before July 1, 1936.

Art. 58. To see if the town will vote to authorize the Selectmen to have installed one or more lights on Union Street between those now maintained at either end.

(Per petition of 18 residents of Union Street)

Art. 59. To see if the town will vote to authorize the Selectmen to locate and install one or more lights on Fairview Avenue.

Art. 60. To see what sum the town will vote to raise and appropriate to be expended for a night officer and the regulation of traffic, or take any action thereon.

Art. 61. To see if the Town will vote to raise and appropriate the sum of Three Thousand dollars (\$3000) to pay on Bond Issue of 1934.

Art. 62. To see if the Town will vote to raise and appropriate the sum of Ten Hundred Twenty Dollars (\$1020) to pay interest on bonds for the ensuing year.

Art. 63. To see what action the town will take in relation to the purchase of the snow removal equipment leased for use for the present season, namely, a McCormick-Deering road plow and a sidewalk plow, the amount of lease contract to be allowed on the cost price of the same.

Art. 64. To see what sum, if any, the town will vote to take from Highway Appropriation to purchase snow fence.

Art. 65. To see if the town will vote to amend the by-law adopted at the Annual Town Meeting March

17, 1924 by changing the word "shall" to the word "may" in the first line of Paragraph 3 of said article and by inserting in said Paragraph after the word "with" in line 5 the following, "and in their judgment such tank or pump will not interfere with traffic nor create a fire hazard," so that the article shall read:

"The Municipal Officers may issue a license for the maintenance of such tank or pump when they are satisfied that the above regulations have been complied with and in their judgment such tank or pump will not interfere with traffic nor create a fire hazard, which license they shall record in a book kept for that purpose. Any such license once given may be revoked by the Municipal Officers when, in their judgment, the erection and maintenance of such tank or pump does not conform to the above regulations."

Art. 66. To see if the town will vote to authorize the Selectmen to petition the Legislature for an act to create a Town Manager form of government for the Town of Dover-Foxcroft.

(By request of W. E. MacDougal, M. D.)

Art. 67. To see if the town will vote to change the name of Grove Street to Averill Road.

(By request of Alice Averill)

Art. 68. To see if the town will vote to raise and appropriate the sum of five hundred (\$500.00) dollars to pay first note of Hospital loan, and two hundred one dollars and eighty-eight (201.88) to pay interest on said loan for the ensuing year.

The undersigned, Selectmen of Dover-Foxcroft will be in session at their office in Central Hall building on Monday, the sixteenth day of March, A. D., 1936, at nine o'clock in the forenoon for the purpose of hearing and deciding upon the application of persons claiming the right to have their names entered upon the voting list of said town. Given under our hands at said Dover-Foxcroft this second day of March, A. D., 1936.

H. R. WILLIAMS

WALLACE DOW

LISLE M. SNOW

Selectmen of Dover-Foxcroft.

In making comparisons between last year and this it should be noted that money was appropriated for items not appearing in the above in an aggregate amount of \$6,800.00, making the total for last year \$97,052.00.

The valuation last year, as used in making the assessment, was \$2,793,079. Deducting from that amount \$70,000.00 estimated to have been lost through fires and from other causes, and not making any allowance for a possible increase from any source (which, of course, may happen) gives us a valuation of \$2,723,079 for the present year. A tax assessed upon that valuation at a rate of .044 should produce in revenue \$119,815.48. Adding to this the income from 1100 polls at \$3.00, or 3,300.00, makes a total of \$123,115.48.

Estimated expenses, based on the above recommendations:

Budget recommendations,	93,477.88
State tax	21,007.59
County tax (estimated)	3,481.03
	<hr/>
	117,966.50
Overlay	5,148.98

123,115.48

We would call attention to the fact that any increase in appropriations over the amount which we have recommended, if in an amount which will not be covered by the overlay, will necessarily mean an increase in the rate over .044. We do not feel that it is for us to say at what rate the tax should be kept, but we do feel that it is proper for us to recommend that every possible effort be made by all municipal officers charged

with the expenditure of money to keep within appropriations. We regard it as more important to keep our expenditures within our available resources than to try to keep our tax rate at any arbitrary figure. It is no advantage to the tax payers to keep the tax rate down unless the expenditures can be kept within the limits of the money produced by that rate.

REPORT OF LIBRARIAN

The circulation of books and the use of the library for study purposes by the students and the general public has been about the same as usual.

The sending of the boxes of books to the rural schools has been continued most successfully.

Dr. E. D. Merrill, the member of the Executive committee, elected by the Library association resigned last April and Thompson L. Guernsey was elected to fill the vacancy.

Books and Periodicals Issued Feb. 1, 1936—Feb. 1, 1937

	12,047.28
Expenditures up to Feb. 20, 1936	5,661.94
Expenditures for year	12,047.28

Total hospital expenditure 17,709.22
 The hospital trustees keenly felt the death of one of their members, Harvey R. Williams, who from the beginning of the institution was very much interested in it and who devoted much time and thought to its opening and operation.

MRS. HAROLD E. GLIDDEN
 GEORGE W. SANFORD

Last spring the hospital purchased 100 day old chicks. In the fall we sold 26 broilers. The rest of the flock have supplied us with all the eggs we could use and chicken for the table. We have sold eggs enough to pay for the grain used and have on hand a balance of \$10.00.

I wish to thank the Red Cross for its very generous donation of funds to be used to purchase material to be made into hospital supplies.

The time and work given by the various women's organizations and clubs in making up this material is much appreciated.

The many gifts and donations received during the past year have been a great help to the hospital.

I would like to thank the Trustees, the hospital staff and the doctors for the kind support and co-operation given me since assuming the duties of superintendent Jan. 1st.

Respectfully submitted,

NELLIE C. DYSART, R. N.

Superintendent.

REPORT OF NURSING SERVICE**February 1, 1936 to February 1, 1937****TO BOARD OF SELECTMEN AND CITIZENS OF
DOVER-FOXCROFT:**

Our aim is to teach health protection and prevention of disease and to give assistance with all community problems.

During September and October the nurse completed her inspection at East Dover, Macomber's Corner, Brockway, South Dover, Norton Hill and Bear Hill schools, and assisted the school physician in his physical examination. The pupils at North Street school were also completed except for hearing which is to be done with the audiometer which has been loaned by the Maine Public Health Association for February.

Results of inspections were as follows:

Number of pupils examined	761
---------------------------	-----

Defects Found

Vision or eyestrain	107
Hearing	50
Teeth	324
Nasal defects	92
Enlarged tonsils	176
Enlarged glands	113
Heart	2
Thyroid	1
Posture	53
Orthopedic	2
Underweight (under 10 lbs. or more)	76
Skin	9

170 corrections since last examination were reported, throats 86, teeth 44, vision 37 and ears 3. Notices of defects were sent to parent or guardian with advice that the child be taken to the family doctor. Glasses have been secured for six school children.

The outstanding health project for the year was the case-finding program in Tuberculosis. Where written request was filed by parents or guardian the Von Pirquet test was given and all children reacting were provided with an X-ray. Only one child was recommended to have sanatorium treatment. We are indebted to Dr. Cromwell of Fairfield Sanatorium for examin-

ing children and Miss Gay their field nurse for doing tests and taking X-rays, also the Nurses' Guild who helped with the cost of X-rays.

Special classroom inspections were given by the school physician and nurse at Pleasant Street school for mumps and at North Street and Bear Hill for symptoms of communicable skin disease; a few were excluded.

Assistance was given in arranging the P.T.A. Summer Round-Up and at the Infant pre-school clinic held in connection with "Hospital Day."

Tuberculin was secured and tests given to five families. Two applications were filed for the sanatorium. Two patients were accompanied to Fairfield, one for an X-ray who was later admitted as a patient. One patient was taken to a physician in Milo. Assistance has been given at operations and anaesthesia given by nurse. Many home visits of investigation, instructive, and social service nature, as well as to give bedside care, to meet an emergency, have been made.

Office and telephone calls, conferences with doctors, superintendent of schools, selectmen and State social worker have been many. All calls have been answered and taken care of or turned over to the proper authorities to care for.

In July a pre-school clinic was held at the Chapel, the use of which was kindly given by the Community Church. This was well attended and much interest shown. Dr. E. D. Merrill who so kindly gives his services, was the examining physician.

In August a new health worker, Miss Lucy Clark, (who will work with the mothers and pre-school children) was added to the county workers under the auspices of the Bureau of Health, thus making it possible for your Nurse to give more service to school children and Tuberculosis patients.

We express our appreciation and wish to thank the town for its financial support of the county health work.

Respectfully submitted,
Piscataquis County Nursing Service,
By CLYE H. RICKER, R. N.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my fifth annual report of your schools for 1936-37:

TEACHERS

The following is the list of teachers employed in the Dover-Foxcroft Elementary Schools for the year 1936-37. Also their position, years of experience and the annual salary.

Dover-Foxcroft Elementary Teachers

Teacher	Position	Year's Exper.	Salary
Grammar School:			
Harriette E. Crockett	Gr. 8B & Prin	28	860.00
Bertha M. Tardy	Gr. 8A	35	832.00
H. Leon Andrews	Gr. 7B	7	815.31
Bernice W. Sterling	Gr. 7A	17	832.00

SUPERINTENDENT OF SCHOOLS REPORT FOR DOVER-FOXCROFT TOWN REPORT

The school year of 1936 ending last June was most satisfactory. There were very few absences due to sickness. The progress and grade of work in our schools was excellent. The present year, because of the epidemic of mumps, has been somewhat broken. It is questionable, many times, just how to handle an epidemic in our schools. Your physician, health officer and school officials were advised from the State Bureau of Health as to the method to use in the control of mumps in town.

Ranking is one angle of the school work which has always been a problem to the teacher, the parents, and without doubt most disturbing to the child concerned. The child who fails to grade feels that he is a failure, which is not true. The point is, that he has not achieved the standard set for a passing grade. The reason in seventy-five per cent of the cases for children not meeting grade standards is not mental inability, but rather wrong grade placement, due in most cases, to children entering school before they are ready for school work. With the cooperation of parents and guardians, the necessity of repeating grades would be

AUDITOR'S REPORT

March 1st, 1937

This is to certify that I have examined the books of the Treasurer, Collector and Selectmen for the year ending Feb. 20, 1937 and find them correct.

MALCOLM C. ARNOLD, Auditor.

March 1st, 1937

TO THE BOARD OF SELECTMEN:

Pursuant with your request I have made a Balance Sheet audit of the accounts of the town of Dover-Foxcroft for the year ending Feb. 20th, 1937, and assisted in preparing your Annual Report to conform with the STATE UNIFORM SYSTEM OF MUNICIPAL ACCOUNTS which I installed last March 1936.

I feel confident that it will meet with your approval as well, as furnish you with some additional information that you were unable to have under the old system.

All records have been kept in a very creditable manner and properly filed for preservation.

W. FRANK GARDINER

Authorized Representative on

UNIFORM SYSTEM OF MUNICIPAL ACCTS.

very small. The results would be pleasing to the teachers, parents, and pupils, at the same time a saving in dollars and cents would be realized by the town.

An article has been placed in the town warrant which reads as follows: "To see if the town will vote to authorize the School Committee to discontinue the operation of the Brockway and Macomber schools." Certain parents of this section have asked if a plan to convey children to the grade schools in town could not be worked out. It is possible to buy a bus and convey the pupils of these two schools to town which would not increase the grades to any extent. At present we are conveying seventeen to twenty children from the North Street to Pleasant Street school. A program has been presented to the Budget Committee, showing costs of maintaining the two schools and the cost of conveying with bus. By this plan, one teacher would be moved to the North Street school and the room now used as dining-room would be converted into an extra classroom, which would take care of the over load existing at the present time, thereby doing away with the conveyance across town. The State will pay \$500 toward the cost of the bus and the saving estimated at \$600 per year, applied toward the balance would pay for the bus at the end of two years.

Due to new families moving into the Macomber section, your School Committee found it advisable to reopen the Macomber school, which will increase the school expense to June, \$644. Miss Frances Webber, a graduate of the three-year normal course at Presque Isle Normal School was elected as teacher.

At the beginning of the school year Miss Dorothy Packard, second grade teacher at North Street, asked the School Committee for a leave of absence for the school year because of ill health. Mrs. Stella Ayer has been substituting in this position.

During the fall term Mrs. Mildred Pratt was taken ill with pneumonia. Mrs. Elinor Tripp is substituting in her grade at North Street school.

Mr. Leon Andrews, a graduate of Machias Normal School with several years' experience in schools of the Southwest Harbor Union, was elected teacher of Grade 7B in the Grammar School, vacated by Mr. John Harri-man. Mr. Andrews is taking a great interest in his

work, both in the school room and in outside activities.

All your teachers with the exception of two, attended the State convention in Lewiston, and all attended the County convention held at Sangerville. The fine spirit of cooperation of past years has been maintained by your teachers.

Miss Gertrude Gately, music teacher in our system, put on a very excellent cantata for grammar school graduation last June. It was recognized by all as a very fine piece of work by teacher and graduates. Miss Villa E. Hayden, Field Agent for Rural Education from the State Department, whose special phase of school work is music, visited our schools during the fall term. She spoke in highest terms of the work being done in the Music Department. Miss Hayden also visited the Boys' Band and complimented the American Legion for its interest in education. She was much impressed with the progress made by the members of the band.

Dr. C. N. Stanhope, school physician for the past sixteen years having received an appointment by the State Bureau of Health as Health Officer of District No. 2, resigned from his position. Dr. Stanhope is to be congratulated on his period of service, in which he gave freely of his time and medical advice. Dr. Ruth B. Thomas was elected to the vacancy and is carrying on the work in a very satisfactory manner to all concerned.

Mrs. Louise Nichols, County Health nurse for the past several years, a position which she very ably filled, resigned to take up other state work and Miss Clysie Ricker, R. N. has carried on the work, cooperating with our schools very efficiently.

The report of the Academy will be found elsewhere in this report. As I stated last year, the long period program has proven very satisfactory and at the present time we find most of the more progressive schools of the state organizing this form of class schedule.

Those connected with the schools, as well as the townspeople, regretted the resignation of Mr. Arnold G. Westerberg, teacher of History, who was carrying on a very efficient and much talked-of Social Studies program. Mr. Westerberg accepted a more lucrative position as a member of the Auburn High School faculty.

BOOKS AND SUPPLIES

With the appropriation asked for books at this

year's town meeting, it will be possible to bring our books up to a very satisfactory standard. The following introductions were made: elementary community civics grade eight, histories grade four, geographies grade five, science readers for grades four, five and six, two sets of supplementary reading for Sub-primary, grades one and two. One hundred dictionaries were purchased, completing the supply for all grades above the third. One nature library was purchased for the Grammar school.

The supplies furnished our schools is very liberal compared with that furnished by many other systems. However, this amounts to only a dollar per pupil and to the minds of your Superintendent and School Committee, this is one of the most economical accounts, for the service that it gives, of the school appropriations.

At the present time we are taking advantage of a W. P. A. project employing one woman who is working in the office repairing books and doing other work that is not done by those connected with the schools.

REPAIRS

Mr. Pearl, as in past years, is delegated general supervision of repairs by the School Committee and his work has been well done. Repairs for the year were as follows: North Street; one piazza roof retimbered, boarded and covered with steel roofing, another, was covered with steel roofing. Pleasant Street: one lean-to roof was covered. A porch with cement floor was constructed on the south end of the Grammar School building. New sills and porch floor were laid at East Dover. The Norton Hill and Bear Hill chimneys were re-topped. The furniture in a number of the school-rooms was re-varnished and general repairs were carefully looked after. By this method, your school buildings are in excellent condition. Whenever members of the state department have visited the buildings, they have mentioned not only the quality of work but also the splendid condition of the buildings.

Beginning last year and continuing through the present, your librarians have cooperated with the schools in many ways. The use of a travelling library instituted some years ago but for some reason dropped, has been revived. Each year the rural schools are serviced with five boxes of books, totalling one hundred

and fifty copies. This service has meant a great deal to our rural school children and is much appreciated by your Superintendent and teachers.

THE COMING YEAR

Again your school department is pleased to report substantial balances in most accounts, none carrying an overdraft. The maximum wages for teachers remains the same as last year. Conveyance costs due to favorable conditions have again been reduced. Further reductions would seem at the present impossible and it is quite likely that changes may increase this account considerably. For this reason your committee have asked the Budget Committee for an additional five hundred dollars for the support of common schools, appropriations for other accounts remaining the same.

Your committee members have continued their untiring interest in your schools, which has been manifested during my period of work with them. Their interest is for your schools to steadily progress. They are ready to accept suggestions from any citizen, which will in any way produce better schools for the boys and girls of Dover-Foxcroft to attend.

The past year has been one of cooperation among teachers, pupils, parents, school committee and other town officials. It is a pleasant situation and one which is enjoyable to work in as Superintendent. In closing I wish to extend my personal thanks for the splendid cooperation accorded me during the year.

Respectfully submitted,

PERRY F. SHIBLES,

Superintendent of Schools.

REPORT OF FOXCROFT ACADEMY TO THE JOINT COMMITTEE OF FOXCROFT ACADEMY:

I hereby submit my eighth annual report.

THE FACULTY

Frank G. Stone, A.M.

Principal

Bessie C. H. Cooper, A.B.

Dean of Girls, English

Ruth V. Belknap, A.B.

English, Speech Training

Elizabeth G. Cooper, A.B.

Latin, History

Dorothy M. Culley, A.B.	Mathematics
Clara L. Swan	Commercial Subjects
Elizabeth R. Eames, A.B.	French, English
Alfred J. Fortier	Biology, Mathematics
Kenneth W. Barker, B.S.	Science
Arnold G. Westerberg, A.B. (15 wks.)	Social Studies
Elva C. Tooker, A.M.	Social Studies
Gertrude Gately	Music
Madelyn C. Ballard	Secretary

One change has occurred in the faculty this year. Mr. Westerberg having been elected to the faculty of Edward Little High School of Auburn, Maine was released with the regret of all connected with Foxcroft Academy. An experienced and trained teacher in Miss Elva C. Tooker was secured to complete the year. Miss Tooker is a graduate of Colby College in 1921; has taught at Maine Central Institute, Melrose High School, and Wellesley College; and received her Master's degree from Radcliffe in 1925.

During the past summer, Miss Swan did work at the University of Maine summer session. Your Principal attended the meetings of the National Education Association at Portland, Oregon. Miss Bessie C. H. Cooper made an extended tour of the Northwest and Western United States. Mr. Alfred J. Fortier did work at Springfield College summer session and at the Merricomm Biological Laboratory in Nelson, New Hampshire.

STUDENT BODY

The present enrollment shows notable increase of pupils and taxes the facilities of the building severely.

Enrollment 1936-37 by Curricula

Class	English		College		Commercial		Total		Total
	Curriculum		Curriculum		Curriculum		Total		
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	
Freshmen	13	13	6	13	11	20	30	46	76
Sophomores	22	17	4	7	4	20	30	44	74
Juniors	21	9	7	8	0	12	28	29	57
Seniors	20	10	4	6	7	8	31	24	55
Postgraduates							1	4	5
Totals	76	49	21	34	22	60	120	147	267

THE BUILDING

During the past year, the Building Committee has found it necessary to install a new boiler for the heating system at a considerable expense. This will have to be financed in the future. Thirty new student desks have been installed to meet the increased enrollment.

Two new drinking fountains have been installed on the first floor to replace the one previously located there. New plumbing has been installed in the Science laboratory.

New treads have been laid on all stairs above the basement. The grading about the building has been completed, the loam for which was donated by Mr. Thompson L. Guernsey. Students assisted in grading as an Arbor Day project.

To do the above has stretched the budget severely, but all excepting the boiler have been financed out of this year's budget.

THE SCHOOL PROGRAM

The school program is being carried on with little change from that of a year ago. As these reports have indicated, in the past four years Foxcroft Academy has developed its program with a change of the school day from seven periods of 45 minutes each to a day of five periods of 70 minutes each. The past four years have proved the wisdom of the change and have given the faculty some indications of the direction in which further progress may be made. One of these is the school library. Our yearly budget carries a substantial provision for the library and has helped our program. The results of what has been done point to the conclusion that additional provisions along this line with a trained teacher-librarian would be most beneficial to the success of our work.

In conclusion, may I again express my deep appreciation to all who have so generously co-operated to make the operation of Foxcroft Academy so successful. Especially are we indebted to parents, members of the Board of Trustees, Building Committee, the Joint Committee of Trustees and School Board, and the Superintendent of Schools.

Respectfully submitted,

FRANK G. STONE, Principal.

To Perry F. Shibles, Supt. of Schools:

I herewith submit my third annual report as music supervisor in the schools of Dover-Foxcroft.

Last spring the programs for exhibition week of the various schools were largely musical. Pleasant street and North street schools each gave an operetta. The Grammar school Glee Club and Orchestra also performed during this week. Last year's orchestra was exceptionally well balanced for a Grammar school. Several of the players have graduated leaving this year's orchestra weak in certain sections. The Boys' Band which the American Legion is sponsoring has helped fill out both the Academy and Grammar school orchestra greatly. We now need many more violins in both organizations. Violin classes are not as well attended as they should be. It is well for a pupil to start violin study as low as the fourth grade in order that he may be sufficiently skilled in his instrument to play in the orchestra through the Grammar school and the Academy.

Having an exceptional graduating class, musically speaking, it was decided to give the Cantata "Caravan" by Richard Kountz for our graduating exercises last year. The children worked diligently on it and did a very acceptable piece of work.

Several Academy students went to Castine last summer to attend the State Music Camp. The music department sent two. It is hoped that many more will attend this year.

The Academy Band has been playing for all the home basketball games. The orchestra played for the Senior play and for a state meeting which was held in Dover-Foxcroft.

The Glee Club and the girls' voice class are preparing to put on an operetta "Hollywood Bound" sometime in April. It is very light and amusing. The girls and boys are enjoying putting it on.

I wish to thank the Superintendent, Teachers and Parents for their cooperation during the past year.

Respectfully submitted,

GERTRUDE INGA GATELY,

Music Supervisor.

REPORT OF SCHOOL PHYSICIAN FOR YEAR 1936-7**To Superintendent Perry F. Shibles:**

The function of a school medical service is three-fold:

1. To limit as far as possible the spread of communicable disease among the school population.
2. To discover and urge correction of remediable defects among school children which, in the light of present medical knowledge, are known to have a bearing upon their present and future health.
3. To supplement the home training in health education among school children, partly by precept and partly by the example set by the foregoing activities.

In the execution of these functions, a medical inspection of students in the lower schools and in Foxcroft Academy for the school year 1936-7 has been carried out, with the invaluable help of Miss Ricker and the generous co-operation of the school personnel. Particular attention was paid to such communicable diseases as impetigo and scabies (itch), and the relatively few cases found were excluded until the condition was cleared up. Early in the school year mumps made its appearance in one school. An attempt was made to check its spread by examination of all the exposed students, and exclusion of all suspects and contacts for the duration of the incubation period. The infection continued to spread through the town, probably because not all cases were reported from the homes and not all members of the community co-operated in maintaining quarantine of infected persons. The usual policy of excluding susceptible contacts from school was found therefore to be ineffective, and was discontinued. Better results were obtained with the few cases of German measles that appeared. So far this year the influenza epidemic is the only other infectious disease that has caused much absence.

The number of children in the lower schools inspected, and the defects found and recorded, are given in the report of the county nurse. Reference to the figures will show that dental defects are most numerous. Others which are all too frequent are disease conditions

of the nose and throat, faulty posture of varying degrees, poor nutrition, and errors of vision. In a number of cases correction of defects has been postponed for years. This is regrettable because by the time the correction is finally made, the other physical changes resulting from the original defect have become so well established that the individual will in many cases carry them through life. For example enlarged adenoids which cause partial blocking of the upper air passages and mouth breathing bring about not only an increased likelihood of ear infection and consequent impairment of hearing, but an inadequate growth of the structures of the nose so that even if later the adenoids themselves are removed, the faulty nose development continues to give trouble.

In this climate some defects, such as nose and throat abnormalities, are perhaps not always preventable. Other defects which occur with all too great frequency are, however, in many cases due to errors in hygiene and could to a great extent be prevented by faithful and well-instructed attention to the daily living. Many cases of underweight are the result not only of poor eating habits and an improperly balanced diet, but, especially in ambitious and active children, of years of too much stimulation and too little rest. It seems to the medical inspector highly undesirable for those children whose nutrition is markedly below standard, or who are actually losing weight, to take part in strenuous or competitive athletics. The possibility of real damage to the individual's health is not to be ignored.

Faulty posture appears in the younger grades in relatively slight but easily perceptible degree, and grows steadily more noticeable with increasing age. It is perhaps more pronounced in poorly nourished children whose muscles are not firm, but there can be no doubt that in the vast majority of cases some degree of chronic fatigue is a very important cause. The correction of this defect should begin before it starts, with adequate rest in the early years.

So many defects in school children are traceable to the lack, in their early environment, of knowledge, means or determination for prevention, that the third function of the school medical service, namely health education of future citizens, is by no means the least

important. Even the relatively limited examination which can be carried on under school conditions, and which may necessarily overlook some defects, will, we hope, contribute toward rearing a future generation that is not only of higher physical standard, but intelligently appreciative of that standard.

Respectfully submitted,

RUTH BORING THOMAS, M. D.

School Physician.

February 20, 1937

ANNUAL TOWN WARRANT

To Charles E. Washburn, or any Constable of the Town
of Dover-Foxcroft in the County of Piscataquis:

GREETING.

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said Town, on Monday the eighth day of March, A. D., 1937, at ten o'clock in the forenoon, then and there to act upon the following articles, viz:

ART. 1. To choose a Moderator to preside at said meeting. *L. S. 10*

ART. 2. To choose a Town Clerk, fix the compensation and raise and appropriate money therefor. *H. W. 10*

ART. 3. To choose one selectman for three years and fill any vacancy in accordance with the provisions of the Town by-laws. *W. L. 10*

ART. 4. To choose one Assessor of Taxes and fill any vacancy in accordance with the provisions of the Town by-laws. *N. L. 10*

ART. 5. To choose one Overseer of the Poor and fill any vacancy in accordance with provisions of the Town by-laws. *H. W. 10*

ART. 6. To choose a Town Treasurer, fix the compensation, and raise and appropriate money therefor. *H. S. 10*

ART. 7. To choose a Collector of Taxes, fix the compensation, and raise and appropriate money therefor. *H. B. 10*

ART. 8. To choose an Auditor of accounts.

ART. 9. To choose a member of the School Committee for three years and fill any vacancy in accordance with the provisions of the Town by-laws. *Y. M. 10*

ART. 10. To see if the town will vote to accept the report as printed.

ART. 11. To see if the town will vote that the Selectmen act as Road Commissioners. *204 / 184*

ART. 12. To choose one or more Constables. /

ART. 13. To choose one or more Road Commissioners. *Maldaed 13 col?*

ART. 14. To choose one member of the Board of Trustees of the Mayo Memorial Hospital, for not more than three years.

ART. 15. To choose all other officers to be elected at the annual meeting.

ART. 16. To see how much money the town will vote to raise and appropriate for Common Schools. *28476*

ART. 17. To see how much money the town will vote to raise and appropriate for Free High School. *1000*

ART. 18. To see how much money the town will vote to raise and appropriate for textbooks for Common Schools. *1000*

ART. 19. To see how much money the town will vote to raise and appropriate for school telephones, lights and water service. *5.00*

ART. 20. To see how much money the town will vote to raise and appropriate for services of the School Committee. *1175.*

ART. 21. To see how much money the town will vote to raise and appropriate for repairs on school houses. *1000*

ART. 22. To see how much money the town will vote to raise and appropriate for school supplies. *11.00*

ART. 23. To see how much money the town will vote to raise and appropriate for salary for Superintendent of Schools. *1400*

ART. 24. To see if the town will vote to authorize the School Committee to appoint a school physician in accordance with provisions of Chapter 73 of the Public Laws of 1909, and raise and appropriate money therefor. *150*

ART. 25. To see if the town will authorize the School Committee to make arrangements with the

Trustees of Foxcroft Academy for tuition for its High School scholars.

ART. 26. To see how much money the town will vote to raise and appropriate for insurance on school buildings. *1400*

ART. 27. To see how much money the town will vote to raise and appropriate for officers' bills and miscellaneous expenses. *300* *1000 mago Nade*

ART. 28. To see if the town will vote to purchase the bonds for the Treasurer and Collector.

ART. 29. To see what sum of money the town will vote to raise and appropriate for salaries and expenses of the Board of Health and recording Vital Statistics. *200*

ART. 30. To see what sum of money the town will vote to raise and appropriate for Sewer Maintenance. *8400*

ART. 31. To see how much money the town will vote to raise and appropriate for construction and repairs of sidewalks.

ART. 32. To see how much money the town will vote to raise and appropriate for general repairs of highways and bridges. *16000*

ART. 33. To see how much money the town will vote to raise and appropriate for State Road Patrol. *2000*

ART. 34. To see if the town will vote "yes" or "no" on the question of raising and appropriating money necessary to entitle the town to State Aid in accordance with the provisions of Section 20 of Chapter 28 of the Revised Statutes of 1930. *8750*

ART. 35. To see what sum the town will appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 173, Public Laws of 1935. *1000*

ART. 36. To see if the town will vote to raise and appropriate the sum of Twelve Hundred and Thirty-

five (\$1235) for the maintenance of Third Class Road.

ART. 37. To see what sum of money the town will vote to raise and appropriate to treat the village streets against dust. *91,500*

ART. 38. To see what sum, if any, the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads, in excess of the requirements of Section 2, Chapter 132, P. L. 1935. *500.*

ART. 39. To see what sum of money the town will vote to raise and appropriate for Street lighting. *1,800*

ART. 40. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

ART. 41. To see if the town will vote to, and elect one member of the Board of Mothers' Aid for three years.

ART. 42. To see if the town will vote to raise and appropriate a sum of money for Memorial Day.

ART. 43. To see what sum of money the town will vote to raise and appropriate for band concerts or other music.

ART. 44. To see what sum of money the town will vote to raise and appropriate for the services of a Public Health Nurse or take any action thereon.

ART. 45. To see how much money the town will vote to raise and appropriate for the care of cemeteries.

ART. 46. To see if the town will vote to raise and appropriate the sum of Three Hundred and Sixty-five Dollars (\$365) to pay Wester Blethen and wife one dollar per day for the ensuing year.

ART. 47. To see how much money the town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

ART. 48. To see how much money the town

will vote to raise and appropriate for the support of the Thompson Free Library.

ART. 49. To see how much money the town will vote to raise and appropriate for abatements.

ART. 50. To see what sum of money the town will vote to raise and appropriate for advertising the advantages and attractions of Dover-Foxcroft and Sebec Lake, money to be turned over to the Town Club for same purpose.

ART. 51. To see if the town will authorize the Selectmen and Treasurer to make a temporary loan not exceeding \$35,000.00 in anticipation of taxes.

ART. 52. To see if the town will vote to authorize the Selectmen to execute and deliver release deeds for the town to convey the town's interest in lands previously sold to the town for taxes.

ART. 53. To see if the town will vote to authorize the Treasurer and Collector to refuse payment on all orders given while persons receiving the same are indebted to the town.

ART. 54. To see if the town will vote to authorize the Selectmen to locate and install a light on Autumn Avenue near residence of Elwin Pingree, and to raise and appropriate an amount therefor.

ART. 55. To see what sum the town will vote to raise and appropriate to be expended for a night officer and the regulation of traffic, or take any action thereon.

ART. 56. To see if the town will vote to raise and appropriate the sum of Three Thousand dollars (\$3,000) to pay on Bond Issue of 1934.

ART. 57. To see if the town will vote to raise and appropriate the sum of Nine Hundred dollars (\$900) to pay interest on bonds for the ensuing year.

ART. 58. To see if the town will vote to raise and appropriate the sum of Five Thousand dollars (\$5,000) to pay on indebtedness of 1935.

ART. 59. To see if the town will vote to raise

and appropriate the sum of Nine Hundred Seventy-three dollars and Ninety-six cents (\$973.96) to pay interest on indebtedness of 1935.

ART. 60. To see if the town will vote to authorize the School Committee to discontinue the operation of the Macomber and Brockway Schools.

ART. 61. To see if the town will vote to adopt Daylight Saving Time, and fix the dates.

ART. 62. To see if the town will vote to raise and appropriate money to install adequate toilet facilities in Central Hall.

ART. 63. To see if the town will vote to raise and appropriate a sum, not to exceed five hundred dollars (\$500) for repairs and alterations to the Dover-Foxcroft town tomb.

ART. 64. To see if the town will raise and appropriate Five Hundred dollars (\$500) to repair the Percy Pratt road.

ART. 65. To see if the town will vote to reimburse Charles Merrill (\$60) Sixty dollars for taxes overpaid in 1933-34-35.

ART. 66. To see if the town will vote to raise and appropriate One Hundred Fifty dollars (\$150) to repair roof of No. 1 Exhibition Hall.

ART. 67. To see if the town will vote to reimburse Lester A. Hanson in the sum of Twenty-seven dollars and eighty-five cents, or any part thereof, for taxes paid by him on a cottage for the years 1930 to 1935 inclusive, through error; such cottage having been sold and the tax for said years assessed to and paid by Maggie Thayer. Also to see what sum of money the town will raise and appropriate for such purpose.

ART. 68. To see if the town will vote to deed the site of the old school building in that section of Dover-Foxcroft known as East Dover to the East Dover Community Church, in order that said church may erect thereon a suitable building for the conduct of public worship, and to authorize the Selectmen to execute the

deed in behalf of the Town of Dover-Foxcroft. By request of Albert D. Hewett, Minnie P. Hurd and Dewey H. Turner.

ART. 69. To see what sum of money the town will vote to raise and appropriate for construction of a Walk on the Southerly (up-river) side of the Foxcroft Bridge, across Piscataquis River, in Dover-Foxcroft Village.

ART. 70. To see what sum of money the town will vote to raise and appropriate for construction of a Walk from the end of Foxcroft Bridge by the Palmer Building and the New Star Theatre.

ART. 71. To see what sum of money the town will raise and appropriate for a fund for seats in Central Hall.

Signed:

WALLACE DOW

L. M. SNOW

GEORGE W. SANFORD

The undersigned, Selectmen of Dover-Foxcroft will be in session at their office in Central Hall building on Monday, the eighth day of March, A. D., 1937, at nine o'clock in the forenoon for the purpose of hearing and deciding upon the application of persons claiming the right to have their names entered upon the voting list of said town. Given under our hands at said Dover-Foxcroft this twenty-sixth day of February, A. D., 1937.

Selectmen of Dover-Foxcroft.

44	Public Health Nurse	500.00	500.00
45	Care of Cemeteries	500.00	500.00
46	Wester Blethen and Wife	365.00	365.00

47	Boys' and Girls' Agricultural Club	75.00	75.00
48	Thompson Free Library	2,000.00	2,000.00
49	Abatements	500.00	500.00
50	Town Club Advertising Dover-Foxcroft	100.00	100.00
55	Police Protection	1,500.00	1,200.00
56	Bond Issue of 1934	3,000.00	3,000.00
57	Interest Bonds Ensuing Year	1,020.00	900.00
58	Note Due August 1, 1937		5,000.00
59	Interest on Indebtedness 1935		973.96
62	Toilet Facilities—Central Hall		200.00
63	Repairs on Tomb		300.00
65	Reimburse Charles Merrill		60.00
66	Repairs No. 1 Exhibition Hall		150.00
67	Reimburse Lester A. Hanson		27.85
70	Sidewalk Foxcroft Bridge		2,000.00
			<hr/> \$107,505.81

In comparison with last year please note that \$5,250.00 was voted at Town Meeting for tractor, \$100 for Town Club and \$1,500.00 for Police Protection that was not included in Budget recommendations. This year we have, in anticipation of your vote, included the Town Club and Police Protection with an additional \$5,000.00 for Support of Poor, \$5,000.00 for Bond to be retired and \$973.00 interest which we trust will enable the Town Officers to meet all appropriations and eliminate any deficits.

Estimated expenses, based on the above recommendations:

Budget Recommendations,	\$107,505.81
State Tax,	20,861.48
County Tax (estimated)	4,434.65
	<hr/> \$132,801.94
Overlay,	5,389.72
	<hr/> \$138,191.66

We would call attention to the fact that any increase in appropriations over the amount which we have recommended, if in an amount which will not be covered by the overlay, will necessarily mean an increase in the rate over .049. We do not feel that it is for us to say at what rate the tax should be kept, but we do feel that it is proper for us to recommend that every possible effort be made by all municipal officers charged with the expenditure of money to keep within appropriations. We regard it as more important to keep our expenditures within our available resources than to try to keep our tax rate at any arbitrary figure. It is no advantage to the tax payers to keep the tax rate down unless the expenditures can be kept within the limits of the money produced by that rate.

Respectfully submitted,

LEROY DOW

WALLACE DOW

Assessors.

The town benefitted largely from the resurfacing of the Sebec Lake road as a WPA project. This work was done during the winter of 1936-37 and as a result the surface of the road was put in such condition that the State was willing to take it over and tar it, making much more comfortable and safer driving conditions for the thousands of cars which visit Greeley's Landing during the season.

AUDITORS' REPORT

Augusta, Maine

March 7, 1938

To the Inhabitants of Dover-Foxcroft:

In accordance with the request of your Selectmen we have made an examination of the records of your town for the year ending February 20, 1938.

In our opinion, based on comments submitted the accompanying Balance Sheet, and supporting schedules fairly present the financial condition of the town at February 20, 1938 and the result of its operations for the year ended on that date.

Treasurer—The Treasurer's Cash Balance was reconciled with the bank.

Tax Collector—As your collector settles in full early in 1938 we did not prove his balance at this time.

Selectmen—All ledger accounts were analyzed and balanced with the Summary Accounts and Balance Sheet.

The records were found to be kept in a very efficient manner.

We offer our sincere thanks to all concerned for the co-operation rendered us.

Respectfully submitted,

HAROLD E. CRAWFORD

GARLAND C. LEWIS

MICHAEL A. NAPOLITANS

Representatives of State Auditor's Department.

THOMPSON FREE LIBRARY **REPORT OF LIBRARIAN**

The circulation of books and the use of the library by students and the general public continues to demonstrate the great value of the institution to the community.

New books have been accessioned and the 1937 Book Week was an outstanding success.

MAYO MEMORIAL HOSPITAL**To the Trustees of the Mayo Memorial Hospital:**

I herewith submit the second annual report of the Mayo Memorial Hospital for 1937-38.

Number of Patients admitted to the Hospital:

Male	103
Female	164

Total	267
Surgical	87
Medical	37
T&A	86
Eye & Ear	11
Obs.	15
Babies	15
Orth.	10
G. U.	6

	267
Total days'	
Treatments	1929
Daily average of	
Patients	5
Deaths	8

Receipts for 1937-38

On hand Feb. 20, 1937, in bank	1840.35
Received from town	1000.00
Hospital Revenue, bank deposits	7792.42
Income from endowment fund	372.84
Petty cash	383.41

	11,389.02
Expenditures	10,334.55

Balance in treasury	1,054.47
Uncollected accounts for 1936	972.96
Uncollected accounts for 1937	924.25

1897.21

Expenditures for the year ending Feb. 20, 1938

Equipment	155.56
Plumbing	71.12

Med. & Surg. Supplies	665.43
Petty Cash	383.41
Food Supplies	902.16
Laundry Supplies	47.10
Fuel	565.00
Office Supplies	40.08
Electrical Repair & Labor	33.15
Insurance	135.00
Water Rates	55.00
Tel. & Tel.	83.38
Lights	335.40
Salaries	5,593.87
X-Ray supplies	94.54
Household Supplies	97.18
Garden	53.34
Repair of Furnace	497.38
Painting of Hospital Buildings	526.65

10,334.55

Chicken Account

200 day old chicks	24.00
Electric Brooder	25.15
Grain	173.09

Total Expense	222.24
Feb. 20th, 1937, Cash on hand	10.00
Cash received for eggs	96.33
Cash received for broilers	53.48
Credit on grocery bills	59.18

	218.99
85 hens valued at \$1.50 each	127.50

	346.49
Expense	222.24

124.25

We have had plenty of eggs and chickens at all times for hospital use.

Hospital day was observed May 12th, tea was served from 2 to 5 p.m. Members of the Nurses Guild escorted visitors through the hospital. We received many dona-

tions of canned goods, preserves, etc., and cash donations of \$264.00 from the merchants and business men in town. The interest shown in the welfare of the hospital was most gratifying.

The Magazine subscriptions sent to the hospital are enjoyed very much by the patients and nurses.

The generous check sent by the Cosmopolitan Club each year is much appreciated.

Two tonsil clinics were held during the summer. One was sponsored by the Percolator Club and the other by the Parent Teacher Association.

I wish to thank the Trustees, the hospital staff and the doctors for their kind co-operation during the past year.

Respectfully submitted,

NELLIE C. DYSART, R. N.

Superintendent.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my sixth annual report of your schools for 1937-1938.

TEACHERS

The following is the list of teachers employed in the Dover-Foxcroft Elementary Schools for the year 1937-38. Also their position, enrollment, years of experience and the annual salary.

Teacher	Position	Enroll	Years Exper.	Salary
GRAMMAR SCHOOL:				
Harriette E. Crockett	Gr. 8B & Prin.	34	30	\$860.00
Bertha M. Tardy	Gr. 8A	35	36	832.00
H. Leon Andrews	Gr. 7B	33	8	900.00
Bernice W. Sterling	Gr. 7A	30	18	832.00
Effie D. Bolton	Gr. 6	30	13	832.00
FLEASANT ST. SCHOOL				
Ava E. Goff	Gr. 5 & Prin.	35	24	860.00
Alice Austin	Gr. 4	31	13	832.00
B. Thelma Nichols	Gr. 3	24	14	832.00
Ola F. Blood	Gr. 2	31	17	832.00
Gertrude Calkins	Gr. 1 (15 wks.)		9	791.00
Patricia E. Cousins	Gr. 1 (22 wks.)	26	3	684.00
Velma W. Burgess	Gr. Sub	28	5	716.00
NORTH ST. SCHOOL:				
Harriette H. Crockett	Gr. 6 & Prin.	33	22	860.00
Mildred C. Hewett	Gr. 5	34	13	832.00
Marion G. Rollins	Gr. 4	26	18	832.00
Mildred P. Pratt	Gr. 3	33	14	832.00
Dorothy Packard	Gr. 2	33	12	832.00
Louise MacFadyen	Gr. 1	33	9	832.00
Dorothy F. Greenlaw	Gr. Sub	36	14	832.00
Doris R. Hathorn	Extra room	20	19	756.00
RURAL TEACHERS:				
Elizabeth Franklin	Bear Hill	26	4	648.00
Mildred Bradford	East Dover S-4	19	5	648.00
Nellie C. Downs	East Dover 5-8	19	26	756.00
Molly Franklin	South Dover	13	3	612.00
Marion A. Doore	Norton Hill	11	4	611.00
SPECIAL TEACHERS:				
Gertrude Gately	Music		2½	1050.00
Madelyn C. Ballard	Secretary		6	168.00

With the exception of an epidemic of German measles in the lower grades the attendance has held up to a

satisfactory point.

The grade of work being done in our schools is on the whole, excellent. We are not electing ourselves (teachers and Superintendent) as judges, but the commendations come from field workers of the State Department, visitors, and special demonstrators working in the different grades. The aim in our system is constantly to check for faulty methods of teaching along with poor grade placements, at all times striving to adjust the work to the individual needs of the pupil.

Realizing that the ability to read is the most fundamental need of the learner, we are placing special emphasis on this subject for the school year 1937-38.

Again believing that the start the pupil receives in the beginning grades will determine to a great extent his school progress, we have introduced two new systems of reading in the primary grades. The aim in each system is a slow development of word vocabulary through a great deal of easy reading. In other words the first aid to reading is confidence of the pupil. With confidence established, a desire to read is initiated. The two systems, the Elson from Scott Foresman Company of New York, and the Alice and Jerry Series from Row, Peterson Co. of New York have a word correlation of 98% which makes it possible to interchange the books of the two systems without introducing a large number of unknown words.

The adding of an extra teaching position in the lower grades at North Street has been a very successful addition. I wish to explain that the pupils of this grade are not considered mentally deficient, but only that they need more individual attention during their initial adjustment period. In all probability, many will be among our brightest pupils in the upper grades.

The program for the future in the lower grades will not require a complete repeating. Divisions will be transferred whenever they have reached the next grade level, up to the third grade. We still have grade adjustments to make the special groups to work with. We are hoping by the end of this year to have practically all adjustments made. I might say at this time that reading demonstrators have spoken very highly of the work being done. They have also offered many helpful suggestions.

In the Sub-primary, tests have been given with each unit of reading to determine vocabulary increase, word and phrase recognition, and comprehension; during the remaining weeks speed will also be checked. In all upper grades a testing program will be carried on.

At the beginning of the school year, Miss Velma Burgess of this town was transferred from East Dover Primary to the Sub-primary position at Pleasant Street, left vacant by the resignation of Mrs. Marion Trimble Van Aken. Mrs. Van Aken was well liked by pupils and parents, her work being very satisfactory. Miss Mildred Bradford of Bangor, graduate of Castine Normal with five years experience was elected to the East Dover position. Misses Elizabeth and Molly Franklin of Cutler, graduates of Machias Normal School were elected to the Bear Hill and South Dover schools respectively, the latter position made vacant through the resignation of Mrs. Louise Campbell Smith, a teacher much appreciated by parents and pupils. Mrs. Smith had been very successful in her school work.

At the close of the Fall term, Miss Gertrude Calkins tendered her resignation as teacher of Pleasant Street Grade I. Miss Calkins was a strong classroom teacher. To fill this position, we were fortunate in having recommended to us, Miss Patricia Cousins of Fort Kent, a graduate of Madawaska Training School and Gorham Normal, with three years experience. Miss Cousins teaches art in Pleasant Street and Grammar buildings.

All teachers attended the State and County conventions. Our teachers are interested in professional growth and during the year keep posted through reading professional books written in their field of work. I believe a large number are planning to attend summer schools this year.

The Music Department in our schools is being most successfully carried on by Miss Gertrude Gately, Music Supervisor. Her graduation and special musical programs always receive words of praise from parents and the public. Our Grammar School orchestra is improving in quality as well as enrollment. It will furnish music for the Grammar School graduation in June.

The Academy has had a successful year. It is a source of satisfaction to observe the interest that is

being shown in Debating, and the fine record the school is making in this extra-curricula activity along with athletics which have enjoyed a successful year. A more detailed report on the Academy will be found elsewhere in this town report.

Dr. Ruth B. Thomas, school physician has completed her annual inspection in our schools. This is a most important work, as the mental growth and ability to work depends upon the child's physical development and good health.

After a leave of absence, Mrs. Louise Nichols, has again assumed her duties as County Nurse. We always find Mrs. Nichols ready to co-operate and willing to give a great deal of time to her work.

BOOKS AND SUPPLIES

The following introductions have been made: Grade 8A Literature and Histories; Spelling work books Grade III through VIII; two reading systems for Sub-primary; Supplementary Reading Grades VI; one set Young People's Library, one set World Book encyclopedias; reading workbooks for Sub. 1, 2, and 3; music books for Pleasant Street grades 3, 4, 5 and Grammar grade 6. Besides these special books for libraries have been purchased.

Your schools are well furnished with supplies, without doubt far above the average of the state. At present it amounts to slightly above one dollar per pupil. Your teachers appreciate the materials they have to work with, your children benefit by the use of them.

REPAIRS

This part of the school program is well taken care of by Mr. Henry Pearl. If you have observed the buildings when passing by, or have had the opportunity to visit them inside you need no explanation. All furniture is put in first class condition each summer, a greater part of it being re-varnished. This year the inside and outside of the Grammar School building were painted, Pleasant Street Grade V room redecorated, North Street Sub-primary and Grade III rooms were also done. By careful supervision on the part of your committee members and Mr. Pearl, your buildings are always in first class condition.

FINANCIAL STANDING

School costs and financial standing of the school department is always a vital concern to the tax payer. At the recommendations of your School Committee last March, the town voted to close the Macomber and Brockway schools and convey to the Pleasant and Grammar buildings. The program was to buy a school bus large enough to take care of conveyance. This program has been put in operation, as you know. It might be of interest to you, to know how it is working. Last year the estimated cost of bus was given as approximately \$1600. This was for a body with lengthwise seating. The committee, after careful investigation through the State Department and other available sources, were convinced that if the bus was to be used for athletic teams, cross seating was necessary.

They proceeded to purchase a body of 50 pupil size and Chassis which cost F. O. B. Boston \$2,129.45 plus equipment costing \$290.79, making total cost \$2,420.24. To February 20, 1938 the total cost of operating bus has been \$469.62. Estimated cost for school year \$760. This amount includes cost of driver, insurance, gas, oil, radiator protection, storage, and repairs.

Towards the cost of bus and equipment (\$2,420.24) there has been received from the State Equalization Fund \$500 and sale of Macomber School building to State \$500, leaving a balance of \$1,320.24 which has been paid through the conveyance account. Last year we stated that an extra teacher was necessary at North Street. Through a saving of \$1,526.44, by closing the two schools, it has been possible to run an extra teacher at North Street at a cost of \$750 and still save \$770.44. Due to this saving we are able to reduce the Common School appropriation \$500 for the municipal year 1933-39. Of course, the locating of two or three families necessitating conveyance might easily increase school costs \$500 to \$1000. The estimated cost of operating the bus allowing \$100 for upkeep, figures approximately \$800 per year. By consolidation we have a well ventilated and heated bus, good buildings, well-heated rooms with better sanitary conditions, high school pupils are carried at no extra expense to parents. The bus is used to convey athletic teams of the

Academy or any group of students conveyed in connection with the school at a cost of 10c per mile, plus cost of driver and gas.

Your Committee members have been most cooperative with your Superintendent in handling the affairs of the school system. They have seen to it that no account has been overdrawn.

In conclusion I wish to thank my Superintending School Committee members, the citizens, parents, teachers and pupils for their fine spirit of loyalty and continued cooperation in the administration of your schools.

Respectfully submitted,
PERRY F. SHIBLES,
Superintendent of Schools.

MUSIC SUPERVISOR'S REPORT**To Perry F. Shibles, Superintendent of Schools:**

I herewith submit my fourth annual report as Music Supervisor of Dover-Foxcroft for 1937-38.

The music department has been very fortunate in Dover-Foxcroft in having a new set of music books

which have recently been published. "The World of Music" correlates appreciation and participation by using folk songs of every country and many well known composed songs of the masters. The necessary subject matter is introduced in a manner which is highly appealing to the child.

Music again played a large part in the grammar school graduation last June. This year we have planned the entire program around American composers, starting with Francis Hopkinson and taking it through to our present day composers.

The Grammar school has an excellent orchestra this year. They will play for graduation again and also for the operetta which the elementary schools are planning for Music Week. The operetta is called "Twilight Alley" and calls for a large chorus, allowing many children to participate.

The music department of Foxcroft Academy presented the operetta "Hollywood Bound" last spring. It sent two students to the Castine Music Camp. This winter the orchestra has played for both the Junior and Senior plays. The band has been playing at all the home basketball games.

The Conducting class which is held weekly is developing several student leaders both for orchestral and choral work. They have an opportunity to conduct chorus, band, and orchestra under supervision.

The Eastern Maine Music Festival is to be held in Dexter, May 14. The girls' glee club of the Academy plan to attend. This year a new system is being used whereby any girl wishing to, may sing in the glee club. Formerly only students who had passed certain tests were allowed to join. It has worked out very well.

I wish to express my appreciation to the Superintendent, teachers, pupils and parents for their cooperation during the past year.

Respectfully submitted,

GERTRUDE GATELY,

Supervisor of Music.

REPORT OF THE SCHOOL PHYSICIAN FOR THE YEAR 1937-38

To the Selectmen and Citizens of Dover-Foxcroft:

The health program in the schools of Dover-Foxcroft for the year from March 1937 to March 1938 has been carried on along the lines, and with the objectives, described in the preceding year's report. The guiding purpose of this plan is three-fold: to exclude from the schools communicable diseases, and take measures to limit their spread; to raise the general level of health among the children as high as possible, taking steps to discover and promote the correction of remediable physical defects and poor health habits; and to promote health consciousness and health education among the school children.

With the cooperation in 1937 of Miss Ricker, and in 1937-38 of Mrs. Nichols, a watch was kept for communicable diseases in the school-rooms, and, when evidence of their presence appeared, inspections have been made, both for excluding those infected, and for giving permission for their return to classes. In the current school year, skin infections and infestations with parasites have occurred, but so far the so-called children's diseases have been far less troublesome than in the preceding year, and there has been no considerable epidemic.

Physical examination of the school children and of the students in Foxcroft Academy reveals many remediable defects, some of long standing. Many others, however, have been corrected, a number through the generous efforts of clubs and other public-spirited groups of the town. It is heartening to see gains in weight, glasses on faulty eyes, and other evidences of improved physical condition; my impression is that the school children as a whole are better off than they were a year ago, though much remains to be done, particularly in relation to dental repairs, straightening of teeth and jaws, and corrective posture. Frequently improvement of a child's health depends not so much upon medical measures as upon regulating his life and supplying adequate diet and rest. Here, as well as in follow-up work on cases of communicable disease, the services of a school nurse are of the greatest importance, since often

she can study the individual problem and assist the family in appreciating and providing for the child's particular needs. I hope the time is not too far hence when the town can make this worth-while investment.

I wish to extend my thanks to Mr. Shibles, Mr. Stone, and their staffs, for whole-hearted cooperation in forwarding the school health program.

Respectfully submitted,

RUTH BORING THOMAS, M. D.

PRINCIPAL'S REPORT

To the Joint Committee of Foxcroft Academy:

I hereby submit my ninth annual report as principal of Foxcroft Academy:

The slight increase in enrollment has made even more acute the crowded condition of the building. During the earlier part of the year an attempt to meet the situation was made by excusing from attendance a number of pupils for part of each school day. While this has met the situation in part, it is not an arrangement which should be continued. It is encouraging to note that the trustees have under consideration plans designed to provide more adequate accommodations for the school.

ENROLLMENT

THE FACULTY

Two additions to our faculty have been made. Miss Lillian M. Bean of Oxford, Maine, a graduate of Bates College in 1935, has joined our staff as instructor of history and coach of debate, after two years at Machias

High School. Mr. Raoul J. Bourgoin of Frenchville, a graduate of the University of Maine in 1937, was secured to teach mathematics and coach boys' athletics.

Frank G. Stone, A. M.	Principal
Bessie C. H. Cooper, A.B.	Dean of Girls and English
Ruth V. Belknap, B.S.Ed.	English
Elizabeth R. Eames, A.B.	French and Latin
Dorothy M. Culley, A.B.	Mathematics
Raoul J. Bourgoin, B.S.Ed.	Coach of Boys' Athletics and Mathematics
Clara L. Swan	Coach of Girls' Athletics and Commercial Subjects

Kenneth W. Barker, B.S.	Science
Alfred J. Fortier	Science
Lillian M. Bean, A.B.	History
Gertrude I. Gately, B.S.Ed.	Music
Madelyn C. Ballard	Secretary to Principal

During the past nine years, Foxcroft Academy has been obliged to meet some difficult and trying situations. And yet, under the direction of the Joint Committee, the program has moved forward steadily and continued to make a valuable contribution to the youth of the community. In spite of the obstacles of limited equipment and finances, the challenge to serve our young people in a better and finer way is great, considered in the light of the difficult problems which are theirs to solve.

One of the most important services of the Joint Committee has been the employment from year to year of an adequately trained and effective personnel. This service has involved the employment of thirty-six different teachers over a nine-year period. Of this number nineteen have served the school for but one year, while three have continued on the staff during the entire period.

During this time, the largest number on the faculty was thirteen and smallest nine. The average salary of all full time teachers was highest in 1931-32 when it was \$1620; lowest in 1935-36 when it was \$1347.50; and at present it stands at \$1390. There is not an oversupply of well-trained teachers and in the long run, better salaries will secure better teachers. The minimum salary

at present is \$1000. For this amount, one expects to secure a teacher of experience, of professional training and outlook; but, a really effective teacher, one who adds to his professional equipment by summer training and study cannot for long be kept at this salary. For reasons of this kind, the problem of maintaining an effective faculty for your schools is most difficult and yet most essential.

The curriculum of the secondary school—of Foxcroft Academy is a very serious problem—the question of what shall be taught, and why, and how. A glance at the enrollment figures is suggestive; about 15% in our College group; about 29% in our Commercial group, but actually this should be 15% since the Commercial work is confined largely to the last two years; about 60 to 70% in the English or General curriculum work of the school. In 1929-30 courses were offered for (1) college preparation; (2) general courses; (3) commercial courses; (4) manual arts; (5) home economics; (6) music; and (7) physical education. In 1933-34, manual arts, home economics, physical education were dropped.

In 1933-34 the length of the school day and the class period were increased in order to provide better opportunities for study and teaching. As many changes and improvements in the building as possible have been made. The Alumni Association gave 250 assembly chairs which have been most helpful during the past five years.

Our student body has its largest enrollment this year—276; in 1934-35 it was 223. In the nine years, over 800 different pupils have been in attendance for one or more years; while about 370 have received the Academy diploma.

FINANCIAL

The cost of the service rendered at Foxcroft Academy has seemed reasonable. You will note from the table below that the highest expenditure occurred in 1929-30 which is approximately \$5000 more than the expenditure for the year 1937-38. The lowest expenditure occurred in 1934-35.

Year	Town Approp.	Total Income	Total Expense
1929-30	\$18,400.00	\$24,112.49	\$23,816.24

1930-31	17,600.00	24,416.19	22,498.86
1931-32	15,300.00	23,475.87	22,565.11
1932-33	13,400.00	20,558.44	20,516.97
1933-34	12,900.00	20,072.97	20,067.37
1934-35	14,000.00	18,466.82	17,864.68
1935-36	14,000.00	19,012.08	18,456.21
1936-37	14,000.00	19,099.51	18,730.92
1937-38	14,000.00	18,732.22	18,688.38

It is encouraging to note that the Academy has survived these difficult years in sound financial condition and with a record of satisfactory service. A time seems to be approaching when the Academy may expect to move forward to even better and greater service than in the past.

No institution like Foxcroft Academy can properly function without a high degree of cooperation from many individuals. Parents, pupils, and townspeople in general have been very generous in their help and support of our school. The Board of Trustees has given liberally of its time and energy. The Joint-Committee of the Trustees and School board has given a great deal of time and thought to the management and conduct of the school. The Superintendent of Schools has been very helpful in the solution of many difficult problems. Of this kind of cooperation and support, your faculty is highly appreciative. This more than anything else guarantees the future progress of Foxcroft Academy.

Respectfully submitted,
FRANK G. STONE, Prin.

Piscataquis Nursing Service

To Selectmen and Citizens, Town of Dover-Foxcroft:

Promotion of health and prevention of disease, mentally, physically and socially, the objectives of our community public health nursing organization, have been carried out in your town during the past year as follows:

With emphasis placed upon the health of the school child and the tuberculosis group through education, encouragement and assistance, we began the year's endeavors by assisting Dr. Ruth Thomas, School Physician, with the annual physical examination of grade pupils followed by nurse's inspection of weight, vision and hearing. The audiometer, borrowed from the Maine Public Health Association, was used in the testing of 320 pupils in Grades V through VIII. Of this number 129 failed the first time and at the final analysis showed 31 pupils with a hearing loss of 9% or more. This test was followed by home visits to parents to urge medical attention to these failures in hearing.

The time allotment for March was given to home visits and tuberculosis work.

In April special attention was given to communicable diseases in the schools. During this month the nurse assisted at an Infant and Preschool Conference conducted by the State nurse who supervises the maternal and preschool service as announced in last year's report. This too, was the month of the Early Diagnosis Campaign against tuberculosis and a great amount of literature was distributed, as well as other publicity arranged through the interest of citizens. Time was also found to take a child to the crippled children's clinic in Bangor.

In May two adults were taken to the Central Maine Sanatorium for diagnosis and the pupils at the North Street School were inspected for symptoms of communicable diseases.

The second half of the year was begun by intensive case finding of tuberculosis from deaths recorded over a period of years, tracing of contacts and suspects and home visits to arrange and urge examinations, giving of instruction in the care and prevention of this disease and to assist in any medical or social problem involved. The cases found, have been seen periodically since.

During August considerable service was given to tuberculosis work and the follow up of school children known to be suffering from communicable skin diseases and to medical-social cases referred. Two afternoons were given to the Fair Association for care to emergencies.

In September the tuberculosis service continued. Arrangements were made with the school department for the teaching of a Tuberculosis Prevention Unit in the grammar grades. This is an innovation of educational promise.

October's record shows the schools at South Dover and Norton Hill visited with the usual annual inspection by the nurse, later followed by the School Physician's physical examination and follow up visits. Scarlet fever was detected in the schools and as a precaution against the development of an epidemic, the grade schools were visited each day and each child present was inspected by the nurse. Absentees were checked up by home visits. During the period 3,262 individual inspections were given and approximately 100 visits made to children in the homes.

In November, the nurse was requested to assist the School Physicians with the examination of Academy students. It was felt that a closer tie up between the home and the school in matters pertaining to the health of the child would be beneficial and this has proven to be true.

Dr. Ruth Thomas gave careful attention to the physical condition and hygiene of the girl students while Dr. W. B. S. Thomas gave the same consideration to the boys. There seemed to be indication of a need of postural corrections and inquiries have been made with regard to available resources.

December brought the tuberculosis clinic nurse from the State Bureau of Institutions. The X-ray machine was set up in our office, to which 53 persons came for X-ray of the chest. Of this number 17 were from Dover-Foxcroft and 15 of these were children who were tuberculin reactors, contacts or suspects. The cost of these X-rays was met by the Dover-Foxcroft Graduate Nurses' Guild.

The X-ray examination was closely followed by Dr. Cromwell, Superintendent of the Central Maine Sanatorium, who met patients with family and family physician in consultation regarding X-ray and clinical findings.

Bear Hill and East Dover schools received annual physical examination by the School Physician and East

Dover pupils received annual inspection from the nurse followed by home visits in this section.

Since the beginning of the year 1938, a number of visits have been paid to school rooms for inspection of communicable conditions. These inspections to date have numbered over 300 and there appeared to be necessity of exclusion in several cases of communicable disease and conditions.

We are at the present time planning a program for the coming year which will meet the greatest need and present the following suggestions for your consideration:—

1. Tonsil for all young children as a prevention against diphtheria.
2. Vaccination as a prevention of smallpox.
3. Tuberculin tests of all children who have not been tested.
4. Co-operation of parents in isolation of children suffering with "colds", so often the forerunners of communicable diseases.
5. Strict observance of quarantine and the reporting of communicable diseases.
6. Early medical attention of all symptoms of illness and correction of defects.

It has been a busy year. Throughout the entire period there have been conferences and interviews with interested citizens and co-operation with other agencies. We are indebted to the Percolator Club which each year, sponsors a large number of tonsil operations and who provide many pairs of glasses for children who could not otherwise have corrections.

In closing we wish to express our appreciation of the interest of the people through whose support over the period of years, we have been able to sow the seeds of health knowledge and which enables us to now see the fruits of our labors, in the realization of the objectives of community service.

Respectfully submitted,

PISCATAQUIS NURSING SERVICE,

By Louise B. Nichols, R. N.

Annual Town Warrant

To Charles E. Washburn, or any Constable of the Town
of Dover-Foxcroft in the County of Piscataquis:
GREETING:

In the name of the State of Maine, you are hereby
required to notify and warn the inhabitants of the
Town of Dover-Foxcroft qualified to vote in town affairs,
to assemble at Central Hall in said Town, on Monday
the fourteenth day of March, A. D. 1938, at ten o'clock
in the forenoon, then and there to act upon the following
articles, viz:

ART. 1. To choose a moderator to preside at said
meeting.

ART. 2. To see if the town will vote to ratify the
provisions of Chapter 87 of the Private and Special
Laws of 1907 relative to the adoption of Town Manager
form of government.

ART. 3. To choose a Town Clerk, fix the compensa-
tion and raise and appropriate money therefor.

ART. 4. To choose one or more Selectmen.

ART. 5. To choose one Assessor of Taxes and fill
any vacancy in accordance with the provisions of the
Town by-laws.

ART. 6. To choose one Overseer of the Poor and
fill any vacancy in accordance with provisions of the
Town by-laws.

ART. 7. To choose a Town Treasurer, fix the com-
pensation, and raise and appropriate money therefor.

ART. 8. To choose a Collector of Taxes, fix the
compensation, and raise and appropriate money there-
for.

ART. 9. To choose an Auditor of accounts.

ART. 10. To choose a member of the School Com-
mittee for three years and fill any vacancy in accordance
with the provisions of the Town by-laws.

ART. 11. To see if the town will vote to accept the
report as printed.

ART. 12. To see if the town will vote that the Selectmen act as Road Commissioners.

ART. 13. To choose one or more Constables.

ART. 14. To choose one or more Road Commissioners.

ART. 15. To see what sum the town will vote to raise and appropriate to be expended for a night police officer and the regulation of traffic.

ART. 16. To see if the town will vote to, and elect one member of the Board of Mothers' Aid for three years.

ART. 17. To choose one member of the Board of Trustees of the Mayo Memorial Hospital, for not more than three years.

ART. 18. To choose all other officers to be elected at the annual meeting.

ART. 19. To see if the town will vote to adopt Daylight Saving time, and fix the dates.

ART. 20. To see if the town will vote to fix a time when the taxes shall be due and payable, and whether interest shall be collected thereafter.

ART. 21. To see how much money the town will vote to raise and appropriate for Common Schools.

ART. 22. To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

ART. 23. To see how much money the town will vote to raise and appropriate for Free High Schools.

ART. 24. To see how much money the town will vote to raise and appropriate for textbooks for Common Schools.

ART. 25. To see how much money the town will vote to raise and appropriate for school telephones, lights and water service.

ART. 26. To see how much money the town will vote to raise and appropriate for services of the School Committee.

1500
ART. 27. To see how much money the town will vote to raise and appropriate for repairs on school houses.

ART. 28. To see how much money the town will vote to raise and appropriate for school supplies.

1000
ART. 29. To see how much money the town will vote to raise and appropriate for salary for Superintendent of Schools.

1500
ART. 30. To see if the town will vote to authorize the School Committee to appoint a school physician in accordance with provisions of R. S. Chapter 19, Section 47 and raise and appropriate money therefor.

900
ART. 31. To see how much money the town will vote to raise and appropriate for insurance on school buildings.

3000
ART. 32. To see how much money the town will vote to raise and appropriate for officers' bills and miscellaneous expenses. 1000 to keep

ART. 33. To see if the town will vote to purchase the bonds for the Treasurer and Collector.

200
ART. 34. To see what sum of money the town will vote to raise and appropriate for salaries and expenses of the Board of Health and recording Vital Statistics.

1100
ART. 35. To see what sum of money the town will vote to raise and appropriate for Sewer Maintenance.

ART. 36. To see what sum of money the town will vote to raise and appropriate for Sewer Construction. p. 10.

1000
ART. 37. To see how much money the town will vote to raise and appropriate for construction and repairs of sidewalks.

6365
1500
ART. 38. To see how much money the town will vote to raise and appropriate for general repairs of highways and bridges.

ART. 39. To see how much money the town will vote to raise and appropriate for State Road Patrol.

1000
ART. 40. To see if the town will vote "yes" or "no" on the question of raising and appropriating money

necessary to entitle the town to State Aid in accordance with the provisions of Section 20 of Chapter 28 of the Revised Statutes of 1930.

1194
ART. 41. To see what sum the town will appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 173, Public Laws of 1935.

yes
ART. 42. To see if the town will vote to raise and appropriate the sum of Fifteen Hundred and Twenty-seven dollars (\$1527) for the maintenance of Third Class Roads.

1700
ART. 43. To see what sum of money the town will vote to raise and appropriate to treat the village streets against dust.

500
ART. 44. To see what sum, if any the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads, in excess of the requirements of Section 2, Chapter 132, P. L. 1935.

3240
ART. 45. To see what sum of money the town will vote to raise and appropriate for Street lighting.

ART. 46. To see what sum of money the town will vote to raise and appropriate for the support of Mayo Memorial Hospital. p.p.

000
ART. 47. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

100.
ART. 48. To see if the town will vote to raise and appropriate a sum of money for Memorial Day.

200
ART. 49. To see what sum of money the town will vote to raise and appropriate for band concerts or other music.

ART. 50. To see what sum of money the town will

500. **vote to raise and appropriate for the services of a Public Health Nurse or take any action thereon.**

500. **ART. 51. To see how much money the town will vote to raise and appropriate for the care of cemeteries.**

75. **ART. 52. To see how much money the town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.**

2500. **ART. 53. To see how much money the town will vote to raise and appropriate for the support of the Thompson Free Library.**

500. **ART. 54. To see how much money the town will vote to raise and appropriate for abatements.**

ART. 55. To see what sum of money the town will vote to raise and appropriate for advertising the advantages and attractions of Dover-Foxcroft and Sebec Lake, money to be turned over to the Town Club for same purpose.

ART. 56. To see if the town will vote to raise and appropriate the sum of Three Thousand dollars (\$3,000) to pay on Bond Issue of 1934.

ART. 57. To see if the town will vote to raise and appropriate the sum of Seven Hundred Eighty dollars (\$780) to pay interest on bonds for the ensuing year.

ART. 58. To see if the town will vote to raise and appropriate the sum of Five Thousand dollars (\$5,000) to pay on indebtedness of 1935.

ART. 59. To see if the town will vote to raise and appropriate the sum of Seven Hundred Eighty-five dollars and six cents (\$785.06) to pay interest on indebtedness of 1935.

ART. 60. To see what sum of money the town will vote to raise and appropriate for repairs and alterations to the Dover-Foxcroft town tomb.

ART. 61. To see what sum of money the town will raise and appropriate for a fund for seats in Central Hall.

ART. 62. To see if the town will authorize the Selectmen and Treasurer to make a temporary loan not exceeding \$35,000.00 in anticipation of taxes.

ART. 63. To see if the town will vote to authorize the Selectmen on behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, on such terms as they deem advisable, and to execute quitclaim deeds for such property.

ART. 64. To see if the town will vote to authorize the Treasurer and Collector to refuse payment on all orders given while persons receiving the same are indebted to the town.

ART. 65. To see if the town will vote to authorize the Selectmen to sell the Rock Crusher lot, so-called, on Whittier Street.

ART. 66. To see if the town will vote to discontinue that part of the Gray Hill road so-called, (crossing lots 15, 16, and 17, ranges 7, 8 and 9 in that part of the town formerly Foxcroft) which extends from the Decker place, so-called, to the Guilford Town line.

ART. 67. To see if the town will vote to discontinue that part of the north road to Sebec, so-called (leading from Foxcroft Center to the Sebec Town line) which extends from the residence of John Klimavicz to the Parsons' Landing road.

ART. 68. To see if the town will vote to discontinue that part of the road running northerly between lots 16 and 17, ranges 2, 3, and 4, in that part of the town formerly Foxcroft, which extends northerly from Eben Kimball's camp.

ART. 69. To see if the town will vote to discontinue the road leading southerly between lots 6 and 7 ranges 1 and 2, from the State Highway leading to Milo, to the original Dover Town line.

ART. 70. To see if the town will vote to purchase the land of the heirs of Leter Dow, which abuts the Fair Grounds, and raise and appropriate money therefor.

ART. 71. To see if the town will vote to authorize the Selectmen to locate and install a light on Edes Avenue near the residence of Minnie D. Robinson, and to raise and appropriate an amount therefor.

ART. 72. To see if the town will vote to authorize the Selectmen to locate and install a light on private road to Greenhouse between the residence of Charles Hescock and Main Street, and to raise and appropriate an amount therefor.

ART. 73. To see if the town will vote to authorize the Selectmen to locate and install a light on Court Street between Main and Pleasant, and to raise and appropriate an amount therefor.

ART. 74. To see if the town will vote to authorize the Selectmen to locate and install a light on River Street between residence of Mrs. F. E. Guernsey and Main Street, and to raise and appropriate the amount therefor.

ART. 75. To see if the town will vote to authorize the Selectmen to locate and install a light on Whittier Street between corner of Maple and Mechanic Streets, and to raise and appropriate the amount therefor.

ART. 76. To see if the town will vote to authorize the Selectmen to locate and install a light on Fairview Avenue between Summer and Depot Streets, and to raise and appropriate the amount therefor.

The undersigned, Selectmen of Dover-Foxcroft will be in session at their office in Central Hall building on Monday, the fourteenth day of March, A. D., 1938, at nine o'clock in the forenoon for the purpose of hearing and deciding upon the application of persons claiming the right to have their names entered upon the voting list of said town. Given under our hands at said Dover-Foxcroft this fourth day of March, A. D., 1938.

L. M. SNOW,

GEORGE W. SANFORD,

WALLACE DOW,

Selectmen of Dover-Foxcroft.

Annual Report
of the
Town of
DOVER-FOXCROFT
MAINE

1938

Orthopedic—posture	13
Skin	43
Heart	16
Growth (formerly weight)	25
Corrections of defects noted at last physical examination.	
Vision by glasses	17
Teeth by repair	83
temporary	14
permanent	69
Throat by operation	64

It will be noted that the largest number of defects are those of teeth and we hope that in the near future some way may be found to provide dental care as a clinic or individually. Emphasis was placed on posture this year. In several instances children with extremely poor posture were referred to the Crippled Children's Clinic with the permission of the family physician and in each instance corrective exercises or treatment was advised at clinic. Some of the children were taken to a specialist by the parent.

During November glasses were secured for another child and many conferences with parents were held in regard to defects noted at examination.

In December I assisted Dr. Thomas to examine the girls at the Academy. Much improvement over last year was shown in physical condition. I was sorry not to be able to help Dr. W. B. S. Thomas in his examination of the boys at the Academy but the examination came on days when I was booked for service in other towns. However, it is reasonable to expect that some corrections were made for parents have reported the same.

During December tuberculosis cases were visited and on the 22nd Miss K. Gay, R. N., Clinic Nurse from the State Bureau of Institutions came and at our office 12 school children from Dover-Foxcroft, 1 adult from town, four from Guilford, 1 from Abbot, 1 from Blanchard, 4 from Atkinson were X-rayed. There was so much improvement in chest condition, that when Dr. Cromwell, Supt. of Sanatorium at Fairfield came in January for clinical examination, it was necessary to examine only one of the Dover-Foxcroft group.

On December 29th cooperating with the District

Health Officer and the State Nurses, a clinic for Schick testing was held at the Legion Home. At this time 170 school children were Schick tested as to immunity against diphtheria. Of this number nineteen children who had received Toxoid in 1934 under the auspices of the 40 & 8 Society of the American Legion were tested and a few who had not received Toxoid at all. Dr. C. N. Stanhope read the tests a week later and the very small number who showed need of more Toxoid was extremely gratifying. It is hoped that it will be possible to have these clinics for immunizing until all children have received Toxoid and Schick test.

* * * * *

Although there have been some cases of communicable disease such as chicken pox and whooping cough, the number has not reached the proportions of the previous two years and it has not been necessary to spend much time on these cases.

Vision and hearing tests will be given in the schools. Time allotment has been made in the schedule and unless unforeseen circumstances make it impossible these will be completed by the end of the school year.

Some citizens may be interested in the following analysis of records of patients receiving tuberculosis care or crippled children's service during the past twelve months:

TUBERCULOSIS

Patients who have returned from Sanatorium as arrested cases	3
Patients who have had sanatorium care during the year	2
Suspects or contacts of tuberculosis	14
Hilum tuberculosis (childhood type)	3
Suspected hilum tuberculosis	5
Healed hilum type	2
Other types	1
Suspected pulmonary types who have been reported as negative at X-ray and clinical examinations	5
Deaths from pulmonary tuberculosis	2
Known cases of open tuberculosis	None

ORTHOPEDIC

Twenty-one school children have shown symptoms of crippling conditions. Some of these very slight but

need attention. Of this number five have already been in attendance at the Crippled Children's Clinic in Bangor.

In closing we wish to express our deep appreciation of the cooperation and courtesies shown our organization by

Town Officers

Superintending School Committee

Health Center

Doctors and dentists

Teachers of individual rooms and schools

School Physician

American Legion

Miss Grace Chase

Industries and merchants

Clubs and all organizations

Purchasers of Christmas Seals and Bonds

Mr. J. Koritsky

Purchasers of Memberships in the County Nursing Service

The Piscataquis Observer

Those who have made gifts of money and material

The Farm Bureau

Kiwanis Club

and the many others including

Parents and children

Respectfully submitted,

Piscataquis County Nursing Service.

By Louise B. Nichols, R. N.

TOWN WARRANT

To L. Philip Theriault, or any Constable of the Town of Dover-Foxcroft in the county of Piscataquis:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft qualified to vote in town affairs, to assemble at Central Hall in said Town, on Monday, the thirteenth day of March, A. D. 1939, at ten o'clock in the forenoon, then and there to act upon the following articles, viz:

ART. 1. To choose a moderator to preside at said meeting.

ART. 2. To choose a Town Clerk, fix the compensation and raise and appropriate money therefor.

ART. 3. To see if the town will vote to accept the report as printed.

ART. 4. To choose one or more Selectmen to fill any vacancy in accordance with the provisions of the Town Charter.

ART. 5. To choose one Assessor of taxes and fill any vacancy in accordance with the provisions of the Town Charter.

ART. 6. To choose one Overseer of the Poor and fill any vacancy in accordance with the provisions of the Town Charter.

ART. 7. To choose a Town Treasurer, fix the compensation, and raise and appropriate money therefor.

ART. 8. To choose an Auditor of accounts.

ART. 9. To choose a member of the School Committee for three years and fill any vacancy in accordance with the provisions of the Town Charter.

ART. 10. To see what sum the town will vote to raise and appropriate to be expended for a night police officer and the regulation of traffic.

ART. 11. To see if the town will vote to, and elect one member of the Board of Mothers' Aid for three years.

ART. 12. To choose one member of the Board of Trustees of the Mayo Memorial Hospital, for not more than three years.

ART. 13. To choose all other officers to be elected at the annual meeting.

ART. 14. To see if the town will vote to adopt Day-light Saving time, and fix the dates.

ART. 15. To see if the town will vote to fix the time when the taxes shall be due and payable, and whether interest shall be collected thereafter.

ART. 16. To see how much money the town will vote to raise and appropriate for Common Schools.

ART. 17. To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School Scholars.

ART. 18. To see how much money the town will vote to raise and appropriate for Free High Schools.

ART. 19. To see how much money the town will vote to raise and appropriate for text books for Common Schools.

ART. 20. To see how much money the town will vote to raise and appropriate for services of the School Committee.

ART. 21. To see how much money the town will vote to raise and appropriate for school telephones, lights and water service.

ART. 22. To see how much money the town will vote to raise and appropriate for repairs on school-houses.

ART. 23. To see how much money the town will vote to raise and appropriate for school supplies.

ART. 24. To see how much money the town will vote to raise and appropriate for salary for Superintendent of Schools.

ART. 25. To see if the town will vote to authorize

the School Committee to appoint a school physician in accordance with provisions of R. S. Chapter 19, Section 47 and raise and appropriate money therefor.

ART. 26. To see how much money the town will vote to raise and appropriate for insurance on school buildings.

ART. 27. To see if the town will vote to authorize the School Committee to sell the Brockway Schoolhouse and appropriate the proceeds for school purposes.

ART. 28. To see how much money the town will vote to raise and appropriate for interest on school fund.

ART. 29. To see if the town will vote to authorize the School Committee to purchase land from Perry J. Kinney and others for an addition to the playground for the Pleasant Street school and raise and appropriate money therefor.

ART. 30. To see how much money the town will vote to raise and appropriate for officers' bills and miscellaneous expenses.

ART. 31. To see if the town will vote to purchase the bonds for the Treasurer and Collector.

ART. 32. To see what sum of money the town will vote to raise and appropriate for salaries and expenses of the Board of Health and the recording of Vital Statistics.

ART. 33. To see how much money the town will vote to raise and appropriate for care of Public Dump.

ART. 34. To see what sum of money the town will vote to raise and appropriate for Sewer Maintenance.

ART. 35. To see what sum of money the town will vote to raise and appropriate for Sewer Construction.

ART. 36. To see how much money the town will vote to raise and appropriate for construction and repairs of sidewalks.

ART. 37. To see how much money the town will vote to raise and appropriate for general repairs of highways and bridges.

ART. 38. To see if the town will vote to discontinue the Dundee road, so called, beginning at a point opposite the Will Bragg residence, thence northerly.

ART. 39. To see if the town will vote to accept the following way as a town way, as laid out by the Selectmen. Said way to be three rods wide, the center line thereof to commence at the center line of the easterly terminus of Mayo Street and continuing easterly, same course as Mayo Street two hundred feet.

ART. 40. To see how much money the town will vote to raise and appropriate for the purchase of a Power Grader.

ART. 41. To see if the town will vote to authorize the Assessors to rescind any amount appropriated by the town for purchase of Power Grader in excess to the amounts required to purchase said Power Grader.

ART. 42. To see how much money the town will vote to raise and appropriate for State Aid Road Patrol.

ART. 43. To see what sum the town will raise and appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

ART. 44. To see what sum, if any, the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads, in excess of the requirements of Section 2, Chapter 132, P. L. 1935.

ART. 45. To see how much the town will vote to raise and appropriate for the maintenance of Third Class roads.

ART. 46. To see if the town will vote to raise and appropriate Two Hundred and Ten Dollars (\$210) for the maintenance of Special Resolve roads.

ART. 47. To see if the town will vote to raise and appropriate Five Hundred dollars (\$500) to be spent on Ira Doore road, so-called.

ART. 48. To see what sum of money the town will vote to raise and appropriate to treat the village streets against dust.

ART. 49. To see if the town will vote to discontinue that part of the Weston road, so called, beginning at a point opposite Frank Weston's residence, thence

easterly.

ART. 50. To see if the town will authorize the Moderator to appoint a committee to investigate possible acquisition of bathing beach property, and a right of way to it, at Sebec Lake and to report such possibility at a future Town Meeting.

ART. 51. To see if the town will vote to appoint a committee to make a study and revision of the town by-laws and ordinances, and report its findings and recommendations to a future Town Meeting.

ART. 52. To see what sum of money the town will vote to raise and appropriate for street lighting.

ART. 53. To see if the town will vote to authorize the Mayo Memorial Hospital Board of Trustees to negotiate a loan in the name of the town not to exceed Five Thousand dollars (\$5,000) for the purchase of a new X-ray and its equipment.

ART. 54. To see what sum of money the town will vote to raise and appropriate for the support of Mayo Memorial Hospital.

ART. 55. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

ART. 56. To see if the town will authorize the Selectmen, on behalf of the Town, to sell and dispose of the Town Farm.

ART. 57. To see if the town will vote to raise and appropriate a sum of money for Memorial Day.

ART. 58. To see what sum of money the town will vote to raise and appropriate for monumental care.

ART. 59. To see what sum of money the town will vote to raise and appropriate for band concerts or other music.

ART. 60. To see what sum of money the town will vote to raise and appropriate for the services of a Public Health Nurse or take any action thereon.

ART. 61. To see what sum of money the town will vote to raise and appropriate for the services of a Community Nurse to be guided jointly by the Board of Selectmen and School Committee.

THOMPSON FREE LIBRARY REPORT OF LIBRARIAN

There has been a substantial increase in the circulation of books for 1938, over 1937. The use of the library by the students of the public schools also shows a decided increase, especially in the lower grades. National Book week was observed in November, a large number of new books being issued the Junior readers.

We have had plenty of eggs and chicken as necessary for hospital use at all times.

Hospital Day was observed May 12th. Members of the Nurses' Guild escorted visitors through the hospital.

— During the past year the Percolator Club has sponsored several Tonsil Clinics at which 42 children had their tonsils and adenoids removed.

The many gifts and donations received during the year have been a great help to the hospital and are greatly appreciated, also the time and work given by various women's clubs and organizations for their sewing and making of supplies.

I wish to thank the Board of Trustees, the hospital nursing staff and the doctors for their kind support and co-operation given me since assuming the duties of superintendent of this hospital.

Respectfully submitted,
CLARICE N. LUNDGREN, R. N.
Superintendent.

Helen Pratt	South Dover	15	9	576.00
Harriett N. Ladd	Norton Hill	9	13	576.00
(Substitute)				
SPECIAL TEACHERS:				
Gertrude Gately	Music		3½	1075.00
Madelyn C. Ballard	Secretary		7	200.00
Dr. Ruth Thomas	School Phys.			150.00

It is gratifying to close all accounts for the municipal year with balances. Still more important is the fact that your teachers and boys and girls have been furnished materials to work with which goes to make possible the conducting of an efficient school program. The teaching force is a progressive group. It is their desire that each pupil progress as rapidly as his or her

WPA PROJECTS

Thirty-three men are now employed on projects. These projects have relieved our poor account and in turn have given us much productive work in return. Our projects this year were:

Surfacing High Street

Road construction on Woodbury Hill road

Road construction on Park street

Road construction on East Dover road

Road construction on Steadman's Landing road

Repairs on Central Hall

Road construction on Parsons' Landing road

and general repairs on all streets in town. Our sidewalks were built in cooperation with WPA.

Many repairs and much road construction was accomplished due to these projects which would not have been possible otherwise.

TOWN MANAGER'S REPORT

It has been suggested that your Town Manager give a report of his stewardship covering the past year. This accounting will be general and concise in character and is not only due the Selectmen but more especially is coming to the citizens of Dover-Foxcroft, who, by their vote last spring, expressed their desire for a new form of Government.

As far as possible all comparisons with, or reference to, the past conduct of the town affairs will be avoided and the statements that follow are simply facts as to the standing of the town, comments for which your Town Manager takes full responsibility and plans for the future betterment of the Town of Dover-Foxcroft, some of which are subject to change and open to criticism by anyone.

If the acts of a Board of Selectmen and Town Manager are to be appraised, and they certainly should be, then the proper question is not only how much they spend, but also how and for what it was expended. In short, how much is the tax dollar bringing in terms of public service, convenience and control. This is the only basis for fair appraisal.

TAXES

This year's tax rate was based solely on the amount appropriated by the voters last March and the valuation of property as fixed by the Assessors.

Tax bills were sent out June 1, 1938. This year all taxes were due on presentation of the bill but no discounts were allowed and interest could not be added as a penalty for delinquency. There is, therefore, no financial inducement to pay taxes early, however, there is a reason, beside the moral one, why payment should be made as soon as possible. Early payment will relieve the town of the necessity of borrowing more money in anticipation of taxes which would, of course, overburden the interest account.

ROADS AND BRIDGES

Perhaps the most acute problem which confronts the Municipal Officers is the Highway.

All one has to do is to go off our main traveled roads in the spring and he will fully understand our situation in Dover-Foxcroft. This year every mud hole

and piece of road repaired was done more or less permanently, thinking of the future. We have cut bushes on several roads this year so that the sun can dry the roads in good season next spring.

We have been very fortunate this past year in State Aid, Third Class and Special Resolve construction.

We built 2,750 feet of State Aid road, Woodbury Hill road, as compared with 650 feet in 1937.

We built 2,800 feet of Third Class road as compared with 1,200 feet in 1937. We have completed the Third Class highway to the Atkinson Line on the East Dover road.

We built 1,000 feet of Special Resolve road on Park street this year and surfaced 700 feet incomplected in 1937.

We also built 2,000 feet of rural road on way to Town Farm. Other repairs were made on various roads which are too numerous to mention.

These above mentioned roads were built at no additional expense to the town as compared with 1937.

We have purchased a new G. M. C. 3 cubic yard truck this past year. We felt this large truck was needed because of winter work. Our highway equipment is getting quite old and needs more repairs than when several years younger. We have, however, spent a considerable amount of money this past year to recondition all the equipment.

We are very much in need of a new Power Grader. With this new grader we would be able to ditch and drain most of our crossroads and maintain them in such a way that all roads would be passable twelve months out of every year. This machine is costly but I feel sure that it would pay for itself in three years. The State Highway Commission pays one-half for snow removal on all roads 14 feet wide. We have about 40 miles of road in this town which could be widened to 14 feet with a power grader and we would save considerably on our snow removal by having the State pay half the snow plowing bill whereas, under the present conditions, the town pays the total bill. This power grader would keep our tractors off the highway in the summertime, thereby, giving them a longer life and avoiding replacement in the near future.

This year we tarred High street in addition to

those already tarred. Next year there is no reason why another street cannot be tarred and possibly several more streets. We also plan to tar the East Dover road and turn it over to the State for maintenance, thereby, releasing a considerable amount of maintenance money now expended on this road for use on other roads.

POOR ACCOUNT

The appropriation for the support of the poor is one over which the town officials have little control. Our expenditures are governed by the economic condition of the town.

All those receiving aid from the town and who were employable and who had no place to put in their time profitably to themselves were asked to give this otherwise non-productive time to the town without compensation.

The peak of poor relief expense to the town was reached last April. Since then the cost has been consistently reduced. Some of this, of course, has been due to the resumption of work at the mill. We are very fortunate to have a balance in our poor account as most surrounding towns and cities show an overdraft.

MISCELLANEOUS

We have built approximately 2,000 feet of asphalt sidewalk this year. We fixed several bad places in the business district, namely, from the Banks to Kitchen's and from Ober and Clark's to the J. J. Newberry store which we consider were very narrow and dangerous. We also repaired the sidewalk on North street in front of Central Market and Judkins' grocery stores and on the north side of Main street from the bridge to Lincoln street.

Our sewer systems are getting inadequate to carry the load placed in them. We have had several bad breaks due to back pressure. The sewer running down Summer street should be replaced before long as we have considerable trouble due to this pipe being too small for the present load.

During the past year we have distributed 75,904 pounds of surplus federal food consisting of flour, eggs, fruits, cereals, butter, lard, potatoes, beans, milk and vegetables. Much has been said about two girls in the office. You can readily understand the time it takes to

distribute this food, which in general kept a number of people from calling on the town. Also collection of excise taxes together with the regular town taxes has been transferred to the town office.

In conclusion your Town Manager has enjoyed his work immensely and has become acquainted with a great many of the citizens of Dover-Foxcroft, many of whom have been of great help in his work.

Discussion of the problems facing the town is very desirable and he welcomes constructive criticism. He is anxious to be of utmost service to the town and all its people. His deepest concern is to return to the tax payers, individually and collectively, full measure of value and service for each tax dollar paid into the town. His success in accomplishing this will depend very largely upon the contribution in interest and cooperation he receives from all the citizens of Dover-Foxcroft, and they will benefit by this form of Town Government in direct proportion to what they contribute.

Respectfully submitted,

L. PHILIP THERIAULT.

ability will permit. It has not been the belief of teachers and Superintendent that pupils should skip a grade. In cases where it has been done we cannot say it has proven to be an advantage to the pupil promoted.

The reading programs instituted last year have been advanced through the first and second grades. The grade of work plus the interest shown by pupils and teachers in carrying out the program fully justifies the introduction of these courses.

There still exists too great a change in methods of study between the eighth grade and first year of the Academy. Pupils find it difficult to make adjustments to the longer periods, to accept greater responsibilities and to properly budget their work schedule.

To overcome this condition we are asking pupils in the seventh and eighth grades to prepare at least one lesson at home two or three nights of each week. It is our desire to instill in young people the realization that their school program is their day's work. We ask cooperation of parents and guardians in carrying out this program. Pupils must be taught to accept responsibilities in order that they may develop confidence in themselves.

It is a source of regret that we find so many young children on the streets during the evenings. As a matter of fact in checking the work being done, we find many of these same children are showing unsatisfactory and poor progress in their school work. A child must come to school rested if he is to do his best work.

The adjustment of school work to develop the greatest efficiency is the most difficult task of the school program. Even though changes are made results are not always satisfactory. It is the desire of teachers and those concerned with the schools to give to each child the best program that is possible to provide.

Mrs. Sterling Doak Rice who has always shown a high interest in the boys and girls of Dover-Foxcroft having sponsored the Sterling Doak cup and other awards for the annual spelling contest, has again most graciously presented to our school system a complete set of "Journeys Through Bookland". This set contains the best writings of prose, verse, and literature from the primary grades through the high school. It is prized very highly by both teachers and pupils.

Mrs. Eva C. Mason presented the schools with a victrola which is now being used in the Pleasant Street Sub-primary and is much appreciated by pupils and teacher.

Many pupils are taking a great deal of interest in the art work of the schools. While we have had the course only a few years, many excellent pieces of work have been done.

Mrs. Gladys Patrick, State Helping Teacher for Rural Education, worked with the primary grades several days this winter on a testing program which will be used as a basis for research study on vocabulary building and pre-school reading preparation.

At the close of the school year 1937-38 Mrs. Velma Burgess Smith resigned her position as teacher at Pleasant Street sub-primary. Mrs. Smith was a very successful teacher having fine cooperation of pupils and parents. Miss Mildred Bradford, teacher of East Dover Primary, was elected to the position which she has filled very satisfactorily. Miss Marion Doore a successful teacher at Norton Hill was transferred to the East Dover primary.

During the fall term, Mrs. Stella Ayer substituted at South Dover. Miss Helen Pratt, formerly of this town and a successful teacher with thirteen years experience was hired to fill the vacancy.

Miss Flora Clukey of Lincoln taught part of the fall term at Norton Hill, but due to poor health was forced to resign. The position is now being filled by Mrs. Harriett N. Ladd, substitute teacher.

Among teachers attending schools during the past summer were Miss Gertrude Gately, Juilliard School of Music, New York City; University of Maine, Mrs. Harriett Crockett, Mrs. Doris Hathorn, Miss Louise MacFadyen and Miss Mildred Bradford.

The music program in our schools has again had a most successful year under the supervision of Miss Gately. New music books were furnished the rural schools. Miss Gately's report is given in your town report.

The Academy needs for room were somewhat improved by the Building Committee's program last summer. A larger registration than usual still causes a crowded condition in several rooms.

C. Ford Dyer, Director of Athletics and Mathematics teacher, attended the University of Maine summer sessions. Prin. Stone's report on the Secondary program gives a comprehensive discussion of the work and progress of the Academy.

All children have been given a careful physical examination by the school physician, Dr. Ruth B. Thomas, assisted by the County Nurse, Mrs. Nichols. It should be realized that the examination of several hundred children is of great importance to the health of the boys and girls in our schools. The cost is very small for the services rendered. Mrs. Nichols has again carried out her program of work most efficiently, furnishing the office with very complete records of each child's condition, diseases had, and corrections made.

BOOKS & SUPPLIES

Spelling workbooks are being used in Grade II through VIII. New arithmetics have been purchased for Pleasant St. Grade IV and Grammar Grade VIIIB. Supplementary reading and workbooks for Grades Sub-primary, I, II, and III, also supplementary readers for Grades IV, V, VI. Additional reference books have been put in the library. Two sets of readers have been purchased for Grade VII. Writing compendiums have been bought for all grades.

The amount of supplies being furnished is somewhat above that of many school systems. The work done is made more interesting and greater efficiency obtains when teachers and pupils have proper supplies with which to do their work. As far as possible supplies such as paper, crayons, construction paper, paste, etc. are bought in large quantities in order to take advantage of the low cost purchasing brackets. By this program, the per pupil cost of supplies is not above other systems of our size.

REPAIRS

A visit in your buildings would give you a better idea of their condition than space will allow in my report. Mr. Henry Pearl handles the program under the guidance of the School Committee. All furniture is kept in first class condition. Repairs for the past summer included painting 36 radiators, re-decorating two rooms at Pleasant St. One at North Street. Two

chimneys were re-topped. At North Street, ventilators were reconstructed making an annual reduction of 20c per hundred in insurance rates. The East Dover building was painted inside. Ceilings were painted at Norton Hill and Bear Hill. Weather stripping was used on four rooms at Pleasant St and two at North St. This item alone has improved the heating conditions in several rooms.

FINANCIAL OUTLOOK

As before stated in this report all accounts show substantial balances. The Committee is asking for practically the same appropriations as last year except in the Insurance account. By the purchase of fire extinguishers for all buildings in town and re-arranging the ventilators in the North St. building, insurance rates were decreased which will result in an annual saving of \$110.

The following figures on costs of operating the school bus should be of interest to tax payers.

Amounts paid for municipal year 1938-39

Driver, 36 wks.	\$360.00
Insurance	111.48
Gas, 16c per gal. to municipalities	198.72
Storage at \$8 per month	72.00
One set cross chains	7.50
Repairs, grease & oil	166.30

916.00

Approximately \$150 has been received for use of the bus by Foxcroft Academy, the Boys' Band, and the Town Club. Besides the conveyance for elementary pupils, high school students are carried at no extra expense to parents. The saving to the town amounts to \$1,000 per year over former operation of the Macomber, and Brockway schools plus conveyance teams operated.

Mrs. Harriet N. Ladd who had served as a Committee member for the past seven years, resigned her office last December. Mrs. Ladd has shown a keen interest in the progress of the schools and fully understood their needs. Mrs. Julia Glover was appointed to fill the vacancy and is a citizen who has always been interested in progressive schools.

The School Committee have presented to the Bud-

get Committee a very comprehensive report of the financial set-up of the school system. Copies of this report have been placed in the town library. I would suggest each citizen read this report and become familiar with the financial program of the schools. Also you are urged to visit and observe the daily work within the school rooms.

My seventh year of work in your schools has been even more interesting than the first. The cooperation from citizens, parents, teachers, pupils, and the School Committee has made my work most enjoyable. All working together may never make a perfect school system but it certainly builds a spirit which will go a long way toward improvement and meeting of present day demands.

In closing I wish to thank all for their continued cooperation. Please remember it is my duty to build a better school system each year. It is your duty to keep fully informed regarding your child's progress.

Respectfully submitted,

PERRY F. SHIBLES

Superintendent of Schools.

MUSIC SUPERVISOR'S REPORT

To Perry F. Shibles, Supt. of Schools:

I herewith submit my fifth annual report as Supervisor of Music.

During the past year in our elementary schools we continued stressing light head tones with much individual drill. We have been trying a slightly different method of approach to note reading. Just how much more satisfactory it will prove cannot be determined definitely until next year, when the present first grade will benefit by it. Results so far have been gratifying.

Writing, English, drawing and music were correlated several times during the year. Stories were written and pictures drawn of music to which they listened without knowing the title. Posters were made for the operetta which the elementary schools gave.

The operetta, "Twilight Alley" was given during Music Week. It was very successful. An electric victrola and many records were bought with the proceeds. Another operetta is planned for this spring.

The Grammar School orchestra furnished music for the operetta, the Eighth Grade graduation, and Spelling Contest.

A chorus from the fourth, fifth and sixth grades furnished part of the program for the Spelling Contest.

The children from the primary room in the East Dover school were asked to present a class lesson at the Teachers' Convention in Bangor. They enjoyed the experience immensely.

In the Academy the Glee Club and orchestra furnished music for the various entertainments the school has had such as plays, debates, and spelling contest.

The Glee Club took part in the Eastern Maine Music Festival in Dexter and plans to do so again this year. We hope to have a concert during Music Week to which all the musical organizations in the school will contribute.

Because of the limited space in the Assembly room, it has been necessary to have two chorus groups, one for the Freshman and Sophomores and another for the Juniors and Seniors.

A new piano has been purchased for the Academy through the efforts of the Joint Committee. It will be greatly appreciated especially in conjunction with the

work of the orchestra.

Again I wish to express my sincere thanks for the cooperation and help I have received from the Superintendent, principals, teachers, parents, and children.

Respectfully submitted,

GERTRUDE GATELY,

Music Supervisor.

**REPORT OF THE SCHOOL PHYSICIAN,
DOVER-FOXCROFT, 1938-9**

To the Selectmen and Citizens of Dover-Foxcroft:

The health program of the schools of Dover-Foxcroft has been carried out, during the year from March 1938 to March 1939 in the same manner as has been described in preceding reports. The annual physical examination of all children in the grades and in Foxcroft Academy took place in the fall. As usual, many defects previously noted and still uncorrected were revealed, but there were also many children in whom corrections had been made, and whose improvement physically was encouraging to see. At this time some cases of communicable skin diseases were found, which were excluded until healed. According to a recent re-examination, while signs of infection have reappeared in some of these children, many have remained healed, a tribute to the energy and cooperation of their parents. Other communicable diseases, aside from colds, have so far been infrequent, with no epidemics.

The school physician participated in the diphtheria toxoid clinic in the spring of 1938, and in the follow-up clinic for skin testing, which was held during the Christmas vacation. Although the entire school population did not attend these clinics, as it was hoped they might, the number who came showed a considerable understanding and appreciation of this service.

It is always a source of encouragement and pleasure to see an improvement, however slight, in the general health level of these children, brought about by the work and sacrifices of the parents, by the generous efforts of some public-spirited organizations, and by the steady interest of the school staffs, and by the efforts of the county nurse, who has borne the burden of much of this program.

Respectfully submitted,

RUTH BORING THOMAS, M. D.

PRINCIPAL'S REPORT

To the Joint Committee of Foxcroft Academy:

I hereby submit my tenth annual report as Principal of Foxcroft Academy.

To have served a ten year period as principal of one of Maine's old academies, pioneers in the field of secondary education, has indeed been a great honor and a very rich experience. Such has been my good fortune as the end of the school year 1938-39 approaches.

NEED OF IMPROVED CURRICULUM

As one scans the record of the school in its early years, one notes the fact that there was the expressed hope not only to put within easy reach of the youth of this section of the State those studies of a nature preparatory to advanced study in the colleges but as well studies to give training in the practical arts. With the passage of time the studies at Foxcroft Academy became dominated by those necessary for college preparation, as was true in many schools founded with similar purposes. At times, attempts have been made to build some practical arts courses into the curriculum, but these have given way to the predominating type of academic work. The purpose of the school has seemed to be to prepare for college entrance those few pupils who wished to attend college and to provide cultural and disciplinary training for such other pupils as could master this type of work. For the last three decades commercial and business courses have gradually made a place for themselves in most secondary schools. Today we have a two year business curriculum and a standard college preparatory curriculum. The great need of our school is to develop a more satisfactory curriculum for the great bulk of our pupils not served by either of the above. This curriculum must include such instruction as will make for efficient citizenship in a democracy and will form the foundation for and lead to success in vocational life. Within these broad limits our community must find that type of offering which will best meet the needs of its boys and girls and which is within its means financially. Here is a task calling for real leadership and community cooperation.

COOPERATIVE STUDY OF SECONDARY SCHOOL STANDARDS

Many studies are now available for the use of

those who find themselves confronted with such problems. Foxcroft Academy has been chosen as one of a few schools to take part this year in the final phase of the Cooperative Study of Secondary School Standards, a nationwide survey of secondary schools. On March 13, 14, 15 a committee of prominent Maine educators headed by two field workers of the study, Dr. R. D. Matthews of the University of Pennsylvania and Dr. E. C. Johnston of the University of Michigan, will visit Foxcroft Academy to complete the study of this school. To date the Joint Committee and Faculty have made a study of and agreed upon the objectives of Foxcroft Academy. In the light of these objectives, Foxcroft Academy will be evaluated with respect to its Educational Program, School Staff, School Plant, and School Administration. As a result of such a study, a foundation is possible upon which to plan the betterment of the school.

SUCCESS OF THE SCHOOL

Evidence has come to the school indicating that it is giving excellent preparation for college entrance. Of the few pupils who have been able to continue with college work this year reports have been satisfactory. Similarly the commercial graduates are meeting a high standard of performance. Some pupils earnestly desirous of going to college or of completing our commercial work may require an additional year. This is particularly true when the pupil does not secure a good start in the first year of Academy work. The school is anxious to cooperate to the limit of its ability with the pupil and his parents in obtaining the greatest value possible from his course here.

THE BUILDING

The trustees of the Academy, through a special committee composed of Mr. Everett Downs, Mrs. Sarah Forbes, Mr. Thompson Guernsey, made extensive alterations in the building during the summer vacation resulting in improved corridor conditions, the enlargement of the two laboratory classrooms on the first floor, the provision of an additional classroom of good size and the separate housing of the school library on the second floor. These changes have greatly facilitated the work of carrying on this year compared to last

when, it will be recalled, we were unable to accommodate the entire student body for the full school day. This carried out part of a large plan to add a wing to the building to completely meet the needs of the school. Part of this need has been met this year by the kindness of the town authorities in making Central Hall available to the school for assemblies. The cost of this new work has been paid for out of the endowment funds at a cost exceeding twenty-five hundred dollars. This together with the payment for the new boiler installed two years ago has called heavily upon the Academy's limited reserve funds. Addition of fifty new student desks to the school equipment was part of the program carried out during the summer months.

THE STUDENT BODY

Class	Commercial		English		College		Total		Totals
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	
Freshman	20	31	15	5	8	8	43	44	87
Sophomore	4	18	19	7	4	8	27	33	60
Juniors	3	9	24	19	4	6	31	34	65
Seniors	0	6	24	23	2	6	26	35	61
Postgraduates							2	5	7
	27	64	82	54	18	28	129	151	280

Of the total enrollment of 129 boys about three fourths are being served by the English or General Curriculum. Last year five out of 26 boy graduates received the college diploma and none of the boys received the commercial diploma in contrast to the 10 girls who did. This year two boys will graduate in the college curriculum, none will graduate in the commercial curriculum out of the total of 26 boys who will graduate.

In general, the table gives a concise picture of the finances at Foxcroft Academy during the past decade. Since some of the endowment funds have been spent outside the regular budget, this table does not give a true picture of the full extent to which they have been used. In the year 1934-35, the maintenance expense has been shown in two amounts. The \$5,437.72 represents the expenditure of insurance money to repair damage to the building by fire and is not considered as an ordinary expenditure. Again in 1938-39 the maintenance item has been shown in two amounts; the \$2,586.97 was the amount used from the endowment to finance the new construction in the building which has been previously referred to in this report.

THE FACULTY

Frank G. Stone, A.M.	Principal
Bessie C. H. Cooper, A.B.	Dean of Girls & English
Ruth V. Belknap, B.S.Ed.	English
Elizabeth R. Eames, A.B.	French and Latin
Dorothy M. Culley, A.B.	Mathematics
C. Ford Dyer, B.S.	Mathematics & Athletic Director
Kenneth W. Barker, B.S.	Science
Alfred J. Fortier, B.S.Ed.	Science
Lillian M. Bean, A.B.	History
Mrs. Eva Roberts, (15 wks.)	Commercial Subjects
Charlene M. Weed (22 wks)	Commercial Subjects
Gertrude I. Gately, B.S.Ed.	Music
Madelyn C. Ballard	Secretary to Principal

Miss Clara Swan is on leave of absence from the commercial department to complete work for a college degree at the American International College, Springfield, Massachusetts. Her work was ably carried on by Mrs. Eva H. Roberts, an experienced commercial teacher who had previous teaching experience at Westbrook High School, Houlton High School, and Maine School of Commerce, up to the time of the Christmas Vacation. Since that time the position has been filled by Miss Charlene Weed of Stonington, Maine a graduate of Maine School of Commerce last year from which she comes to us highly recommended. During the summer vacation Miss Lillian Bean made an extended tour of the western and northwestern states and Canada. Miss

Bessie C. H. Cooper will be on leave of absence during the month of March. Mr. Harry Caldwell of Milo will substitute for her. Miss Cooper will complete her sixteenth year of outstanding service at Foxcroft Academy this year, a service which few individuals can render and which is worthy of recognition. Mr. Caldwell comes to us with a rich background of study and teaching in European and Oriental countries and is prepared to make a valuable contribution to our work. Mr. C. Ford Dyer having filled out a substitute period of highly satisfactory service at the Academy last spring, was elected to a full time position this year. Mr. Dyer graduated from Foxcroft Academy in 1926, Bowdoin College in 1930, and last summer attended the University of Maine Summer session.

CONCLUSION

It so happens that the decade 1929-39 has been a most difficult one in all phases of American life and certainly secondary school education has not escaped. This period at Foxcroft Academy has presented its peculiar conditions and problems not unlike those presented to schools generally. It is a source of some satisfaction to know that the school is in good condition and rendering good service to the youth of Dover-Foxcroft. The foundation is here upon which future progress can be built. The successful operation of a secondary school is the result of a high degree of cooperation. I wish to express my sincere appreciation of the cooperation of the faculty, Joint-Committee, Trustees, Superintendent of Schools, pupils, parents and friends of the school for their tireless patience with me and their continued efforts for a better school which have been a constant source of encouragement.

Respectfully submitted,

PRIN. FRANK G. STONE.

PISCATAQUIS COUNTY NURSING SERVICE To the Town Manager, Board of Selectmen and Citizens of Dover-Foxcroft, Maine

Following is a report of public health nursing service given by our organization to your town during the past year.

A more detailed or graphic report might be more

interesting to readers, but in a report of this kind it is only possible to give the highlights.

HEALTH EDUCATION with special attention to the health needs of the school child and those persons who are contacts or suspects of tuberculosis, active or arrested cases of pulmonary tuberculosis as well as other types with assistance as far as possible in the various projects for health protection and prevention of disease has been our primary objective this year.

All calls for prenatal, preschool, or postpartum care have been referred to the State Nurses. Many social welfare calls have been referred to the full time county social worker although it has been necessary for our service to carry such cases as involved medical service as well as social.

In February considerable medical social service was rendered to a patient who was suspicious of pulmonary tuberculosis. During this month three patients were taken to Central Maine Sanatorium at Fairfield for X-ray and clinical examination. During these weeks it was also possible to give some time in assisting the school physician in making physical examinations upon the school children, the examination having been delayed by epidemics in other towns.

In March three more patients were taken to Fairfield for X-ray and clinical examination for evidence of tuberculosis. These were suspicious cases and referred by the family physician. School examinations were completed in this month.

In May cooperating with the District Health Officer and the State Nurses an all-day clinic was held at Legion Home for the purpose of immunizing children against diphtheria. 234 school children received Toxoid at this time. Local physicians gave time and service to this project for which we are very appreciative.

In June the records of school children were searched and a list of all children who showed need of tonsil operations was made up and sent to the Percolator Club for its consideration for operative clinic later on in the summer.

In June and July after the close of schools many home visits were made to tuberculosis cases and crippled children. One new case of tuberculosis was admitted to the records.

In August, three patients were taken to Central Maine Sanatorium for X-ray and clinical examination of chest. Home visits were made to children with whooping cough and glasses were obtained for one child. One afternoon was given to the Summer Round-up conducted for pre-school children by the Parent Teachers Association. These were children that were to enter school in September. One day was given to the Centennial held under the auspices of the Farm Bureau. Seven patients received first aid during the day. One day was given to the Piscataquis Valley Fair Association at the annual fair. A few first aid cases were taken care of that day.

In September, it was possible to accompany a child from Dover-Foxcroft to the Crippled Children's Clinic held in Bangor.

On October, Dr. Ruth Thomas, school physician began the physical examinations in the grade and rural schools. These were extended into the month of November.

I was able to assist at these examinations and discuss the health problems of these children with the doctor. Statistical records were kept and from these notices to parents of defects found and reports to superintendent, room teachers and school physician were made. I am pleased to report that the school physical examination (physician's) is complete for this school year 1938-1939 and the following statistics may be of interest.

GRADE AND RURAL SCHOOLS

Total enrollment at time of examination	668
Total number pupils examined by physician	630
Total number pupils without evidence of defects	133
Defects noted as follows:	

Ear Drums	56
Teeth (total)	305
temporary	128
permanent	165
unclean	65
Throat	109
Glands	106
Nasal	94
Nutrition	44
Posture	150

ART. 62. To see how much money the town will vote to raise and appropriate for the care of cemeteries.

ART. 63. To see how much money the town will vote to raise and appropriate for Boys' and Girls' Agricultural clubs within the town.

ART. 64. To see how much money the town will vote to raise and appropriate for the support of the Thompson Free Library.

ART. 65. To see how much money the town will vote to raise and appropriate for abatements.

ART. 66. To see what sum the town will vote to raise and appropriate for advertising our natural resources, advantages and attractions under the provisions of Chapter 5, Section 82, of the revised Statutes of 1930, said sum to be expended under the direction of the Town Club of Dover-Foxcroft.

ART. 67. To see what sum of money the town will vote to raise and appropriate for advertising our natural resources, advantages and attractions, under the provisions of Chapter 5 Section 82, of the Revised Statutes of 1930, and said sum to be expended under the direction of the State of Maine Publicity Bureau.

ART. 68. To see if the town will vote to raise and appropriate the sum of Three Thousand dollars (\$3,000) to pay on Bond Issue 1934.
